Prospectus for 1875—Eighth Year.

THE ALDINE, THE ART JOURNAL OF AMERICA. ISSUED MONTHLY.

"A Magnificent Conception Wonderfully carried out."

The necessity of a popular medium for the representation of the productions of our great artists has always been recognized, and many attempts have been made to meet the want. The successive failures which so invariably followed each attempt to our country to establish an art journal, and to prove the utility of such a publication, are a sufficient proof of the want of a proper appreciation of the want and an ability to meet it.

The national feature of THE ALDINE must be taken in no narrow sense. It is a strictly American institution. It does not confine itself to the reproduction of native art. Its mission is to cultivate a broad and appreciative art taste, one that will discriminate only on grounds of intrinsic merit.

Thus, while placing a leading characteristic of the productions of the most noted American artists, attention will always be given to specimens from foreign masters, giving subscribers all the pleasure and instruction obtainable from the most valuable sources.

The artistic illustration of American scenery, original with THE ALDINE, is an important feature, and its magnificent plates are of a size more appropriate to the satisfactory treatment of details than can be afforded by any other source.

The judicious and enterprising selection of the most interesting animal subjects, sustain an unabated interest, impossible where the scope of the work confines the artist too closely to a single style of subject.

The literature of THE ALDINE is worthy of the artistic and graceful accompaniment. Doctrines of a technical nature, which only such technical disquisitions do not interfere with the popular interest of the work.

PREMIUM FOR 1875.

Every subscriber for 1875 will receive a beautiful portrait, in oil colors, of the same noble dog whose picture in a former issue attracted so much attention.

MAN'S UNSELFISH FRIEND

will be welcome in every home. Everybody loves such a dog, and the portrait is executed so true to life, that it seems the veritable presence of the animal itself.

The ALDINE is constituted a member, and entitled to all the privileges of

THE ALDINE ART UNION.

The Union owns the originals of all THE ALDINE pictures, which will be distributed among the members. The entire series of 5,000 subscribers, 100 different pieces, valued at over \$2,500 are distributed as soon as the series is full, and the awards of each series as made are to be published in this next succeeding issue of THE ALDINE.

TERMS. One Subscription, entitling to THE ALDINE one year, the Chromo and the Art Union, \$6.00 PER ANNUM IN ADVANCE. (No charge for postage.)

Ayer's Sarsaparilla, FOR PURIFYING THE BLOOD.

The reputation of this excellent medicine enjoys, is derived from its cures, many of which are truly marvellous. It is a cure for Scrofulous disease, where the system seemed saturated with corruption, have been purified and cured by it.

Scrofulous disease is one of the most destructive enemies of our race. Often, this unseen and unfelt poison of the system, determines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence.

Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develops into one of its hideous forms, either on the surface or among the vitals. In the former cases, it may suddenly deposit, in the form of a chancre, or tumor, or other eruptions, or in the form of a sore throat, or other eruptions, or in the form of a sore throat, or other eruptions, or in the form of a sore throat, or other eruptions.

Persons afflicted with the following complaints generally find immediate relief, and at length cure, by the use of this Sarsaparilla: It is a cure for Scrofulous disease, where the system seemed saturated with corruption, have been purified and cured by it.

PROSPECTUS OF "THE LIBERAL," TORONTO.

Messrs JOHN CAMERON & CO., Publishers, of the "LONDON ADVERTISER," having the capital and credit of the Province, arrangements are now being made for the carrying out of the project. It was not their intention to carry the name which had served them so well in London to Toronto, issuing a Daily under the name of "THE DAILY ADVERTISER," and a weekly prospectus was issued to the effect of Legal difficulties, however, having been thrown in the way of their using the name, they have decided to issue a journal, under the name of "THE LIBERAL," which shall be published by Messrs JOHN CAMERON & CO., having decided to enter into litigation over a disputed point of law, to keep the name of "THE LIBERAL, TORONTO."

THE LIBERAL, TORONTO.

Their publications will then consist of the following journals: THE LIBERAL, published daily in Toronto; THE DAILY ADVERTISER, published at London; THE WEEKLY LIBERAL and WESTERN ADVERTISER, issued at Toronto and London.

The LIBERAL will commence its career as a 32-column journal, well printed, good paper, and will be enlarged as rapidly as advertising patronage and other additional demands on our space. The Parliamentary Reports will be well condensed and intelligibly reported. To that end the services of able and experienced newspaper men have been secured. The Publishers believe the public will appreciate a journal of a high order of quality rather than quantity. The editorial corps includes several of the ablest contributors in Canada, and the public may expect the most interesting and important position in the front rank of Canadian journals.

The first issue of THE LIBERAL will make its appearance about the 20th of January.

It is the expectation of the publishers of the "LONDON ADVERTISER," with the additional help of the "LIBERAL," to be at once introduced to make that paper one of the best informed journals in the Province, outside of Toronto.

The circulation of our eight-page weekly, now over 14,000 copies, will present to the business men of Toronto, London and Ontario generally, the most widely-spread medium of communication—never exceeded in the Province, and it is believed that within a limited time it will be the circulation of the paper will be at least 20,000 copies. It will be the aim of the publishers to make it the best weekly in Canada. THE LIBERAL will be published in an issue, as announced by Mr. W. F. 1875, a first-class Agriculturalist of the Canada Department, and

Finally the publishers have no new departure in the "LONDON ADVERTISER," which they will, in the future as in the past, be steadily and progressively Liberal in their views and utterances, and continue to extend cordial support to the Administrations respectively of Mr. Mackenzie and Mr. Morait.

THE LIBERAL will be issued daily from the office of Yonge Street, cost about 10 cents per copy, or \$1.00 per year prepaid. Single copies 2 cents. The subscription price of THE LIBERAL and WESTERN ADVERTISER is \$1.50 per annum, payable strictly in advance.
