**CITY AND ELSEWHERE.**

A report of the interesting philosophical disputation at St. Boniface College last Monday evening is crowded out and held over till next week.

Dr. J. K. Barrett, Grand Deputy of the C. M. B. A. of Canada, under past Grand President O. K. Fraser, has just received his commission to the same high office under the handseal of the Hon. M. Hackett, of Quebec, the present Grand President.

We regret to hear of the untimely demise of Mr. Louis Jutras, a young ecclesiastic of the Nicolet Seminary, P. Q., and a brother of the Rev. Father Jutras, parish-priest of Letellier, Man. Young Louis had spent a few months in the Parish of the Immaculate Conception. During his stay there he had proved himself a valuable acquisition to the choir of the Church; and by his kindness to all he had made many friends and acquaintances, particularly in the family of our Manager, Mr. P. Klunkhammer, where young Jutras was a boarder for the time of his stay in Winnipeg. We regret that details have not as yet reached us regarding the sad demise of Mr. Louis Jutras, which occurred on the 28th ult. The Review extends its sympathy to the Rev. Father Jutras and all the relatives of the deceased. Friends will not fail to pray for his soul. R. I. P.

**Dr. and Mrs. Lanthier.**

Doctor G. Lanthier and Mrs. Lanthier are leaving to-day for Montreal. The Doctor has been practising here for about ten years. We are sorry to see him going as it would have been our wish to see him with us for many years more. The Doctor is leaving on account of ill-health, we trust that he will recover rapidly by changing climate. Both the Doctor and Mrs. Lanthier are leaving many friends in Manitoba. Mrs. Lanthier will be long remembered for the great services she has rendered to our institutions of Charity and as a leader of our bazaars. We wish the Doctor and Mrs. Lanthier a happy journey and we hope to see them back soon among us. A SUBSCRIBER.

St. Jean-Baptiste, 25th November 1896.

Branch No. 52, of the C. M. B. A., hold a regular meeting in Unity Hall this evening.

Interest in the municipal election is increasing as nomination day draws near. The fight for the mayoralty promises to be a warm one, with the chances in favor of Mr. E. F. Hutchings. His friends should make an earnest effort to ensure his success, for there is no doubt that amongst all the candidates at present named he is by great odds the one who should be elected.

Hon. Clifford Sifton, the new minister of the Interior, visited the St. Boniface Industrial School on Tuesday afternoon. He was received at the building by Rev. Father George, O. M. I., on behalf of His Grace the Archbishop, Rev. Father Dorias, superintendent; Mr. Forget, Mr. McColl and Mr. McColl, of the Indian Department. The pupils presented their visitors with an address, and sang and recited several pieces, and the minister made a very pleasing speech in reply, expressing the pleasure he felt at all he had seen and heard and speaking of the interest he felt in such institutions.

St. Mary's Bazaar was brought to a close on Tuesday evening. It proved to be a most successful affair, and the net result will be the addition of a substantial sum to the building fund of the church. An immense crowd attended each night this week, and towards the close great excitement prevailed over the voting contests. The contest between Mrs. Vassar and Miss Killeen resulted in a victory for the former lady, who received 6,111 votes to 4,784 cast for her opponent. The voting for the most popular citizen was very close, and was in doubt until the very last moment, Mr. Ewart, Q. C., winning by only three, receiving 1,842 votes to 1,839 given for

the Hon. Hugh John Macdonald. The Review congratulates the clergy and people of St. Mary's on the success they have achieved.

**IN THE SHADOW OF DEATH**

THE CONDITION OF MANY YOUNG GIRLS IN CANADA.

Pale Faces and Bloodless Lips—Given to Headaches—Extreme Weakness, Heart Palpitation and Other Distressing Symptoms—The Means of Cure Readily at Hand.

From the Learnington Post.

The attention of the Post has lately been frequently called to a remarkable cure in the case of a young girl living within a few miles of this town, whose life was despaired of, but who was completely cured in a short space of time by the most wonderful of all remedies—Dr. Williams' Pink Pills. Since reading in almost every issue of the Post of the cures effected by the use of this medicine, we felt it to be a duty we owed to investigate this case which has so earnestly been brought to our notice, and we are sure the interview will be read with interest by the thousands of young

girls all over Canada, as well as by the parents of such interesting patients. The young lady in question is not anxious for notoriety, but is willing to make her case known in order that others who are similarly affected may have an opportunity of being equally benefited. The symptoms in her disease differed in no way from those affecting thousands of young girls about her age. She was suffering from extreme weakness, caused by an impoverished condition of the blood, and her chances of life seemed to grow less every day. The best and brightest faded away as well as others, but when we see a young girl of 16 years who should be in the best of health, with cheeks aglow with the rosy flush of youth, and eyes bright and flashing, just the opposite, with sallow cheeks, bloodless lips, listless in every motion, despondent, despairing of life, with no expectation or hope of regaining health, and with only one wish left, that of complete rest physical and mental, we think it one of the saddest of sights.

In the quiet little hamlet of Strangfield, in Essex county, just such a case was presented to the sorrowing eyes of loving friends a few months ago in the person of Miss Ella Beacon, who frequently said she did not care how soon she died, as life had no charms for her. To our reporter she declared that life had been a burden, but after suffering in this way for months, and after trying all sorts of remedies prescribed by physicians or furnished by friends from some cherished receipt handed down from their grandmother, but without being benefited in the least, she was at last persuaded by a neighbor to give Dr. Williams' Pink Pills a fair trial; but she had tried so many remedies without getting relief that she still refused for some weeks. However, after repeated urgings by her parents and friends she began the use of the pills. Before one box was taken she experienced some relief, and after the use of a few more boxes she was restored to perfect health, and there are few young girls now who enjoy life more. She says she owes her life and happiness to Dr. Williams' Pink Pills, and is willing that all the world shall know it. Her case attracted much attention and her perfect recovery has created much comment.

The facts above related are important to parents, as there are many young girls just budding into womanhood whose condition is, to say the least, more critical than their parents imagine. Their complexion is pale and waxy in appearance, troubled with heart palpitation, headaches, shortness of breath on the slightest exercise, faintness and other distressing symptoms which invariably lead to a premature grave unless prompt steps are taken to bring about a natural condition of health. In this emergency no remedy yet discovered can supply the place of Dr. Williams' Pink Pills, which build anew the blood, strengthen the nerves, and restore the glow of health to pale and sallow cheeks. They are a certain cure for all troubles peculiar to the female system, young or old. Pink Pills also cure such diseases as rheumatism, neuralgia, partial paralysis, locomotor ataxia, St. Vitus' dance, nervous headache, nervous prostration, the after effects of la grippe, influenza and severe colds, diseases depending on humors in the blood, such as scrofula, chronic erysipelas, etc. In the case of men they effect a radical cure in all diseases arising from mental worry, overwork or excesses of any nature.

DEAR SIR,  
Your Dr. Morse's Indian Root Pills are the best selling pills in the market. This is a fact. I speak with knowledge on the subject, as I have been dealing in various kinds of pills, and sell more of Morse's than any other.  
If any one does not believe this I ask him to write any of my customers about it, or better still, I ask him to try a box and see if he will then use any other. I hope I may always have them. Yours gratefully,  
H. M. G. BARRY.
