Use O-Cedar Polish

The O-Cedar Polish Way

If you would have hygienically clean furniture and have it as sparkling bright and pretty as the day it was new, use O-Cedar Polish this way: Wet a piece of cheese cloth in water, wring it almost dry; then pour on as much O-Cedar Polish as the cloth contains water. Go over the surface to be cleaned, and Polish with a dry cloth. You will have a high, hard, dry lustre.

Get a 25c bottle of O-Cedar Polish, try it this way and if you are not delighted with the result, your dealer will refund your money.

O-Cedar Polish used the O-Cedar Polish way, mixes freely with water. It is more economical because you use half O-Cedar and half water.

For sale at all dealers, 25c to \$3.00 sizes.

Once you've used an O-Cedar Polish Mop, and O-Cedar Polish, the O-Cedar Polish way, you'll wonder how you ever managed to keep house without them. Don't be another day without O-Cedar. Your dealer has it.
