DECLARATIONS 3) 4)

Declarations of chemical weapons production facilities and
plans for their elimination

1. (An undertaking by States Parties) to submit to the-
Consultative Committee, not later than 30 days after the
Convention enters into force for it, declarations stating

(a) whether it possesses or does not possess any chemical
weapons production facilities on its territory or
elsewhere under its jurisdiction or control,

(b) whether it has on its territory any chemical weapons
production facilities under the jurisdiction or control of
anyone else,

(c) whether it has transferred equipment or technical
documentation⁵⁾ relevant for production of chemical
weapons since ... or has received such equipment or
documentation⁵⁾ since that date.⁶⁾

1) The text of this Article and its Annex is in an early
stage of negotiations.

2) In accordance with definitions still to be worked out in
the context of Article II. It is understood that the
definition will encompass also filling facilities.

3) The provisions on Declarations (+ relevant part of
Annex V) will presumably be moved to Article III and its
Annex, once they have been further negotiated.

4) Some delegations stressed that overall declarations should
encompass not only production facilities with a production
for chemical weapons purposes but also other facilities
producing chemicals which can be used for chemical weapons
purposes. It is understood that for the time being the
paragraphs under the heading "Declarations of chemical
weapons production facilities and plans for their
elimination" refers only to production facilities with a
production for chemical weapons purposes. A separate heading
"Declarations of other facilities producing chemicals which
can be used for chemical weapons purposes" has been inserted
to indicate that the question of declaration of such
facilities will need to be worked on.

5) The view was expressed that technical documentation should
not be included.

6) The view was expressed that past transfers should not be
included in the Convention.
