

2. For each chemical in Schedule 1 produced, consumed or stored at the facility, the following information:
 - (i) the chemical name, structural formula and Chemical Abstracts Service Registry Number (if assigned);
 - (ii) the quantity anticipated to be produced and the purpose of the production.
3. Information on any anticipated changes at the facility during the year compared to previously submitted detailed technical descriptions of the facility including inventories of equipment and detailed diagrams.

II. Verification

1. The aim of verification activities at the facility shall be to verify that the quantities of Schedule 1 chemicals produced are correctly declared and, in particular, that their aggregate amount does not exceed one metric tonne.
2. The single small-scale facility shall be subject to systematic international on-site verification, through on-site inspection and monitoring with on-site instruments.
3. The number, intensity, duration, timing and mode of inspections for a particular facility shall be based on the risk to the objectives of the Convention posed by the relevant chemicals, the characteristics of the facility and the nature of the activities carried out there. The guidelines to be used shall include: (to be developed).
4. Each facility shall receive an initial visit from international inspectors promptly after the facility is declared. The purpose of the initial visit shall be to verify information provided concerning the facility, including verification that the reaction vessels are not designed for continuous operation and that they do not have a volume in excess of [1] [10] [100] litres. The purpose of the initial visit shall also be to obtain any additional information needed for planning future verification activities at the facility, including inspection visits and use of on-site instruments.
5. Each State Party possessing or planning to possess a facility shall execute an agreement, based on a model agreement, with the Organization, before the facility begins operation or is used, covering detailed inspection procedures for the facility. Each agreement shall include: (to be developed). ^{1/}

^{1/} The view was expressed that pending conclusion of the agreement between a State Party and the Organization there would be a need for provisional inspection procedures to be formulated.
