

Creating a World Class Public Service through Better HR Management

Dear Colleagues,

The Public Service Modernization Act (PSMA) came into effect in its entirety in 2005. This kit was developed for our employees, and includes a guide and a video. In the video, we provide you with an in depth explanation of the Public Service Employment Act (the PSEA), a component of the Public Service Modernization Act (PSMA).

This legislation is changing how we conduct HR business. During this session, we will cover all aspects of the Act, including the process on informal discussions, staffing notifications and recourse mechanisms.

This kit will enable us to work together to improve our HR activities and foster greater collaboration. Thank you.

Gisèle Samson-Verreault
