Toronto, Ont.

Dear Dr. Grant:-

I have your letter of March 11th and once more give you the assurance that I shall be glad to co-operate with any committee you succeed in getting together in Montreal.

I have not spoken to Mr. Beatty since my conversation with him over the 'phone, but I am quite sure from what he said to me then that he is willing to associate himself with the splendid work in which your Council is engaged.

By the way he spells his name "Beatty" not "Beattie."

Yours faithfully,

Principal.
