

# Scott's Emulsion

is Cod-liver Oil emulsified, or made easy of digestion and assimilation. To this is added the Hypophosphites of Lime and Soda, which aid in the digestion of the Oil and increase materially the potency of both. It is a remarkable flesh-producer. Emaciated, anæmic and consumptive persons gain flesh upon it very rapidly. The combination is a most happy one.

Physicians recognize its superior merit in all conditions of wasting. It has had the endorsement of the medical profession for 20 years.
