#### **GENERAL PROVISIONS**

The Provincial and State laws generally prohibit possession or sale or transportation in the close season for game or fish, except that after the open season closes a short time is allowed in some states and provinces, but in many export is illegal at any time.

Netting game fish or catching or killing them by drugs, explosives, etc., or by any other means than hook and line is forbidden.

Insectivorous and song birds, and nests and eggs of all birds, except birds of prey, are protected at all times.

Netting or snaring game birds, or killing by any other mode than shooting is illegal.

Night shooting is generally prohibited.

Streams or lakes leased to individuals or clubs cannot be fished by the public.

The following condensations of the Game Laws, etc., have been carefully revised, and made as correct as possible up to the date of the issue of this pamphlet. Owing to the fact that the Game Laws are frequently changed, absolute accuracy is not guaranteed.
