EIGHTH RACE—1-16 miles, three-year-olds and up:

Sen. Broderick.....103 Handfull.....113

MORE ACCOMMODATION FOR COMMERCIAL SCHOOL

More accommodation at the Commercial High School was applied for by Prin. Eldon, at the meeting of the advisory commencement committee of the board of education, yesterday afternoon. Principal Eldon reported an attendance of over 800 students, with a certainty of 200 additional before the addition of the building could be completed. He explained that owing to the war, only a portion of the plans for the Commercial High School was built.

E. V. Knowlton, who was overseas in the C. E. F., was reinstated as secretary of the Commercial High School.

C. J. Doughty, inspector of heating and plumbing, reported that the use of soft coal had rendered necessary the immediate installation of an air compressor to keep the boilers clear of soot, and to maintain the efficiency of the heating plant. The expense will be \$650 for material and day labor, the plan to be put in by the building department, without the employment of any outsider as superintendent of the work.

Prin. Eldon announced that Hon. H. J. Gody would be the speaker at the prize day ceremonies on Friday evening, Dec. 13.

*Apprentice allowance claimed. Weather clear; track heavy.

AT NEW ORLEANS.

New Orleans, Nov. 29.—The entries for Saturday are as follows:

FIRST RACE—Claiming, two-year-olds, 5 1/2 furlongs:

Verity.....98 Doveridge.....98
Geo. Mushkin.....109 Sal George.....113
Frank Shannon.....115 Bessie Hellet.....103
No Manager.....112 Thurst.....104
Howard Bland.....109 Konward.....109
Roy Oakwood.....100 Camba.....105
King Dove.....106 Jay Thumel.....109

THIRD RACE—Claiming, three-year-olds and up, 5 1/2 furlongs:

Christine.....109 Girl.....108
Bars and Stars.....103 Nepe.....108
Margaret N.....106 General.....112
FOURTH RACE—Claiming, three-year-olds and up, 5 1/2 furlongs:

Breezy.....100 Petelus.....107
No Manager.....112 Thurst.....104
Ellison.....108 Harwood.....112
SIXTH RACE—Claiming, three-year-olds and up, one mile and twenty yards:

Duke of Shelby.....100 Lucile P.....107
Little Cottage.....108 Say.....110
Wadsworth Last.....10 Keziah.....107

*Apprentice allowance claimed. Weather, wet; track muddy.

Part of Aquitania's Passengers Are Now on Their Way West

Halifax, N.S., Nov. 29.—Three trains, two laden with C.E.F. officers and men, and one a civilian special, left here last night for Montreal and points west with some of the passengers arriving at this port yesterday on the Aquitania from England. There have been some delay, but military transport officers expect to have all the men on their way by tomorrow morning at the latest.

U. S. INTEREST IN ONTARIO MINING

Enquiries respecting agricultural and mining lands received at Hon. G. Howard Ferguson's department at the parliament buildings have doubled since the coming of the armistice. Most of them are from residents of the United States. About a fourth of the enquiries are in respect to the mining lands in Ontario, which are regarded as indicating an increasing appreciation in the United States of the importance of the Northern Ontario gold and silver mine fields.

DEATH OF TORONTO'S OLDEST MUSIC TEACHER

Alfred Poyntz Perrin, for 38 years teacher of music in the Toronto public schools, died yesterday afternoon at his home in Queen's Court Apartments, Jarvis street, aged 81.

Mr. Perrin had been ailing for two weeks prior to his death, but in spite of sickness continued his profession as music teacher almost to the end.

Possibly no one has been more closely identified with the growth of Toronto than the deceased. Born in 1837, he came to Toronto in 1849 and has seen it grow from a town to its present size as a city. He was for 15 years organist of St. Peter's and for a short time at Little Trinity, but gave up his career as organist to devote his entire time to the public schools.

He had fine literary tastes, was a frequent contributor of verse to Canadian and American weeklies, and also author of a Christmas carol contained in the Canadian Church of England hymn book. His principal hobby was meteorology, at which science he was an expert. He was a man of extremely simple tastes, was a dignified and retiring gentleman greatly respected by all his pupils and associates in the public schools, and his death is deeply regretted by scores of intimate friends.

Mr. Perrin is survived by his widow, who was Kate M. Holland, and by a daughter, Mrs. J. Sterling Dean, of this city. Mr. Perrin has four brothers in New York City and one in Central America in government work. Mr. Perrin's only sister was Mrs. Shivers Birchall, who predeceased him in this city 14 years ago.

The funeral will take place on Monday afternoon at St. James' Church from the residence of his son-in-law, E. Sterling Dean, 22 Mackenzie avenue.

\$10,000 FIRE AT APPLEFORD BUILDING

Fire of unknown origin broke out in the Appleford Counter Checkbook Building last night and before firemen could get the flames under control had caused a loss of \$10,000. The building is occupied by the Appleford Checkbook Co., makers of books and waxed paper; York Press, general printers, and R. Allender Co., Limited, manufacturers of linoleum.

According to the manager of the Appleford Co., H. R. Cope, the fire was discovered by Lou Dean, fireman in the building, who notified and an alarm was rung in from Box 59 at 5:15 p.m. When the firemen arrived the flames were shooting out of the back windows for a distance of 25 feet, the fire evidently having started in the elevator shaft, and made its way up to the top of the building. The fire was covered by insurance, and no other buildings in the vicinity were touched by the flames.

Transfer R.A.F. Buildings At Toronto to Militia Control

Taking over of the 64 Royal Air Force buildings at Camp Borden by the department of militia and defence was officially announced at the offices of the imperial munitions board yesterday afternoon. The understanding is that the government will transfer the buildings to the militia, which could be made to accommodate 5000 soldiers, for C.E.F. demobilization purposes, probably as hospitals for returned troops who are wounded or sick. It is stated that a verbal agreement for the transfer of the buildings to the militia department was made by the munitions board yesterday morning.

CHILD CUT TO PIECES.

Leonard Moss, age 7, living at 227 Niagara street, was instantly killed last night at the foot of Bathurst street, where he had been picking coal from the railway tracks. According to the police the lad was stooping under a freight car to pick up some of the loose lumps of coal when a G.T.R. shunting engine in charge of Engineer W. Knight and Conductor E. Maxwell backed up on the car and cut the boy to pieces. The body was removed to the morgue, where an inquest will be opened this evening.

LIEUT. FARQUHARSON SAFE.

Lieut. R. J. Farquharson, R.A.F., reported missing in France since Oct. 14, is now reported to be located at Karlsruhe, Germany, as a prisoner of war. He is the only son of R. A. Farquharson, East Bloor street, Toronto.

SALARY OF TORONTO'S MAYOR.

Several correspondents are informed that Toronto's mayor draws a salary of \$7500 a year—\$5000 as mayor of the city and \$2500 as chairman of the board of control. He receives no pay for the other public offices he holds.

Grand Review at Peking To Celebrate Allied Victory

Peking, Nov. 29.—The celebrations of the victory over Germany opened here yesterday with a review of the Chinese and allied troops by President Hsu Shih Chang. The huge square in front of the throne room was filled with two regiments of Chinese soldiers and picked troops from the allied contingents, presenting a magnificent spectacle. The centre of the square was occupied by an American machine band, flanked by three British soldiers and three Cossacks carrying their respective flags. Behind were French and Ananite troops, facing Japanese and Italian detachments.

DEATH OF BRAMPTON WOMAN.

Brampton, Nov. 29.—After an illness of three days, Jennie Cheyne, widow of the late T. E. Armstrong of Derry West, died at her home today, a victim to the after results of the flu. Mrs. Armstrong was a daughter of the late George Cheyne, a well-known resident of Chingquay.

WANT BIGGER APPROPRIATION.

Brantford, Nov. 29.—At a meeting of the police commission this afternoon it was decided to apply to the city for a further appropriation of \$2100 for current expenses. A war bonus was voted to Chief Slemin, and it was decided to take out membership in the local Y. M. C. A. for all members of the force.

MEMBERS OF THE STORES DEPT. ROYAL AIR FORCE, HELD IN ENJOYABLE DANCE AT THEIR QUARTERS.

The dance was held at the quarters of the stores depot, Royal Air Force, held in enjoyable dance at their quarters, Brantford, Nov. 29. The members and their friends.

JUDGE COATSWORTH APPOINTED

Ottawa, Nov. 29.—The minister of labor has appointed Judge Coatsworth of Toronto as chairman of the board of conciliation which will investigate the dispute between the patternmakers of that city and their employers. Jas. J. Aerick will represent the employers in the investigation, and Fred Bancroft the employees. About a dozen firms are involved in the dispute.

CARRIED CONCEALED WEAPONS.

Galt, Nov. 29.—Wanted by the police of Woodstock on a charge of carrying concealed weapons, Wm. Potter, age 29, was apprehended here by Chief Gorman and has been taken to Woodstock. Following the arrest the police searched a room over and the box was carrying a revolver and five boxes of cartridges.

Are Weak Nerves and Lack of Physical Strength Holding You Back in Life?

You Must Have Plenty of Iron in Your Blood if You Want the Power and Energy to Win, Says Physician

When the crushing grip of worry, trials and care snags your vitality and keeps you from the full enjoyment of home, social and business life—take Nuxated Iron and watch its strength-giving, up-building effect—it will build up your strength and energy, which come from having plenty of iron in the blood. That irritable twitch, that fit of despondency, that dizzy, fearful feeling—these are the signs of a blood which is clamoring for strength-giving iron—more iron to restore the health by enriching the blood and creating thousands of new red blood cells.

THOUSANDS are held back in life for want of sufficient iron in the blood," says Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital, in commenting on the relation of strong nerves and physical endurance to the attainment of success and power.

A weak body means a weakened brain; weak nerve force means weakened will power, and like the race horse beaten by a dose, many a capable man or woman fails just short of winning because they don't back up their mentality with the physical strength and energy which come from having plenty of iron in the blood. That irritable twitch, that fit of despondency, that dizzy, fearful feeling—these are the signs of a blood which is clamoring for strength-giving iron—more iron to restore the health by enriching the blood and creating thousands of new red blood cells.

In my opinion the greatest cause to the health and strength of American people of this is the alarming deficiency of iron in the blood. Iron is absolutely essential to enable your blood to transform the food you eat into muscular tissue and brain. It is through iron in the red coloring matter of the blood that life-sustaining oxygen enters the body. Without iron there is no blood, no vitality and endurance to combat obstacles or withstand severe strain. Lack of sufficient iron in the blood has ruined many a man's nerve and utterly robbed him of that virile force and stamina which were necessary to success and power in every walk of life.

Therefore, I strongly advise those who feel the need of a strength and blood builder to get a physician's prescription for Nuxated Iron—Nuxated Iron—if you don't want to go to this trouble, then purchase only Nuxated Iron products and see that this particular name (Nuxated Iron) appears on the package. If you have taken other iron products and failed to get results, remember that such preparations are an entirely different thing from Nuxated Iron, which has been used and strongly endorsed by many physicians formerly connected with well-known Hospitals, the Hon. Little M. C. Sullivan, formerly President of the National Association of Physicians, and the Hon. J. F. Sullivan, formerly President of the National Association of Physicians.

In regard to the value of Nuxated Iron, former Health Commissioner of Chicago, William H. Kerr, said: "As Health Commissioner of the City of Chicago, I was impressed many times to recommend different medicines, natural waters, etc. I never found I have gone on record as favoring any particular remedy. But in the case of Nuxated Iron, I feel an exception should be made to the rule. From my own experience and that of others, I feel that it is such a valuable remedy that it ought to be used in every hospital and prescribed by every physician in this country, and if my endorsement shall induce anyone to take Nuxated Iron, and receive the wonderful tonic benefits which I have received, I shall feel greatly gratified that I made an exception to my life-long rule in recommending it."

Dr. Schuyler C. Jacques, formerly Visiting Surgeon of St. Elizabeth's Hospital, New York City, said: "I have never before given out any medical information or advice for nothing. I feel that it is such a valuable remedy that it ought to be used in every hospital and prescribed by every physician in this country, and if my endorsement shall induce anyone to take Nuxated Iron, and receive the wonderful tonic benefits which I have received, I shall feel greatly gratified that I made an exception to my life-long rule in recommending it."
