Veterans Approve Strike.

"That this meeting declares its full sympathy with the purposes of the precent strike to meet the general condition of the people and pledges itself to use legitimate means to preserve law and strder, and that after the strike is settled, labor and the returned soldiers get together and discuss the deportation of the enemy alien."

labor and the returned soldiers get together and discuss the deportation of the enemy alien."

The above resolution was unanimously passed at a mass meeting of veterans, at which between four and five thousand were present at the convention hall of the Board of Trade Building tonight, and called by the executives of the Great War Veterans' Association, the Army and Navy Veterans' Association and the Imperial Veterans of Canada.

It was passed in preference to a lengthy resolution presented on behalf of the executives of the three veterans' associations. This resolution, in addition to calling upon the veterans to do their utmost to preserve law and order during the strike, condemned what it described as the insidious campaign inaugurated among certain sections of labor for the purpose of spreading Bolshevik and revolutionary propaganda and demanding that the Dominion government take immediate steps to dispose of undesirable enemy aliens and other agitators and act promptly in the matter of reducing the high cost of living.

It was claimed by opponents of this resolution that it raised too many issues to be disposed of properly at the present time, and their contentions carried weight with a large section of the audience, for when a division was called as many showed themselves to be against it as in favor, and the chairman.

G. P. Weir, president of the provincial command of the G.W.V.A., declared that in consequence, no ruling could be made regarding it.
