New Star Discovered

WASHINGTON, June 9,—A new star, the brightest discovered in several centuries, was discovered last night at Leander McCormick observatory. University of Virginia, by C. T. Oliver, professor of astronomy. He describes it as "a bright blue star of magnitude .5 degrees in the constellation Aquila, a size that makes it nearly the largest and brightest in the sky during the present months. Its location is astronomically described as right ascension 18 hours and 44 minutes, declination plus 0 degrees and 32 minutes north. grees and 32 minutes north.

Chicago, June 10.—Sharp advances took place in the corn market today as a result of unfavorable weather. It was said the prevailing low temperatures were an adverse feature. Forecasts of generally fair and warmer conditions, however, led to a setback, in which the gains disappeared. Opening prices, which varied from the same as Saturday's finish to ½c lower were followed by a slight downturn and then the temporary advance, amounting to le or more a bushel.

Oats reflected the changes in corn Trade was small. After opening ½c off to a like advance, with July at 65% @ 66%c, the market scored moderate upturns, and then underwent a sag.

Creamery Quotations Lower On Market Today.

Business was quiet on the local market this morning. Oats sold at \$2.55 a cwt. The demand is good.
Hay remains at the same price, selling from \$9 to \$12 a ton. Sixty-two loads were offered on the market last week. Live logs remain at \$17.50 a cwt. The gramming at \$25 ascwt.

Creamery butter, retail, dropped one cent in price. The wholesale price is the same as previously quoted.

WALL STREET.

New York, June 10—Wall Street, 10:30 a.m.—Stocks were moderately depressed at the opening of today's market, presumably in consequence of over-night advices, which reported a new phase of the German drive on the French front Except for the motor group, which yielded 1 to 2 points, reactions did not extend beyond fractions. These were offset by the strength of equipments and specialties, including Baldwin Locomotive, General Electric and Sumatra Tobacco, the latter gaining 3 points. Liberty bonds were steady.

Noon.—The market realied after the first decline, motors making complete recovery with other speculative issues. Improvement was not long sustained, however, prices again reacting on heaviness of United States Steel, which lost a point under persistent pressure. Beet Sugar yielded 2 points, related issues were unaffected. Pittsburg and West Virginia preferred added moderately to last Saturday's advance, and shippings strengthened at noon, but the trading in general lacked initiative.

CHATHAM, June 8. — Enile Verbeke, a Belgian youth, was today sentenced to an indeterminate term at Mimico as a result of his Jesse James stunts, which included robbing his employer and holding him off with a gun when he attempted to catch the culprit. The lad was an inmate of the House of Correction in Detroit, but made his escape, and returned to Dover Township, where he was arrested.

AVital Necessity in Peace or War

The operations of Water-Power and Public Utility Companies are a vital necessity to the industrial and social welfare of Canada, and are

as essential in times of peace as in war. The Southern Canada Power Company, Limited,-a Water-Power and Public Utility Company,-controls water powers capable of 100.000 H. P. development, and supplies light and power to over 45 municipalities in the Eastern Townships and vicinity

These are two of our reasons for recommending the 6% Bonds of the Southern Canada Power Company, Limited, which we are offering with a bonus of common stock, thus giving investors an opportunity of participating in the future success of the Company.
