## SCHOOLS SHOULD BE RUN AS A MUNICIPAL BODY

Paper by Prof. Gill Before Joint Educational, Health and Physical Training Conference.

A joint educational, public health and physical training conference was held in the physics building, Lady Aberdeen and Lady Grey being present. A paper by Prof. Wm. Gill of Philadelphia was read by Mrs. Loring Spence. A proposition to revive corporal punishment, he said, made by 17 per cent of the principals of the New York public schools, was refused by the board of education of that city. Public sentiment favors nothing calculated to lower the moral tone of the school and would not sanction corporal punishment.

The schools should be conducted as municipal cities with regular municipal officers elected by the pupil citizens. The pupils become interested in the school, and when the people are interested in public affairs wrong-doing cannot flourish. The aim of the school city is the development, not only of the school in higher lines, but ultimately of ideal citizens. The study of the science of government is the best means of this.

The United States military government of Cuba placed this method in the 3600 public schools of that city. The Hawaiian territorial government has put the method in use in all its schools.

## Public Amusements

The County Chairman To-Night. The box office at the Princess Theatre opened yesterday morning for the sale for the production of "The Countess" this evening. The announcement of the return of the popular George Ade comedy has been received with much pleasure by a large section of Toronto theatregoers, and it is assured that a large and critical audience will be present on the occasion. The wonderful impression made by the Macklyn Arbuckle company when here four years ago, has greatly whetted the curiosity of those who were unable to see the production, and are strongly impelled to do so again. It may be confidently expected that the local production, which is under the direction of the Sons of Canada Benevolent Association, will be entirely satisfactory, as the rehearsals have been under the direction of a fully capable stage director, and the talent engaged is of a high order. There are 250 people on the stage in the convention scenes, and their enthusiasm and zeal will render the picture a highly realistic one. Popular prices will rule with the best seat obtainable for a dollar.

## Social Work

W. F. Archibald, Dominion parole officer, addressed the social work section of the Juvenile Delinquents Act. He said the confession must be made that society was still in a state of siege by an army of criminally disposed persons. On the line of parole, the confession must be made that society was still in a state of siege by an army of criminally disposed persons. On the line of parole, the confession must be made that society was still in a state of siege by an army of criminally disposed persons.

## in Society

The marriage of Miss Margaret Grant Eason, daughter of Mr. and Mrs. R. F. Eason, to Mr. Joseph Hodder Stone, was celebrated Saturday evening in the home of the bride's parents in Willock-street. The ceremony was performed by Rev. Dr. Nell, pastor of Westminster Presbyterian Church, in the presence of a small gathering of relatives and family friends. The bride wore a handsome traveling costume of Ebel Noelslands of Lindsay. The groom was supported by William E. Drysdale of Schenectady, N. Y. After the reception Mr. and Mrs. Stone left for the city to the eastern cities. They will make their home in Cobalt.

## Holiday Week at Beach

Scarboro Beach was a very gay amusement center last evening, with a free open air show, a long and varied program of music, and a variety of "hop" on the verandahs of Scarboro Inn, and a series of special celebrations in honor of the opening of the season. The hippodrome show was exceptionally good, and several of the acts were quite up to the standard of the best circus features. One of these was the riding exhibition given by Miss Rose Wentworth, who performed some startling feats on the backs of three magnificent horses. Most important of the outside offerings was the exhibition of animal training, given by Flo Irwin's leopards, who performed some amazing evolutions in a steel-barred cage.

## MUST CLOSE SOAP FACTORY

Neighbors Didn't Like and Health Board Orders It Away.

BRANTFORD, June 28.—(Special.)—The board of health has ordered the factory of the United Soap Company on Clarence-street to close its doors as the business is regarded as a nuisance to the neighborhood. The company is controlled by three clergymen, and was formerly located at Owen Sound. Prosecution for the Sunday sale of soap has been begun against the proprietor of a store on Colborne-street.

## Hot Weather Good

The hot weather is good for steamboat traffic, judging by the number who are taking advantage of the popular trips on the Hamilton steamers, Modjeska and Maccasa. And why should anyone swelter in the torrid heat and dust of a big city who has time to take the steamers to such delightful cool outings on the lake. On Wednesday the steamers make special trips and Toronto citizens will have the benefit of the Hamilton excursion rate of 50 cents return on the moonlight 5.30 p.m. trip, which returns to the city again at 11 o'clock. The Dominion Day time table embraces five round trips, leaving Toronto at 9 and 11 a.m., 2.30, 5.30 and 10 p.m., with extra trips from Hamilton at 7.30 and 8.30 p.m.

## Wm. Robinson, ex-M.L.A., Very Ill

KINGSTON, June 28.—(Special.)—William Robinson, ex-M.L.A., spending the summer at Sherbrooke Lake, was taken suddenly ill and has undergone an operation at the General Hospital. It is not known yet whether he will stand the severe test. He is 87 years old and Kingston's veteran citizen. It was he who gave the casting vote that ousted the John Sandfield MacDonald government from power in Ontario and put Oliver Mowat into office.

## Tea is More Susceptible to Foreign Influx

Tea is more susceptible to foreign influences than even butter. This is why it should never be exposed to the air or sold in bulk form. The sealed lead packets of "Salada" tea preserve the tea in all its native goodness. Insist upon "Salada."

## Reading for the Child

Miss Maud Edgar said upon the parents' influence by the young is the responsibility for the moral tone of the public schools. The importance of literature for the young could not be over-estimated. The personal of a sensational novel may be fatal to the moral views of a young reader. The craze for excitement by the young is evinced by the multitude who attend weekly matinees and "what earthly mirrors their minds must be before the days of childhood are past!"

## Don't Deceive the Boy

Rev. Dr. Sylvanus Stoll of Philadelphia addressed the conference on "Infant children, beginning to talk, ask their parents regarding their topic. Hundreds and thousands of parents would tell their children if they knew "how." He would first give an explanation of difference between creation and the power to perpetuate as illustrated in vegetation, as in the transmission of the groten in the ear of corn. He warned parents against giving children false ideas. "When you deceive your child you teach a lesson in deceit which he or she will repeat upon you with success."

## Delegates in Muskoka

Fifteen leading delegates of the International Council Women paid a visit to the Muskoka Cottage Sanatorium and Muskoka Free Hospital for Consumptives on Saturday. Among the distinguished visitors were: Lady Aberdeen, Ireland; Mrs. Jessie McEwen, Brandon; Kate-Walter Barrett, Alexandria, Va.; Anne Guich, Denmark; Dr. Alice Salomon, Germany; Emily James, Great Britain; Emily Dobson, Hobart, Tasmania; Evelyn Gough, Melbourne, Australia; Constance Pim, Dublin, Ireland; Alice Younger, Glasgow, Scotland; Mrs. Sanford, Hamilton, and Sir William Thompson, physician to the Countess of Aberdeen.

## Le Temperate!

**Le Temperate!**

**J. & W. Taylor's Whisky and Common Sense**

**Make a perfect friend**

M. 2933.

**System Poisoning CONSTIPATION**

Do not be satisfied with temporary relief—Cleanse the system and make life-lasting with DR. CHASE'S KIDNEY-LIVER PILLS.

Constipation begins with the bowels, but it does not end there. You must also consider the way it affects the liver, the kidneys, the digestive system and in fact the whole human body. Headaches, backaches, aching limbs, indigestion, biliousness, kidney derangements and the most serious diseases imaginable often have their beginning with constipation of the bowels.

**Queen Quality Shoes**

All styles of "Queen Quality" Shoes.

Extreme. Between. Conservative. For carriage, motor and house. Quality—style—reasonable price.
