SATURDAY WILL BE A SPECIAL

Overcoat Day!

Featuring the Authentic Styles in Men's and Youths' Winter Overcoats From \$10 to \$40

SPECIAL PREPARATIONS have been made in our workrooms and with other overcoat manufacturers, and Saturday there will be on display in men's clothing department, Main Floor, an extraordinarily large collection of every kind of winter overcoat. Unusually good values will be featured---extra sales clerks will be on hand for quick service and altogether Saturday will be an economical day for any man to select with ease and satisfaction a desirable winter overcoat. A few of the representative Eaton values follow:

In Chesterfields, a Special Feature is One at \$10.00

ANY MAN who admires the smart trim style of the Chesterfield and who is in need of a warm winter overcoat should see these Saturday at ten dollars.

They're Eaton-made of black beaver cloth in single-breasted, fly-front style with black velvet collar and twill linings. They hang just below knees and the back curves slightly at waist. Sizes 34 to 46. A special Eaton value that should interest many men Saturday. Price, each..... 10.00

Melton cloth, so desirable for men's winter overcoats, is made up in some very fashionable Chesterfields. One in dark grey is particularly rich and dressy looking. It is in single-breasted style with fly front, and notch-shaped lapels. The back hangs neatly from shoulders to knees and has seam down centre. A beautiful overcoat that will find favor with the conservative dresser. Sizes 35 to 44. Price 25.00

Other Chesterfields made of melton, Whitney, and other soft coating materials, in various finishes and shades, and tailored with the season's latest details, are priced from \$15.00 to 37.50

There's All Winter Comfort in a Big Ulster.

HERE ARE big strong double-breasted ulsters made to hang below knees with neatness, and with convertible lapels and large storm collar that look well turned up or down. They are made of heavy, thick, woolly, cold and wind-resisting materials, with durability that will last for several seasons.

Splendid value is one model made of heavy tweed in a black and grey mixture with small check weave. It is 50 inches long and has half belt at back and linings of wide wale serge. Sizes 35 to 46. Low priced at..... 15.00

Another ulster is made of a dark fawn or light brown soft, thick material in self shades. Warmly lined with fine twill. Sizes 35 to 46. Price..... 16.50

Made of a closely woven heavy melton cloth in plain dark grey is another line of ulsters lined through body with twill mohair. Sizes 35 to 46. Price 18.00

Other Ulsters in greys or browns, mixed tweeds, friezes and other warm overcoating materials and lined firmly throughout, are priced from 20.00 to 40.00

Smartly Styled Overcoats for Fashionable Young Men

THE FORM-FITTING style is a great favorite with youths. One single-breasted model we show has soft rolling, notch-shaped lapels, close-fitting velvet collar and cuffs on sleeves. It fits very snugly at waist and has very little flare at bottom. The material is a cheviot tweed in a dark brown ground with a tinge of olive. Sizes 34 to 40. Price 15.00

The smart, swagger, loose-fitting slip-on is a style that is chosen by many young men also. They are double-breasted and made of strong, soft, cheviot tweeds in brown with green tint or mixture. All in regulation slip-on style, back drooping loosely from the shoulders, with seam down centre to vent at bottom. Have patch pockets with top flaps and cuffs on sleeves. Price 17.00

The "Trench" Coat" is the very latest winter overcoat style from New York. It is modelled after the style of the British army trench coat with large, all-round belt. Has draw straps on sleeves, convertible lapels, vent in back which can be closed by buttons, and large vertical pockets with openings to inner pockets. Grey tweeds with an olive mixture, brown with grey mixture, with overlaid on reverse side. Also heavy melton cloth in medium shades of grey. These are silk lined through shoulders and sleeves. Sizes 26 to 42. Price 30.00
