In the judgment Justice Middleton held that there was no proof of adultery or cruelty, and advised them to reunite.

AWARDED JUDGMENT

Justice Mastrin in the non-jury assize court yesterday awarded Charles H. Edwards judgment for \$122.40 with interest on a promissory note issued to him by Norman Blackmore and Burke Limited.

WANT TO PROVIDE FOR YONGE WIDENING

Will Ask Dominion Bank to Build Ten Feet From Street Line.

Because the city has decided to abandon the widening of Yonge street for the present, Assessment Commissioner Forman and Works Commissioner Harris laid a report before the works committee yesterday afternoon advising against the proposal to widen the northeast corner of St. Clair avenue and Yonge street. The Dominion Bank has commenced the erection of a building at the corner.

Ald. Ball thought that the bank should be public spirited enough to build ten feet back from the Yonge street line. If the works commissioner and assessment commissioner approached Sir Edmund Osler and the directors of the bank he was confident that they would agree to the proposition on the understanding that the bank would receive consideration in the event of Yonge street being widened. The bank had enough land and he thought it could be induced to help beautify that part of the street.

On the motion of the alderman the committee was instructed to take the matter up with the bank officials. A deputation asked the committee if it would consider the erection

of a public lavatory at East Queen street and Kingston road. Ald. Ramsden and Commissioner Harris were instructed to investigate and were given power to act if they considered a lavatory necessary at that point.

Plavement Voted.

The committee did not concur in the recommendation of the works commissioner against the construction of a permanent pavement on Thome crescent, between Mount Royal avenue and Burlington crescent, and on the request of Ald. Archibald, referred it to the board of control. The work had already been recommended and had passed all the necessary stages, but in accordance with the war-time policy of the council not to proceed with fresh expenditures, the commissioner advised against it.

Ald. Ball had a motion passed recommending that the bylaw providing for the extension of Duplex avenue from Chaplin crescent south, be repealed. He thought that it was time action was taken in the matter.

SENT TO JAIL FARM

Perry Christ, Samuel Gibson, and William Cook, three boys, appeared in the police court yesterday on a charge of stealing a motor car belonging to C. E. Timmins, and were sent to the jail farm for 60 days each. The car was recovered at Hamilton.

RIFLED MAIL BOXES

Edward Creeley, who was arrested recently and tried at Oakville, was found guilty of stealing letters from rural mail boxes and sentenced to three years in Kingston penitentiary.

EXPERIENCED MEN REQUIRED AT WHITBY

Mayor Thinks There Are Too Many Civilians on the Hospital Staff.

Sir James Loughheed has promised Mayor Church that he will look into the complaints of returned soldiers regarding conditions at Whitby hospital.

The mayor said that he would not be satisfied until the authorities stopped sending men to Whitby. He would write Sir Edward Kemp demanding that a thorough investigation be made. The trouble was that there were too many novices and civilians on the staff who should be at the front. There was too much nagging at the returned men. In Toronto there were plenty of buildings where the soldiers would be more comfortable and contented.

With all due respect, the mayor declared that S. A. Armstrong, head of the commission, had no experience in the work.

HOTEL REGULATIONS

According to the new regulations respecting standard hotels, prepared by the Ontario Board of License Commissioners, inspectors are urged to insist upon a more strict obedience to the regulation requiring a secure bolt on the inner side of every guest room door. In each room a card stating rates for room and meals must be posted prominently.

CITY HALL NOTES

City Solicitor Johnston states that funds supplied under the Bylaw 8828 can be used for the construction of a civic garage at the Don incinerator.

Mayor Church, discussing the victory obtained by the city before the select committee of the house of commons, said that the fight was not yet over, and that they would have to keep going until the legislation passed both houses of parliament. It is from the senate that the municipalities get the bumps.

MUST PROVIDE ROOMS OR PAY PARTNER'S RENT

Justice Britton, at Osgoode Hall, yesterday rendered judgment in favor of the plaintiff, E. A. Boardman, in his suit against G. E. Furry, for the surrender of certain lands, and damages. Boardman and Furry jointly secured a farm, with home and barn, in the Township of Crowland, Welland County, on the condition that each work half the farm and occupy half the buildings. When a fire on June 21, 1916, destroyed the house, Furry collected \$1,200 insurance money, erected a new house and refused Boardman leave to live in the house. For compensation Justice Britton allowed Boardman \$105, that is \$5 per month for the 21 months he was refused room, and also that after May 15, if Furry does not provide rooms, he must continue to pay Boardman \$5 per month.

The German retreat from Bapaume and Peronne was the biggest victory on the western front since the Battle of the Marne. These pictures record the preliminary fighting and the final attack. The entry of the towns was first effected by the Australians. This film shows what these troops saw—devastation and ruin left by the German retreat.

This official picture is perhaps the most comprehensive effort yet made by the British Government to show all the details of the war on the western front, and to include every branch of the military service—cavalry, infantry, artillery, bombing, airplane work, and the organization behind the lines—at work under the stress of battle.
