

SHOWS PROGRESS OF CHRISTIAN SCIENCE

Eighteen Hundred Organizations Thruout World, Prof. Seeley Declares.

Only forty years ago the first Christian Science Church was organized in Boston. Since then nearly eighteen hundred organizations have been formed throughout the world.

"The fact is, as the Bible makes very plain," continued the professor, "that the one true and enduring man, God's man, is the likeness of God, that is, he has the character and nature of God, and why should this not be so?"

"The fact is, as the Bible makes very plain," continued the professor, "that the one true and enduring man, God's man, is the likeness of God, that is, he has the character and nature of God, and why should this not be so?"

"It was in 1866," the professor said, "that Mrs. Eddy overcame a serious illness thru reliance on spiritual, wholly apart from material law, and became convinced of the present availability of this law for suffering humanity."

TORONTO FAMILIES ARE BADLY HOUSED

wanting housing for nothing. He deplored the fact that shareholders had not yet received any dividends, but said everything was going on well and there was a likelihood that a dividend would be paid next year.

The company, he continued, had sustained a loss of \$10,000, which loss represented a part of a profit that was thought to have been made on two hundred acres of land between Danforth and Eglinton avenues, in the northeast district, and about two miles from the city limits, and explained that when the property was purchased it was thought that the Hydro radial would run a service line, or near, the property, but the line was not built, and without transportation facilities it was impossible to complete the development.

Several shareholders declared that the housing commission for the city was deplorable, and it was the general opinion that the matter of proper and efficient housing was one for the city authorities and should be dealt with at once.

The provincial police force was increased yesterday by 17 the city, and before starting out on their duties they were paraded before Deputy Attorney-General Bayly, who explained what was required from them in the way of law enforcement.

A timber limit, 50 square miles in extent, near Jellison and east of the Nipigon forest reserve, has been purchased by tender from J. T. Horne, Fort William. He will pay \$6.10 a foot for spruce and twenty-one cents for each jack-pine tree.

The Hydro-Electric Commission is now receiving nearly 15,000 horse-power from the Electric Development Co. It could do with more, Chief Engineer Gaby said yesterday, but the extra supply would go a long way toward relieving the shortage.

NEW UNION STATION PLEASES COUNCIL

City Aldermen Impressed With Beauty and Magnitude of the Depot.

Members of Toronto city council were piloted thru the new Union Station yesterday by the contractors, Lyall & Co., and all were quite impressed with the magnitude of the structure, beauty of design and interior finish. Gangs of men were at work all over the building from top to bottom, but the three upper floors, which are to be utilized as railway administration offices, are practically completed. In fact both Grand Trunk and National Railway staffs are already in the building. There is still a large amount of work to do, on the main and two sub-floors, and the visitors were informed that another year would be required to finish the work.

The two floors in the building below the street level are a mass of machinery and pipes. The party was informed that the building was already being expended in plumbing and piping and the job was not yet complete. There are at least fifty electrical rooms in the building of various sizes to perform functions which one would hardly expect to find in a railway station. The building is equipped with a splendid ventilating and air-washing system.

The visitors were much impressed with the great concourse, which is 250 feet long, 86 feet wide and 88 feet high. There are no seats in this room, or anything to impede the movement to and from the trains. The main waiting room is situated immediately west of the big concourse, and off this are situated men's smoking rooms, ladies' rest room, restaurant, cafeteria and private dining rooms. The interior of the ladies' rest room is paneled with oaks and Tennessee marble is much used in the finish of other rooms. Part of the east end of the building, which has been set aside for the postal department, is already in use.

CONUNDRUM OVER BENGOUGH'S POST

Board of Education Solicitor Cannot Give Solution Without More Particulars.

Thomas W. Bengough's nomination for director of vocational courses and opportunity school classes has presented a conundrum which the solicitor of the board was up to yesterday, not prepared to unriddle.

Dr. John Noble, chairman of the board of education, brought the matter up at the meeting of the finance committee meeting. Dr. Noble, who has been out of the city, wanted to know if the solicitor's opinion had been received as to the legality of the Bengough appointment.

W. W. Pearce stated that he had phoned C. P. Brown, the board's solicitor, but Mr. Brown could not give an opinion without a documentary statement.

The solicitor was in the administration building and was called in to the committee meeting. He said that if the duties to be performed were defined he might be able to give an opinion, but unless the duties of the position were set out by the management committee it would be difficult to give a legal opinion upon an appointment which they had asked the board to authorize.

Dr. Noble asked if the opinion of the minister of education would be sufficient to authorize the appointment. The solicitor was inclined to the view that the head of the department of education a ruling by the minister would be decisive.

W. W. Pearce stated that he was prepared to ok a payment of \$3,500 to the architect of the Dewson Street School for the plans which have been held up indefinitely. The sum named was based upon the amount of the appropriation, but the architect wanted a commission on the plans which exceeded the appropriation available by \$35,000. Mr. Pearce declared that \$3,500 was the full amount to which the architect was legally entitled.

For Fire-Trap Schools. The city council has voted to safeguard the six so-called fire-trap schools. The fire escape expenditures approved were as follows: Dufferin Street School, outside fire escape stairway, \$4,500; Duke Street School, two outside fire escapes, \$2,250; Rose Avenue School, fire escape stairway and balcony, \$3,000; Clinton Street School, fire screens and doors, \$1,500; George Street School, outside fire escapes, stairs, \$2,250; Queen Victoria School, fire screens and new doorways and doors, \$2,300.

Applications for various portable schools were deferred.

Judge Upholds Objection. Justice Rose has upheld the objection of Benjamin Coffier to the title of property at the southeast corner of Church and Ann streets, which Coffier was going to purchase from T. R. Morris for \$8,400. The objection was that the building encroaches one foot one inch on Church street, and one foot six inches on Ann street.

Alleges Promise Breach. Ivy A. Wheeler has entered action against Harry V. Bradley for \$10,000 damages for alleged breach of promise of marriage.

Commissioner in Hospital. Commissioner A. S. Goodhue of the board of railway commissioners, is ill in the General Hospital, where he underwent an operation a few days ago. Reports received indicate that he is progressing favorably.

Week of Smashing Fur Bargains

SIX days of the most startling and amazing fur bargains ever offered in Canada. We have laid out a program of special values for this week which will overwhelm all attempts at competition. Furs cannot be produced today to meet the prices we are offering. The wholesale reductions on our entire stock means a tremendous loss to us--but it means pre-war prices for you.

Nowhere on the continent is there such a stock of furs as you will find here. Only the most extravagant language could describe it. Yet it is being sold at less than the cost of manufacture.

These prices cannot last. Make up your mind to purchase today.

WELSHMEN DIFFER OVER RULE FOR WALES

At a meeting of the Welsh Society, held in the Orange Hall, Euclid ave., a lively discussion took place on the question of self-government for Wales. Caradog Rhydwen of Birch-cliff supporting this in a clever opening address. R. Williams opposed, and suggested such a change was no less than a forerunner of separatism.

MEMORIAL TABLET FOR HEROIC POLICEMEN

The property commissioner has recommended to the civic property committee the granting of an application by the Police Amateur Athletic Club for permission to erect a memorial tablet to the policemen who fell in the great war in some part of the city hall now occupied as police headquarters.

INSURANCE MAN TAKES PARTNER IN BUSINESS

Ait. Smith, dean of Toronto insurance men, who has been selling policies for forty years in this city, has taken into partnership with him Major Howard Ridout, the firm being known as Alfred W. Smith, Son and Ridout. Major Ridout, who dealt in risks before the war, is still also the Toronto representative of the Montreal accounting firm of P. R. Ross & Sons, of which Brigadier-General Ross, formerly paymaster-general of the C. E. F. in London, is one of the heads.

VARSAVIA COMMISSION SEEKS INFORMATION

The royal commission investigating university finances invites representations from educational, industrial, scientific and other public bodies on the subject of the investigation in which it is engaged. Among other matters, the commission is empowered to inquire into the report upon the basis for determining the financial obligations of the province towards the University of Toronto, and the financial aid which the province may give to Queen's University of Kingston and the Western University of London.

FAVORS EARLY CLOSING, BUT GUILTY OF BREACH

Charles W. Raby, 57 Essex avenue, said in the afternoon police court yesterday that he approved of the early closing bylaw, but the store near him kept open. He stated that the police had sent in the little girl who had bought the pound of sugar from him at 7.35 p.m. He had always observed the bylaw and was just putting up his shutters when he sold the sugar. Raby was remanded.

OPPOSITE LUXURY TAX

W. C. Miller, secretary of the Retail Merchants' Association, announced yesterday that immediately on the arrival of the tariff commission, which expects to hold sessions in Toronto beginning next Thursday, complaints of local merchants will be submitted regarding the luxury tax now in effect. The retail merchants will be in session tomorrow and Thursday afternoon.

WRIT AGAINST T.S.R. FOR REMOVING SNOW

The city of Toronto issued yesterday at Osgoode Hall a writ against the Toronto Railway Company claiming \$23,331 for removing snow from the streets which the company had swept from its truck allowance during the winters from 1915 to 1920 inclusive, and which the city claims the company refused to remove.

EDUCATION BOARD ESTIMATES.

W. W. Pearce, business administrator of the board of education, stated yesterday that he would present the estimates for 1921 for school buildings and sites to the management committee on November 24.

ELECT CITY HALL OFFICERS.

Officers have been elected by the City Hall Employees' Association as follows: President, G. W. Harris, treasurer's department; vice, W. L. Bell, tax collector; secretary, George Phelps, works department; treasurer, William Spence, city architect's department.

CITY TO ENTER APPEAL.

The city will appeal to the county judge against the decision of the court of revision putting the piano firms on the 25 per cent. assessment basis.

SPECIFIC CHARGES NECESSARY

The attorney-general announced yesterday that there would be no investigation into the administration of justice in Windsor until specific charges in writing were made.

ARBITRARY AUTHORITY BREAKING UP, TORONTO PROFESSOR SAYS

"The Pulpit as Seen From the Pew," was the subject of an address delivered by Dr. Tracy, of Toronto University, at a meeting of the Baptist Ministerial Association, held yesterday in the board room at 233 Church street. The evolution of authority was one of the themes which was elaborated by Dr. Tracy. "Authority of an external and arbitrary nature is gradually breaking up," he said, "and authority of an inner spiritual and ethical kind gradually taking its place." He stated that examples of this could be seen in the political, industrial and ecclesiastical realms.

LADIES KEEP YOUR SKIN CLEAR, SWEET, HEALTHY WITH CUTICURA SOAP AND CUTICURA TALCUM
