A SYSTEM

Controls our practice of dentistry.

When a properly directed system—and skill—control practice—the result is perfection. It is in our case—in our work.

Our practice is divided into departments—each in charge of experts in that work—and all equipped with the most perfect facilities—mechanical and operative.

Our system enables us to do more work—better—and yet quicker—consequently cheaper, quality considered.

LOCAL NEWS

A pair of iron sled runners found outside Annapolis Bros' store in Waterloo street, a watch and chain found in Rockland Road and a ring and keys found in Union street may be had by the owners at the central police station.

In the Tabernacle Baptist church this evening the supper at 6 o'clock will be followed by a mass meeting, at which Miss Bertha Worden will give a lecture on the new organ, and addresses will be given by E. C. Weyman, L. L. B., and Rev. A. B. Cohen.

So far this season 833 cargoes of United States products have been manifested on St. John from frontier ports. This shows that the western importers are taking advantage of quick dispatch for their goods to the United Kingdom through St. John.

Allan line steamship Grampian, now on her way to Liverpool from this port, took away a cargo valued as follows: Canadian goods, \$172,786; foreign goods, \$71,291; total \$244,177. Among her cargo were 77,402 bushels of wheat, 550 sacks of flour, 2900 boxes of cheese and 579,893 feet of spruce deals.

Miss Lilian Dobson called at the Times office this morning and denied absolutely that statement that she was arrested and taken to Moncton on the charge of stealing goods. She went there as a witness in another case, but her name was on the list of those who were called to testify regarding any case of theft.

The quarterly meeting of the King's Daughters' Guild was held last night. Mrs. Geo. A. Henderson presiding. The meeting was taken up chiefly with the reading of the reports of the circles for the past three months, and they showed the order to have been a very successful quarter. Miss Barlow, the secretary, gave an interesting resume of the work of the past three months.

"Higher education as a factor in the development of the province," will be the subject of the Canadian Club on Friday evening at 8.15 in Keith's Assembly rooms. The subject is one of great importance at the present time, and the chancellor is an able and impressive speaker. This will be the last meeting in the club's year, and the nomination and audit committee will be appointed.

FORMER POLICEMAN AND CONSTABLE REPORTED TO COURT

Patrolman Silas Perry Said They Were Loitering and Refused to Move But He Lost the Case

John Weatherhead, a constable, and Thomas Burchill, janitor of the police lock-up, and for years a policeman, were reported by Patrolman Silas Perry for obstructing the entrance to the country market on Saturday evening and in the police court today denied the charge, and after hearing the evidence his honor dismissed the case.

Policeman Perry said that on Saturday evening he saw about seven men standing at the entrance to the country market, four on the left-hand side and three on the right. Burchill and Weatherhead were both in the party and each refused to move when requested. The others, one of whom was Mr. Kenney, the factory inspector, and another man named Kerr, of the I. C. R., left the place when told. The men were in the entrance from 5 o'clock until 5.15.

Mr. Weatherhead said he had been at the entrance to the market but a few minutes when Perry came along. On the latter speaking to Mr. Burchill he said he thought he heard some profanity between the two men, but could not say what its nature was. Mr. Burchill said that he had been standing in the entrance to the market only about five seconds when Perry came along and said something which the witness said sounded like "Get to h— out of here"; at any rate, Burchill said he heard Perry say "hell". The witness complied with the request of the complainant, however, in moving away, and went to the edge of the sidewalk, thinking that was what the policeman wished him to do.

Scott P. Morrell appeared for the defendants and asked that the case be dismissed. His honor read the law, which termed men who were charged with loitering in the public places, as vagrants, and to find the defendants guilty they must come under the vagrancy act, and his honor said he did not think he was justified in calling Mr. Burchill and Mr. Weatherhead vagrants, so he dismissed the case. Harry Holmes was fined \$8 or 30 days jail on a charge of profanity, and Thomas Holly \$1 or ten days on a charge of drunkenness.

WILL COST MORE TO RUN THE CITY

Boards Want Larger Appropriation—Change in Permanent Street Programme—Fire Stations Are Found Nearly Satisfactory

For the next few days the aldermen will battle with the estimates for the ensuing year, and the indications are that there will be a considerable increase over the amount appropriated last year.

This afternoon the board of public works will take up the estimates for that department and will recommend an increase of \$8,000 or \$9,000 in the appropriation for scavenger work.

Tonight the general committee of the council will discuss the recommendations from the board of works for permanent street pavements. From what can be learned in advance, it would seem that the programme as outlined would be changed somewhat and probably cut down. Many of the aldermen as well as business men about the city are said to be of the opinion that there are streets which need a permanent pavement, much more than Nelson and Smythe streets, and it is possible that an effort will be made to have some brought down into other streets instead of those mentioned.

The water and sewerage board, which last year asked for \$25,000 for sewerage maintenance, but was cut down to \$12,000, will ask the council this year to vote \$15,000 or \$18,000 for this work. A recommendation from the board will be sent to the treasury board asking for the increase.

Tomorrow afternoon the safety board will deal with the estimates for that department, and an increase of \$11,000 over last year will be asked for. The expenditure last year was \$23,000 and this year \$33,000 is wanted. The chairman, Ald. Vanwart, in speaking of the increase said he regretted having to ask for more money, but it was made necessary on account of increases in salaries to the firemen and for the formation and equipment of the new company for the west side.

At this meeting the special committee appointed to investigate conditions in the various fire stations will report. The chairman said their report would be that conditions were found to be very satisfactory and the with well-pleased with the quarters provided for themselves and the horses. The stations are cleanly kept, well ventilated and lighted, and the complaint is being made by the men. Some few minor changes and repairs will be recommended, such as installing sliding doors in the departments under this board's control, it is altogether likely that their appropriation will be swelled along with the other departments.

On Thursday the treasury board will meet to discuss the estimates from the other departments as well as the annual grants to charitable and public organizations, and as increases have been granted to employees in the departments under this board's control, it is altogether likely that their appropriation will be swelled along with the other departments.

The council will meet on Friday afternoon to take up the recommendations and finally pass upon them. At this distance it looks as though the tax rate would be materially increased.

SIXTY SIGN THE PLEDGE AT F.M.A. GATHERING

Annual Smoker a Very Pleasant Affair—Presentation to Father O'Keefe

The annual reunion of the Father Mathew Association in their rooms in St. Malachi's hall, last night, was well attended and greatly enjoyed by all present. A feature of the evening was the presentation of a purse containing \$35 in gold to the spiritual director, Rev. D. S. O'Keefe, who is now beginning his fifth term as chaplain of the association. The presentation was made by the president, John Lunney, who was a few well chosen remarks, eulogized Father O'Keefe and spoke of his many good works during his term of office. Father O'Keefe in reply thanked the members for remembering him and congratulated the society on its excellent showing.

While the smoker was in progress the following programme was successfully given: Piano solos by Joseph Mitchell and Frank O'Hara, step dance by Frank Conlon, vocal solos by Winifred Gallagher, P. J. Hazel, C. A. Conlon, J. W. Simmons, John Le-gere, and Charles Henneberry; readings by Leonard A. Conlon, James B. Dever, and F. V. Conlon. Frank O'Hara acted as accompanist during the evening.

At the conclusion of the concert all present to the number of sixty signed the pledge.

Mr. McLeod and family, of Fairville, also their cousin, Mrs. Bromley of Buxton, (Eng.) wish to thank their many friends for the sympathy and kindness shown them in their recent bereavement.

Oak Hall's Annual Mid-Winter Sale Starts Saturday Morning

From every quarter we have heard praise of our splendid clothes, and our customers, the actual purchasers, sang their praises loud.

Never before have we shown such lavish assortments of superb Suits and Overcoats as during this past season.

It is a matter of policy with us, however, to keep moving.

We must take care of our Spring Goods, now making and soon to be here, and consequently we have to clear out all remaining stock on hand.

Saturday starts the sale—remember it's the price only that's reduced—the unequalled character of Oak Hall clothes—character that has stamped them the finest clothes retailed—the standard of clothes value—custom or otherwise—remains the same.
