A PLATE YOU CAN EAT WITH, HELD IN POSITION BY OUR NEWLY IMPROVED QUADRUPLE ATTACHMENT. People don't want artificial teeth to carry around in their pockets or keep at home in their bureau drawer so they will know where to find them when the door bell rings, they want teeth for service.

If you have a plate that no dentist has been able to make fit, why not try us; we have satisfied thousands and why not you? Our teeth are so natural in size, shape, color and the expression they afford to the features as to defy detection EVEN BY A DENTIST unless closely examined.

Our new attachment holds them as solid almost as though they were riveted in the mouth.
