MONKTON'S BUILDING BOOM.

(Moncton Transcript.)
It is estimated that construction work of various kinds to the value of three-

quarters of a million dollars or more is now under way in the city of Moncton. As showing the prosperous condition of our people it might be noted especially that more than \$150,000 of this large

amount is being expended for the erection of private dwellings, of stores and dwellings combined. The total amount of the building operations, including the new Methodist church, the cost of which is given at \$82,000, now going on in Moncton is estimated officially at between \$215,000 and \$230,000.

Besides this, there is the spring's work on the subway, which will amount to many thousands of dollars; the structure of the Moncton bridge, which will cost \$197,000 or more, the city hall and market, \$75,000; the A. H. S. building, which will cost anywhere from \$75,000 to \$100,000 and other construction work on a smaller scale.

Strangers visiting Moncton have been much impressed at the sight of splendid residences springing up in all directions during a period when business operations are at their lowest ebb in other towns and cities.

A Sin of Omission

is laid at the door of the light bottle brewer. He stands convicted by his own admission.

He, no doubt, tries to make pure beer, and he could protect its purity, but he does not.

He offers you the doubtful protection of a paper cover.

The Light Bottle Is Insufficient

—he admits it, in fact, warns you against the damaging effects of light.

If you would have pure beer, drink Schlitz in Brown Bottles. There is no purer beer brewed, and it costs no more than light bottle beer.

TWO NERVOUS WOMEN

Made Well By Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I had a severe case of nervous prostration, with palpitation, constipation, headaches, dizziness, noise in my ears, and nervous, restless feelings and sleeplessness."

"I read in the paper where a young woman had been cured of the same troubles by taking Lydia E. Pinkham's Vegetable Compound so I threw away the medicines the doctor left me and began taking the Compound. Before I had taken half a bottle I was able to sit up and in a short time I was able to do all my work. Your medicine has proved itself able to do all you say it will and I have recommended it in every household I have visited."—Mrs. Mary Johnson, 210 Siegel Street, Philadelphia, Pa.

Another Bad Case.
Ephrata, Pa.—"About a year ago I was down with nervous prostration. I was pale and weak and would have terrific spells, sick headaches and a bad pain under my shoulder-blade. I was under the care of different doctors but did not improve. I was so weak I could hardly stand long enough to do my dishes."

"Lydia E. Pinkham's Vegetable Compound has made me well and happy and have begun to gain in weight and my face looks healthy now."—Mrs. J. W. Honnemann, R. No. 5, Ephrata, Pa.

WHAT DYSPEPTICS SHOULD EAT

A PHYSICIAN'S ADVICE
"Indigestion and practically all forms of stomach trouble are, nine times out of ten, due to acidity; therefore, stomach sufferers should, whenever possible, avoid eating food that is acid in its nature, or which by chemical action in the stomach develops acidity. Unfortunately, such a rule eliminates most foods which are pleasant to taste as well as those which are rich in blood, flesh and nerve building properties. This is the reason why dyspeptics and stomach sufferers are usually so thin, emaciated and lacking in that vital energy which can only come from well fed body. For the benefit of those sufferers who have been obliged to exclude from their diet all starchy, sweet or fatty foods, and are trying to keep up a miserable existence on glutinous products, I would suggest that they should try a meal of any food or foods which you like, in moderate amount, taking immediately afterwards a teaspoonful of bisulphated magnesia in a little hot or cold water. This will neutralize any acid which may be present, or which may be formed, and instead of the usual feeling of uneasiness and fullness, you will find that your food agrees with you perfectly. Bisulphated magnesia is doubtless the best food corrective and antacid known. It has no direct action on the stomach; but by neutralizing the acidity of the food contents, and thus removing the source of the acid irritation which inflames the delicate stomach lining, it does more than could possibly be done by any drug or medicine. As a physician, I believe in the use of medicine whenever necessary, but I must admit that I cannot see the sense of dosing an inflamed and irritated stomach with drugs instead of getting rid of the acid—the cause of all the trouble. Get a little bisulphated magnesia from your druggist, eat what you want at your next meal, take some of the bisulphated magnesia as directed above, and see if I'm not right."

When Women Suffer
No remedy gives greater relief than Anti-kamnia (A-K) Tablets in all conditions generally known as "Women's Aches and Ills." One trial will satisfy any woman that she has at last found the remedy she has so long been looking for.

Indigestion—Dyspepsia
Are you distressed after eating? Do you have nausea when riding in the cars or on the train or boat? Take A-K Tablets and get instant relief.

Genuine A-K Tablets bear the K monogram. At all Druggists.

Strong Resolution Passed at Baptist District Today

At the conference of the Sixth Baptist District held in Tabernacle church today a resolution passed sets forth that the manufacture, importation and sale of alcoholic liquors should be prohibited throughout the province during the war.

The session opened with prayer by Rev. W. F. Parker, after which a reception for the new ministers of the district was held. Rev. J. L. Tringler of Apohaqui was welcomed by the moderator, Rev. Mr. Gray of England was also introduced and briefly addressed the gathering.

Rev. J. R. Copits, acting editor of the Maritime Baptist spoke of his work in connection with the paper.

Rev. W. E. McIntyre, D. D., gave an interesting address, dealing with the safeguarding of the church against irresponsible religious teachers. In a discussion which followed Rev. Dr. Hulse, Rev. C. P. Wilson and Rev. Wellington Camp took part.

Rev. Mr. Parker, on behalf of the committee dealing with such matters, moved the following resolution:

"Whereas in the war we are now waging the British Empire is fighting for its existence, and therefore nothing must be left undone that should be done to insure victory to our arms; and

Whereas, according to the proved declaration of our leading statesmen that the greatest enemy that now confronts us is the liquor traffic which, as the late Hon. W. E. Gladstone said, is more destructive to the nation's interests than famine, pestilence and war combined; and

Whereas our beloved sovereign, King George V. (God bless him), and his court and the ministers of state together with the leading commanders of the army and navy, recognizing the gravity of the situation, have in the spirit of true patriotism abjured the use of alcoholic beverages during the period of the war; and

Whereas, we view with alarm and deep concern the appalling indifference of the government of the province to the expressed conviction of all religious bodies and many of the communities and towns of New Brunswick, that the manufacture, importation and sale of all liquor be prohibited during war time; and

Whereas it is the duty of every citizen of the empire to do his "bit" to help the victory for which we pray, and thus preserve international righteousness and liberty for mankind; therefore

Be it resolved that this district meeting reaffirm its position regarding the liquor traffic with a ten fold emphasis in view of the great and added danger with which it now menaces our empire; and that it should cease to have legal sanction and protection by our municipal and provincial governments. Further

Resolved that again we call upon every member of our churches to do all that he or she can do to abolish this accursed traffic from our land. Finally

Resolved that our pastors be requested to keep the abolition of the liquor traffic as a national objective before their congregations until it becomes a practical and dominating issue in the government of our country and that we hereby request the provincial government to accede to the request of the forces that make for the promotion and upbuilding of all that is good and elevating, and for the best interests of the province.

THEFTS ON I. C. R.; DETECTIVE SAID TO HAVE MADE CLEAN-UP

The operations of a Halifax detective in the Moncton I. C. R. yards have caused quite a lot of interest. For some time it has been notorious that the I. C. R. was losing much valuable freight in transit, principally liquor, at Moncton and other points along the line. According to current reports a Halifax sleuth found the trail of some twenty-five dozens of evil.

It is said on what purports to be good authority that some of the alleged guilty men have already been dismissed from the service and that others are to be suspended, also that the railroad will not institute legal proceedings, but will punish the culprits by discharging them.

A feature of the report is that the men concerned are mostly young fellows, not all of whom are employees of the road who have been hanging about the yards and freight depots. So far as can be learned none of the older and trusted employees of the yards have been in any way implicated. Further proceedings are awaited with interest.

The York county council today agreed to pay half of the expenses incurred in recruiting here for the 55th. The warden said that the dominion government made no provision for recruiting campaigns.

The term of office of A. A. Sterling as school trustee having expired, the city council last evening appointed Arthur A. Shute. Mr. Sterling has been a member of the board for upwards of twenty years.

Ald. Fred Everett was appointed a member of the board of health, vice Edward Moore, resigned. The salary of Police Magistrate Limerick has been increased from \$1,200 to \$1,500.

Judge Wilson and Sheriff Howe were speakers at a patriotic meeting in Peniac last evening. Clarence and Harry Wade, who have joined the 88th battery were made recipients of wrist watches.

GERMANS NOW AFTER BELGIAN SCHOOL TEACHERS

Brussels, via London, July 7.—General Von Dissing, German governor of Belgium, orders a year's imprisonment for school teachers directors or instructors, who "permit, further, bring about or effect anti-German demonstrations or statements in their teaching or in other school exercises."

Power is conferred upon German officials to supervise and inspect schools at all times. Court martial will have jurisdiction over violations of this order.

MORNING NEWS OF WAR

Reports from several quarters along the frontier says that the Germans are mustering heavy forces in another endeavor to sweep through to Calais. The British troops captured an advanced trench yesterday.

General Sir Ian Hamilton, commanding the Allied troops at the Dardanelles, in a lengthy official report, says that the operations there have shown the metal of the men of the navy. They have proved by their bravery and able action, that the navy is father and mother of the army. A shortage of ammunition, he says, has prevented the Allies from gaining ground on Achi Baba. The Australian troops have displayed wonderful courage, the general reports.

Grace, Marie and Lois

Three! Count 'em! Grace, Marie and Lois

A variegated trio of actorines who succumbed to the Siren lure of the Universal and signed themselves away for use in the Silent Drama. Look at 'em! Three ladies who reek with brains and ability and who can play anything from a banjo to Uncle Tom's Cabin. They are links in the Universal Chain now and they will help the chaps and chappesses below to put on features and double reels for the Universal program.

Other links; Henry E. Dixey, Nat C. Goodwin, Emmet Corrigan, Lawrence D'Orsay, Chas. E. Evans, Ward & Vokes, Frank Keenan, Wilton Lackaye, Helen Ware, Blanche Walsh, Florence Reed, Henrietta Crossman and a score of other high-class Broadway aristocrats who tremble and shake with talent. Did you ever see such a bunch? Talent! Holy Smoke! We've got talent and stars to burn. Watch the program.

We've dickered with the best brand of foreign and domestic authors and writers. Every one is tagged with the insignia of Book Writers' and we've not only got the authors to write new stuff but all the best sellers they ever wrote. The Universal will show you what the moving picture business ought to be and it's doing this because it believes the public wants it done. Hello Public! Keep your eyes peeled for the Universal program.
