POLICE COURT

"That's the best game of ball I've seen in St. John since the old, old days," said an enthusiastic alderman at the Every Day Club grounds on Saturday afternoon. And it was. Six innings without a score on either side, and only two runs in the whole game, was the record. The clippers, who had been defeated with ease on Friday evening, turned the tables on the St. Johns on Saturday in a game that was marked by sharp play throughout, and that seemed to be anybody's game until last inning.

It is noted this year that the crowds attending ball games contain more business men than have been patronizing the game for years past.

There is no more tearing of fences by the boys. By a friendly understanding between the team managers and the Every Day Club, the little boys and girls are admitted, and members of the club are on hand to see that they move down the field and stay on the playgrounds in the corner or around the inside of the fence, out of harm's way. Except for the noise of the "rooters," the best of order is maintained on the grounds. As the seas son advances the interest in the game increases.
