DELEGATION OF C.N.R. MEN TO BE IN ST. JOHN TODAY

Prominent Officials Will Meet Port Committee Tomorrow Morning.

A party of Canadian National Railway officials will arrive in the city this afternoon to confer with the port committee on the matter of additional freight for St. John. This conference will be held tomorrow morning at 10 o'clock and will be attended by all the members of the city council and the members of the port committee. The committee met today in the afternoon. Word was received yesterday from C. J. Smith, that the attendance possible for the conference to be held on Wednesday and that the party, consisting of G. Dalrymple, vice-president; D. O. Woods, foreign freight manager; R. B. Teakle, general manager; G. G. M. M. C. J. Smith, chief assistant to Sir Henry Thornton and two other traffic officials would arrive in St. John this afternoon. On receipt of this communication it was decided to have the conference at 10 o'clock tomorrow morning.

At the council meeting this morning Mayor Potts made this announcement and Commissioner Bullock said he would like, when the attention is here to ask that the railway remove the ledge of rock which runs along the face of the Pettengill wharf for a distance of about 10 feet in order that vessels might load full cargoes of grain at this berth.

Mayor Potts said he felt the discussion should be limited to matters concerning the increasing of the freight through the port and this should not come up.

Commissioner Pinks said that the Government had blasted out a ledge of rock on the West Side and thought they would do the same here if pressed hard enough. The removing of this ledge was not such a tremendous undertaking.

HENRY S. CULVER

GIFT PRESENTED TO H. S. CULVER
Gold Headed Cane is Given Him by U. S. Immigration Officers.

A pleasing presentation occurred in the U. S. Immigration office, Union street, when Henry S. Culver, who recently retired from the post of the recipient of a handsomely-chased gold-plated cane as a slight token of the esteem in which you have retired in the public service, was made. Mr. Culver, on behalf of your friends in the Immigration Service, also the chief of the office, Mr. Carter, I take pleasure in presenting to you the token of our esteem and friendship now that you have retired from the public service, which you have honorably served for so many years. May this token, together with your clear that accompanies it, ever recall to your memory the friends you leave behind in the public service of the United States. That you may still have many years of usefulness and happiness is the sincere wish of us all.

Mr. Culver was visibly affected. In feeling terms he replied as follows: "My friends, in a way I regret that no longer will I officially participate in the affairs of our country, but such is life. We serve our day and generation and then pass out, but the country still and younger men take up the task where the veteran leaves off. There is something sad about the closing of an officer's career—the severing of personal and official friendships, the absence of familiar faces, and above all, the loss of that sustaining helpfulness when men are engaged in a common cause. But, in my case, the saddest separation is ameliorated by this most gracious gift, which you have placed in my hands. I see more in this cane than in its intrinsic value, for the sentiment it expresses will be a greater sustaining force in my life than any other I can lean upon. Its beauty brightens at once to the eye, but the sentiment it conveys is to the spirit which is everlasting. I see among you boys some whom I have known for many years, and also some newer faces, but you are all new, I recognize all as devoted workers in the common cause that has engaged my whole attention for more than a century—I mean, the interests of our country. It is true that we sometimes think that we receive scant credit for our loyalty and devotion we pay to our common country, but let us remember that it is the private soldier who wins the battle, and we should feel fully compensated when we stop to consider that, even upon the shoulders of such as we, the pillars of our country rest. It is highly honorable to be a government servant, and he who serves his country well in whatever capacity is adding to its honor and fame. I need say no more; my heart goes out to you in your arduous tasks, and I shall always be interested in each one of you personally. I shall watch your careers and will always be glad to respond when I can be instrumental in advancing your interests. I thank you again for this gracious gift and will prize it as one of my most valued possessions."

DISCUSS LIQUOR MATTERS.
The temperance situation throughout the province was discussed at a meeting of the Evangelical Alliance this morning in the Y. M. C. A. building. The first meeting since last spring. Rev. A. L. Tedford, first vice-president, was in the chair, and the following were present: Rev. Mearns, E. E. Styles, secretary; H. Miller, Silver, Fails, A. D. McLeod, Dr. Hutchinson, C. A. Stewart, Rural Dean W. H. Sampson, Dr. Poole, Neil MacLennan, George Orman and W. A. Robbins. Two new members were welcomed, Rev. John Unsworth and Rev. Mr. Williams. Consideration was given to plans for the Week of Prayer, and the following committee conveners were appointed: District No. 1, Rev. R. Taylor McKim; No. 2, Rev. Hugh Miller; St. David's, No. 3, Rev. H. A. Goodwin; No. 4, Rev. W. McE. Matthews.

She was a daughter of the late Richard and Eliza Sands and a sister of the late William Sands, one of the prominent men of the country where they made their home. Richard Sands is also recalled as a prominent barrister of her life at the head of the first of the Loch Lomond lakes and was held in esteem by the neighbors. Her funeral will be held at 2:30 o'clock on Tuesday afternoon.

FURTHER CUT IN LIGHT AND POWER RATES MAY COME

Power Co. Manager Makes Announcements on Return From N. Y.

That material reductions in light and power rates may be expected in the near future was a statement made this morning by M. A. Pooler, general manager of the New Brunswick Power Company, when asked by a reporter of The Times-Star regarding a rumor to that effect. He said that the question of rates had been brought up at a conference which he and Messrs. Walter C. Allison and A. P. Paterson of the directors of the Power Company had in New York with the board of directors of the Federal Light and Traction Company. He said that he was not in a position as yet to make any definite statement regarding the reductions. Asked if it was true that there was to be an increase in street car fares, he said the matter was being given consideration, but that nothing definite has been done.

Motor Bus Service.
Another matter dealt with was in connection with the placing of motor buses on service to some outlying districts not at present reached by the regular street car lines. This matter has been left in the hands of the local board of directors, who will make a study of conditions and if they decide to take action in this matter the proposed service will be inaugurated early next spring. Mr. Pooler said that while in New York they paid a visit to an exhibit of a closed automobile show in Grand Central Palace, where they looked over various types which would be suitable for this service, and were the most modern constructed today.

With reference to the board of directors of the Federal Light and Traction Company, who are the owners of the New Brunswick Power Company, Mr. Pooler said they made it very clear to them that they were leaving the question of operation and the policies of the New Brunswick Power Co. to the local board of directors. Their attitude was to go ahead and develop this property. They also expressed themselves as very much pleased with the manner in which the company had been handled since they took it over in 1922.
