## Why Not 8% and ---Safety

THE old idea that safety accompanied a low rate of interest has long been put in the discard.

During the past 7 or 8 years, with banking facilities strained to the limit under abnormal demands, borrowers in the AAAI class (Bradstreet's highest rating) have been obliged—compelled by circumstances beyond their control—to pay rates of interest without precedent.

Bankers today tell us that money is working easier—THIS IS YOUR OPPORTUNITY to assure to yourself a high interest return for a long period of years, with a large margin of safety, by investing in the 8% convertible debentures of The Mount Royal Hotel Company, Limited, carrying a bonus of 30% common shares.
