Movie Star In Overalls

Priscilla Dean, movie star, was given the freedom of Yonge Street Station upon the termination of her "personal appearance" in Toronto. Her seniority was not called into question when she took over the engine and essayed to give one of the giant Canadian Pacific locomotives "the once over."

MARTIN HARVEY IS PLANNING TRIP HERE

likely Will Visit Saint John Next Christmas in Dickens' Play.

W. J. Douglas, who is at present in the city in the interests of the Percy Hutchinson English players, informs the Times-Star that he has learned of the intention of Sir John Martin Harvey, to come to Canada next Yuletide and begin a Canadian tour either in Halifax or Saint John. In any case, he will probably play in both cities.

It is said Sir John Martin Harvey, lay for his next Canadian tour will be a return to the role he has made basically famous, that of Sydney Carton in Charles Dickens' "A Tale of Two Cities," known under the stage name "The Only Way."

Several seasons ago Sir John played the Imperial Theatre here in "Garriek" and the "Burgomaster of Stimmonds" a Belgian war play. That visit was an artistic feat of rare quality, but unfortunately the eminent actor was not appreciated to the extent of being liberally patronized, a condition, which might have been due to war stringency, but many think it was because of Saint John's long disassociation with the best of traveling companies, a sort of out-of-touchness.

JOHN BARRYMORE PRAISED IN LONDON

His "Hamlet" Commended by Press—Fay Compton Also Accorded Warm Approval.

It is regarding to Saint John folks probably to pick up such papers as the London Times and find therein extended critical references of favorable tone or entertainment stars familiar to us.

In the London Times of February 22 the eminent critic "James Agate" reviews a full column criticism of Barrymore's portrayal of Shakespeare's "Hamlet." Mr. Barrymore has invaded Shakespeare's own country with his own conception of the moody Dane and he English praise accorded him is of the highest. One writer claims it to be the best "Hamlet" done in the old country since the days of the super-actors.

Another famous personage, seen before through the medium of the silver sheet, is Miss Fay Compton, who plays Ophelia in the Barrymore production and with acceptance to all critics, Miss Compton will be remembered as playing the name role in the pictorial production, "Mary, Queen of Scots," in his city last week.

The reading of these eminent plays and their triumphs on the speaking stage brings to mind again quite forcibly the advantages of moving pictures which disclose to everybody rich and poor, in all by-paths in civilization, the artistry of these notable even though the silence of the entertainment amounts to a drawback somewhat.

"Tarnish" Breaks This Girl's Heart
"I love a boy who doesn't love me. The other night, being sick at heart, I had my girl friend call him up. He came over. Later in walked his fiancée and—fireworks! She doesn't want him, even if he is tarnished. He doesn't want me. But I want him more than ever."

A Mother Tells About "Tarnish"
"Twenty years ago, against my parents' wishes, I married an irresponsible man. He gambled, had love affairs and spent all our money. Today the same situation confronts my daughter. Her fiancée has a touch of 'tarnish' on his past. Shall my daughter throw herself blindly, pitifully into love like I did?"

Stenographer's Case is Cited
"My heart is broken. I saw my fiancée with another girl. I have high ideals of love! My past is a blot. My fiancée is a spotless. His past has a touch of 'tarnish.' I am tormented. I love him deeply, but in my future happiness safe with him? Hundreds of other girls must have the same burning problem as I have."

Young Lawyer Tells His Story
"After years of seeking I found my ideal mate in my office. For her fine influence I dropped the other kind of girls. We were engaged. One night I received a phone message that an old flame was sick. I called. Out of a clear sky in walked my fiancée. She left in a rage. I haven't seen either one since."

PROSPECTS BETTER IN UNION PARLEY

Chairman More Optimistic as Toronto Meeting Adjourns For Day.

TORONTO, March 21.—Following a long conference yesterday afternoon, Hon. W. J. Nickle, who presided, stated that he was more optimistic that he was at the beginning of the week.

Of chief importance was the fact that a printed memorandum relative to the work of the conference was to be taken back by the Unionists and anti-Unionists, to be presented to their committees and discussed prior to the further conference. This is taken to indicate that some sort of a basis of agreement had gathered form as a result of the conference.

WILLIE GRADWELL MEETS KID LEWIS

Boston Star Boxer Will Oppose Montreal Boy Here This Month.

William Gradwell, known as the Blonde Barton Bearcat, has been matched to meet Lou Kid Lewis, of Montreal, here this month. The Commercial A. C., which is staging the bout, had much difficulty in getting these two men to come to Saint John.

Gradwell is said to be an aggressive scrapper and is credited with a decision over Mickey Walker by the newspapers of Newark. In his only appearance in the Maritime Provinces he defeated Johnny McIntyre, of Glouce Bay, in a ten-round affair in Saint John. He has a long string of victories to his credit, having lost only three bouts out of 125.

Lou Kid Lewis is a favorite with Montreal fight fans. He met Lou Kid Kaplan, the present featherweight champion, and the scrap ended in a draw. He has a long string of victories to his credit.

The match here promises to be one of the best of the season and should give the fans a chance of seeing some real action.

Gradwell gave further convincing evidence of his right to rank as a contender for lightweight championship honors, when recently at Pittsburgh he scored a win over Francis Rosal of Brooklyn. Gradwell won the bout in clean-cut fashion.

Gifted English Actor Coming to Imperial

An interesting phase of the drama in Canada this season is the visit of the popular English actor, Percy Hutchinson, and his London company in "The Luck of the Navy," which will be presented at the Imperial on Monday and Tuesday, March 23 and 24, when the overseas players come east to embark for home.

"The Luck of the Navy" deals with British naval officers and German spies. It is a rattling good play of the best British type, decorated with some excellent scenic effects. Mr. Hutchinson plays the role of a heroic submarine commander with a resourceful mind. The story is so well told and visualized before the audience by actors with a command of their art, that the superficial evidences of human character into
