Our people wish that there should be no misunderstanding of the nature of the privilege to which the Department's sanction has been asked, or of the facts concerning the "bass" stories. 1st-Every fisherman knows that

conferences was at the time a general, although not unanimous, approval of the present regulation. It is now believed that if the bag-net fishermen were now allowed to set their destructive engines where they propose, all the work of former years would be neutralized by the consequent destruction to the bass.

Experience has since proved that the restriction was needed, not only for the protection of the bass, but for that of the smelt fishery as well. The present and past agitation is said to be promoted by certain fish dealers, whose anxiery is to secure the fishing above Middle Island because the ice forms there first, and the fish

secure the inshing above Middle Island because the ice forms there first, and the fish are worth more. They supply the nets, rent them, buy and ship the fish, and care very little what becomes of the fishery It was proposed to the Deputy Minoprevent the enforcement of these and
similar restrictions the last of Canada's
valuable fishery industry will be seen.

It was proposed to the Deputy Minister, when he was here, that the Department allow the fishing off Chatham
when the ice formed, and place two men
