The Mayor said it was a bad and illegal raction. He did not wish to do such

or sak any Alderman to do so. Ald. Robinson saked how Ald. Loggie wer-expenditure on streets. Would he red for next year's service ?

Ald, Loggie said the road essessment would, of course, he increased sext year, but so much work would not require to be done. It must be remembered that \$3,000 had been put on the atrests in 1896 and

The Mayor: Oh; no! only \$1,596 was

Aid. Neale and Aid. Loggie seemed to be in a mase in the matter of figures. If he had kept track of expenditures that year as he seemed to be disposed to do now he would have done much better than he did. From to January last, only \$1,500 of bond money had been kept us street and adequal work. The \$3,001 went to pay for the opening up and break and over the town was incorporated and cows were now pasturing and barns standing on those kinests. About \$1,600 was assessed for streets this year. The late council spent that and over \$1,500 more, and that over-expenditure should be charged to bond account. It might be all right to run aprivate business on notes, but it was no way to conduct the affairs of a Town, whose private business on notes, but it was no way be conduct the affairs of a Town, whose business should be run ou business principles. If there was no money to pay the street bills they should not have been incurred. Ald Loggie said it was "distinctly understood" that the bond money on hand was all to go to the contractor for the public building, but the law under which the but the law under which the town's floating indebtedness. After that they nije were issued said what the money could get on in a more businesslike way res for, and they could not recognise than the late Council had done.
these "distinct understandings" entered than the late Council had done.
Ald. Loggie said that expression shot ato privately amongst themselves. It be taken back. vas all very well to get the town into debt and then become, so suddenly, econmicel We should arrange to pay our which the should arrange to pay our ment stated by ald. Loggie to pay Mr. McDonald \$500 a year for six years, and 5% on money due till paid, he condemned it as

Whereas by section 8 of the Act to incorporate the fewen of Chastham, the Mayor and Council were unthodised to borrow the sum of \$20,000 on debent race to be sured by the Town, to be applied for treet and Fire purposes as might be directed by be connecil under certain heads, viz. —

1. To pay a note for \$2000 negotiated by the treet and Fire Commissioners, the amount expended in payment of land danages in opening up and denning wrests. Improving the Fire Service, laying of sor putting in pumping stations or encountests to get water for fire purposes, were the late Council did not direct in oreion the proceeds of said depenture to be distributed under the different \$4,200—in all \$7,335—and that was the

\$3061 28 their authority tor contracting them ? 1506 00 When they got a surveyor to run out new 4314 85 atreets they neglected to put stakes down to 149 86 mark where they were and it was after-

Ald. Loggie said he thought it would be make certain statements and then tell him the interests of the town and council to here that he was a liar. He was a little in the interests of the course and in the latter the old, but, could yet step over a rope-yern meeting called for Thursday and he could attend to ald. Robinson was not a necessity to side. horrow at once. He hoped the town would Ald. Coleman spoke to the same effect as ald. McIntosh in reference to the absence of a clean street when the late Council came have to find \$2,000 in some way. Must Win. THREE TEACHERS of the Issae Pitman Shorthand have been officially appointed as instructors of that subject in the three new High Schools of New York City. This system is almost daily being introduced into some of the best and largest schools in the sountry.—Perman's Art Journal, Uct.

Not bad, considering it is an English system, and has to win against the opposition of all the American systems.

This is the system we teach. Booklet showing the
