Riel is thus described by Dr. Coleman who has just returned to Ottawa.—"He looks somewhat emaciated and worn out. He was walking in the green swamps in the goal when I saw him. His dress was not by any means fascinating. Wearing a slouched hat, a flannel shirt with his elbows out, and his heels sticking outside his boots he presented the appearance of one who had undergone some hardships. His face was a perfect study as he paced backwards and forwards in a semi-circular and meditative mood. But he did not in any way look as if he were crazy. He was abashed with a shabby and to one of his legs was tied another chain, with a ball attached. This he carried in his hand."

Sir Nathan de Rothschild is to be elevated to the peerage, and will be the first Jew to sit in the House of Lords.

A correspondent at Stockholm, Chikago, N. S., writes: The crops are all looking pretty well.

A new prospecting company has been formed in Yarmouth, known as the Little Lake Prospecting and Mining Company, for prospecting for gold at Kempsville. The stock is divided into 8,000 shares of which 20,000 have been taken up at 25 cents a share.

The Congressional Union of the Maritime Provinces opened its annual meeting at Chatham, Yarmouth, on July 4th.

OTTAWA, July 6.—The Senate re-considered the bill and wine clause in the Canada Temperance Act by 20 to 16, this evening. Tremendous excitement has been prevailing for the past few weeks in connection with the Salvation Army's work in Carleton. The City Hall is crowded every evening. Scores of converts are reported. Drunkenness has been very materially diminished.

SUDDEN DEATH OF A CLERGYMAN.—Intelligence has been received in St. John of the sudden death of Rev. A. B. R. Shrewsbury, at his residence, Beaton, Carleton, Co. on Thursday. The deceased gentleman was attached to the Methodist denomination and attended the recent conference at Charlottetown. He appeared to be in perfect health while there.

PAUCE ALBERT, July 6.—Hate just seen Big Bear, who was brought here last night with his son, twelve years old, and Kakenpaton, councillor. They were captured yesterday by Sergeant Smart, of the police constabulary. A French half-breed informed Smart that Big Bear had been to his house and got food and left three rifles. Smart with three men, after a short search, found them. Big Bear at first was unwilling to go with the police, but on length yielded, saying he wanted to see "Big Ogema, anyway." He said he and his band of 30 lodges had been making for Duck Lake intending to surrender. They had been eleven days without provisions subsisting on what they could find in the woods.

WILKES, July 5.—A despatch from Battledore announces the embarkation of the troops this morning for home. They are expected to reach here next Saturday. WE have been shown by Mr. J. R. Kianey, M. P., five watches presented by the Dominion Government to James Allen, William Allen, Earnest Wynan, Jacob Kavanagh, and Eben Crosby, for their exertions in saving the lives of the crew of the barque, Yarmouth, which vessel was wrecked in Yarmouth Sound on the 4th January, 1884.—Times.

RUSSIAN AND FOREIGN.—LONDON, July 5.—The French Government has withdrawn the demand for a fixed date upon which the English troops shall evacuate Egypt, and offers to leave the period to the discretion of the English Government if Lord Salisbury will accept the principle of evacuation. for Russian protractate over Corea and the opening of the Tumen as far as Manchuria for commerce. In the Russian camp near Herat sickness and great mortality are rife. MADRID, July 5.—The total deaths from cholera in Spain now number over nine thousand, nearly half of which occurred during the past seven days. The persistency of the disease at Valencia is a notable feature, as by all rules Murcia is the letter ground of the two for the berry.

LONDON, June 30.—Gladstone says he did not think he should again ask to be returned to parliament, but that events had transpired which rendered it necessary that he should not impair the unity and efficiency of the party. This is tantamount to a declaration that he will remain leader of the Liberals. Gladstone's letter is the political feature of the day. The Liberals are now in the majority over the question of his continued leadership of the party, and are jubilant over his decision to remain.

The Times' London letter says there has been a great rattling of dry bones inside the Vatican during the past fortnight. Of the most exaggerated and conflicting stories which are current, the straightest version is that the Pope, disappointed at the outset of his reign by the fact that the radicals prevented the King from meeting his holiness half way, despondingly let Cardinal Antonelli's crowd run affairs in their own fashion and buried himself in scholastic labors. The folly of the Ultramontanes grew finally to such proportions that when the Irish Bishop visited Rome, the clique attempted to prevent them from seeing the Pope, then almost commanded him to snub them and did all they could to insult and harass them. They carried the matter a step too far and the Pope dropped his book and appointed Rev. Dr. Welch of hand to the Archbishop of Dublin, publicly rebuked Pitra and began a general housecleaning. He is said to be thoroughly angry and great consideration given among the ultra circles everywhere, as over half the cardinals follow him and forthwith ones will be all liberals.

Invitations to the marriage of the Princess Beatrice to Prince Henry of Battenberg were issued yesterday. There are to be twelve bridesmaids, all of whom are nieces of the bride.
