News Summary.

DOMINION.

— Canadians have applied for 6,000 feet of space in the Jamaica Exhibition.

— Slight flurries of snow are reported on the Miramichi, and in other parts of New Brunswick.

— The steamer Ulunda has been floated and towed to Halifax where she is to be repaired.

— Late Halifax exchanges report quite a number of wrecks and shipping disasters along the eastern coast.

— A postal packet arrangement has been effected between Canada and Japan, and will go into operation at once.

— Chase's mill at McGinley's Ferry, Kingsclear, was totally destroyed by fire last Thursday. Loss is placed at \$4,000. No insurance.

— The Engineers employed by the Local Government to make a survey of the North Colchester Railway commenced operations last Friday.

— Did you notice that fine head of hair at church last Sunday? That was Mrs. B. — She never permits herself to be out of Half's Hair Restorer.

— Moncton has had a good year in the building line. Thus far in 1890 over eighty buildings have been erected, or are now in course, several of them stores.

— The Montreal horse exchange are shipping a number of French Canadian horses to the island of Martinique in an endeavor to open up a trade in the West Indies.

— Fleming & Ferguson, of Paisley, Scotland, have secured the contract for building a new steel steamer for the use of the Dominion marine department in British Columbia.

— The prospectus is issued of the Halifax Sugar Refinery Co., capital \$150,000. The company was formed in England to purchase the Woodside refinery. Shares \$5 each. It is proposed to pay £60,000 for the refinery.

— Returns to the fisheries department show that 117 American vessels have obtained more license from Canadian authorities this season, compared with 78 last year. The license fees were \$14,500 against \$9,500 last year.

— W. C. Munderloh, German Consul General at Montreal, arrived at Ottawa, and had an interview with the Minister of Finance, to whom he conveyed the assurance that Canadian barley excluded from the United States would find a profitable market in Germany.

— From reports forwarded to headquarters by officers of the North West Mounted Police force it appears that the Indians on the different reserves were never known to be law-abiding as they have this summer, which is evidence that they are gradually beginning to settle down on the reserves.

— In view of the reduction of duties on certain kinds of sawed lumber from Canada offered conditionally by the McKinley act, the Dominion government have resolved to abolish the duties on spruce and pine logs, also on single bolts of pine and cedar logs capable of being made into shingle bolts. This will remove the injurious effect apprehended by Canadian lumbermen.

— Capt. John Anthony took a quantity of apples to St. John last week, and from the fact that Canadian apples are so specially selected by Senator Boyd, one of which was sent to the Duke of Argyll, and the other to the Marquis of Lorne, they were put up by Capt. John Anthony, of Port Lorne, and will doubtless be greatly appreciated by our late Governor.

— The Canadian Pacific railway have made arrangements with the government to bring freight into Halifax over the Intercolonial. The rates will be the same as the Intercolonial, but the C. P. R. claim they will give much quicker despatch and will bring goods here from Montreal and Toronto in much shorter space of time than heretofore.

— The Dominion district freight agent, with headquarters at St. John, will attend to business for the present. Records of the St. John, and the Prince-Louis, all of whom think so much of Canada.

— A number of Boston capitalists have organized the Coldstream Mining Co., for the purpose of carrying on extensive mining operations at Gay's River, Colchester Co. Messrs. McDonald & Chisholm of Truro, have the contract to build a fifty stamp mill, and have it ready to run by the first of January next. No pains or expense will be spared to make his mill the most complete in the Province, and equal to the best anywhere. The ore at Gay's River is not quartz, but a gold-bearing conglomerate.

— The Dominion Safety Fund Life Association, St. John, N. B., has placed reliable life insurance within the reach of every man in good health and industrious habits. Three cents per day will pay the regular premiums on \$1,000 insurance at age 40, and only fifteen cents a day applied in this way, will protect his family to the extent of \$5,000. Thousands of families are in want to-day, because their natural provider persisted in waiting for a "convenient season" to take out a policy. Insure to-day. To-morrow never comes.

— The Yarmouth county exhibition has been a success in every particular. Superintendent Blair of the government farm, Nappan, is enthusiastic in praise of the Yarmouth exhibition, and especially in apples, vegetables and butter, considering these sections equal to any thing he has ever witnessed. F. H. Wilson's possessions were among the industrial exhibits, and attracted great attention from nautical men. The balloon ascension and parachute drop by Myron Ryder, of Michigan, was witnessed by 10,000 people.

— A new steamer is now being built in Ayr, Scotland, by E. McKnight & Co., shipbuilders for general trade between Halifax and Yarmouth—calling at Lunenburg, Liverpool, Lockeport, Shelburne and Barrington. Her dimensions are: Length, 155 feet; breadth, 23 feet; depth, 20 feet. She will be fitted with compound surface condensing engines of 80 horse power and the cruising speed of 11 knots per hour. She will have large saloon and stateroom accommodation amidships, smoking room on deck, aft, and two holds for cargo.

— Having rheumatism so badly I could not walk without the most severe pain. I used Wistar's Liniment as directed. I am now well, and do not mind the rheumatism as I did before.

— Henry A. Archer, of Fairfield, Me., suffered from a severe cough, spitting of blood, weakness during an entire year. Physicians pronounced him in consumption. His health was completely restored by the use of Wistar's Balsam of Wild Cherry.

— The fish freezing establishment at Port Mulgrave is an extensive one of the kind never before attempted in Canada. The building is 130x30 feet and in it all kinds of fresh fish are placed and put through a freezing process and afterwards sent in cars to the Canadian and United States markets.

— Once more the American mackerel fishery shows a serious decline, so serious that unless a revival should take place, the practical extinction of this fishery may be looked for. Last year the decline was very marked, the total product being reduced to 6,281 barrels; this year it has fallen to the little more than nominal amount, 2,659 barrels. And these few barrels were obtained, as usual, by the payment of a bounty. In this state of the supply, there is strong demand in the United States for Canadian mackerel. Not less than 5532 barrels were shipped to the States during the year, nearly twice as much as was sent there last year, 2,659 barrels.

— J. D. Shaford, for the Standard Trading and Manufacturing Co., yesterday leased the Hazen warehouse at York Point for the purpose of a corn meal mill. All machinery has been purchased and shipped. The mill will have a capacity of 125 to 150 bbls in 10 hours, and will be one of the most complete mills in Canada. Every piece of machinery is new and of the most approved style. It is hoped merchants will encourage and support such enterprises in our midst by purchasing their supplies locally instead of importing same from the States. Mr. Shaford expects to have the mill started about Dec. 1.—Telegraph.

— One of the most distressing and heartrending shipwrecks occurred on our coast at Little Harbour, N. S., Oct. 13, by which sixteen men lost their lives. The bark Melmerby, Capt. Olson, and crew of 22 men, set sail on Wednesday, Oct. 1st, from Quebec bound to Greenock with a cargo of square timber. She encountered a heavy gale, sprang a leak, and finally struck on a ledge near Roy's Island. The captain and fifteen of the crew put off in a boat, but she swamped and all but one were drowned. Subsequently two seamen swam ashore.

— Most of the sailors were Liverpool U. S. men. Four men still remain on the wreck. The bark may hold together to-night, but it is impossible to get to the men's rescue owing to the tremendous surf.

— The Diamond Dies awake our praise, And give delight in countless ways. In colors, forty there are found, And now are treasured and renowned, For every use we put them to, We must have them in our rivid hue, Our home and dress they lovely make, This is a fact and no mistake.

— Pastors and Agents, please let the people know that they can have the paper from this date to the end of 1891 for \$1.50 in advance.

— Birth.

— HARRINGTON.—At Yokohama, Japan, Sept. 19, to Rev. Mr. and Mrs. Chas. K. Harrington, a son.

— Marriages.

— SEAMAN-SHAW.—On the 8th inst., at the minister's residence, by Rev. J. E. Fillmore, the Rev. Seaman to Bessie Shaw, all of Hillsborough.

— PRICE-STEVES.—At the residence of Henry Budd, Fisher Settlement, Oct. 10, by Rev. M. Normandy, Oscar Price, of St. Mary's, to Amy Steeves, of the same place.

— PARKER-HARLOW.—At the residence of the bride's father, on the 28th ult., by the pastor, J. H. Jenner, George Parker to Charletta Harlow, both of North Brookfield, Queens Co.

— JOHNSON-PURSEY.—At the residence of the groom's uncle, E. F. Pursey, Esq., 18 Thornly street, Dorchester, Mass., on the 11th inst., by Rev. J. Adams, D. D., Fred H. Johnson, of East Foxboro, Mass., (formerly of Greenwich, N. S.), to Nell A., daughter of J. J. Pursey, Esq., W. A. R., Kentville.

— Deaths.

— TAYLOR.—At St. Margaret's Bay, Oct. 4, Harry J., infant son of Rev. George and Marjorie Taylor, aged five months and five days.

— CONNORS.—At Lower Blackville, Oct. 8, William Connors, after a protracted and painful illness of one year and six months, borne with Christian fortitude, aged 58 years. He leaves a wife, three sons and three daughters to mourn their loss. God support the mourning ones.

— DIMOCK.—At Anther, Hamilton's, Boston, Oct. 1, Hannah R. Dimock, aged 46 years, 5 months, 25 days, of chronic spinal sclerosis. Our sister was baptized about seven years ago by Rev. Dr. Saunders; since that time she has been a consistent member of the (Lawson) Baptist church. She was brought home and buried at South Rawdon. 2 Blessed are the dead that die in the Lord!

— MERRILL.—At New River, Oct. 2nd, Mrs. James J. Merrill, in the 65th year of her age. Deceased in life was affectionate, highly esteemed in her neighborhood. Although knowing the way of life and the duty of all believers, she hesitated to obey her Lord until late in life. About ten days previous to her death she requested the writer to baptize her as soon as possible. She appeared at the time to enjoy her usual health, although weak. On Sunday, Sept. 28, she was happy in obeying the Saviour in baptism. Before the next Sabbath had dawned she was with His in Paradise.

— McPHERSON.—At Littlefield Bay, Cape Breton, Oct. 3, of pulmonary consumption, Beatrice M. McPherson, eldest daughter of Elizabeth and Alexander McPherson, in the 17th year of her age. This dear young sister united with the Baptist church here four years ago last January, being baptized by Rev. D. G. McDonald, from which time, till her death, she remained a faithful member.

She bore her sufferings with the greatest fortitude; and as she felt her end approaching, calmly trusted in a Saviour's love. Her funeral took place on Sunday 5th inst., services being conducted by the pastor of the church and Rev. Mr. Forbes (Presbyterian).

— BARNES.—In this city, Oct. 7, after an illness of nine days, Feronia J., beloved wife of Fred. Barnes, of Macdonald's Point, Queens Co., passed into the rest that remains for the people of God, aged 33 years. Upwards of seventeen years ago, Sister Barnes made a profession of religion and from that time ever exemplified a Christian's walk and conversation. A lonely husband mourns the loss of a kind and loving companion. Two dear children (son and daughter) will miss the dearest of earthly friends, while a father, mother, brother and sister sorrow the first link broken in the home circle. But their loss is her gain.

— SMITH.—Death has visited the little flock at Caledonia, Queens Co., and cast a gloom over us like the shadow of night. Bro. Henry Smith, after a brief illness, was taken from us to unite with the church redeemed. He leaves an aged father, a widow and two young children to mourn their great loss. Bro. Smith was converted under the preaching of Rev. J. H. Jenner, and united with the Caledonia Baptist church in April, 1889. Since then he has been a worker in the church and a consistent Christian without. The church possessed in him a real strength, which makes their loss seem very great. May the dear Lord pour in the oil of consolation on the wounds that death has made.

— THORNE.—At Cansan Road, Havelock, Sept. 9th, in the 78th year of her age, Elizabeth Thorne, widow of the late Thomas Thorne. This sister and her husband were of the first settlers of this section of the country, and among the first members of the church at Butterton Ridge, she being baptized by Elder Lewis many years since. Her husband was confined to his house for many years. She took care of a family of three sons, two of whom survive her. She was a patient, consistent Christian, a lover of the good and noble. In her latter years she seldom went from her home, being quite feeble, and was finally released by death. A funeral sermon was preached by her pastor, to an appreciative audience, from Judges 7: 7, "A mother in Israel."

— The above and hosts of other testimonials prove the unequalled merits of K. D. C. six packages guaranteed to cure the worst case or money refunded.

ONE DOLLAR PACKAGE.

GRATEFUL-COMFORTING EPPS'S COCOA. BREAKFAST

By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame.—Civil Service Gazette.

Made simply with boiling water or milk. Sold only in tins, by grocers, labelled thus: JAMES EPPS & CO., Homeopathic Chemists, London, England.

Permanently "Blushless," No. 16 King St. Permanent and Transient Boarders taken at low rates. A. L. FERGUSON, Manager.

Highest of all in Leaving Power.—U. S. Gov't Report, Aug. 17, 1889.

Royal Baking Powder ABSOLUTELY PURE

THE GREATEST DYSPEPSIA CURE OF THE AGE.

A few of the Witnesses, and what they say about it:

John A. Dawson, Esq., ex-M. P. of Pictou, N. S., writes: "I was troubled with Dyspepsia of the very worst kind for nearly years. K. D. C. cured me completely. It is worth its weight in gold. Will give information to any one who will write me."

Rev. W. A. Mason, Georgetown, P. E. I., writes (last letter): "I have used one package of your famous K. D. C., and have derived great benefit from it. My case is very severe—complicated with other troubles." 2nd Letter: "I had been troubled with a constant pain in my stomach. It was afraid it was cancer. After using your medicine it entirely disappeared and has not since returned."

Wm. McKeivie, machinist, New Glasgow, says: "I paid Dr. R. S. Sweet, of Boston, \$10, for six months' treatment for dyspepsia, besides cost of medicine. No cure. I then tried Doctors Cox, Carpenter, and the late Dr. O'Connor, all of Boston; was told I was past recovery. Was induced to try K. D. C. have used four boxes; have been well over two months; can eat anything, and am at work again. I would advise dyspeptics to try it, that's all."

W. P. King, Esq., Insurance agent, Truro, N. S., certifies that for several years he had dyspepsia of the worst kind, with great pain and distress in eating. In fact, pain almost all the time, until getting so bad, could neither eat or sleep. During those years he consulted several of the best physicians, getting medicine from each, which only afforded temporary relief. He then discovered the great value of K. D. C., which, after taking a short time, resulted in his complete restoration to health. He can furnish names of hundreds of persons who can testify to its great value.

Mrs. Alice Cameron, New Glasgow, N. S., says: "I have used one package of your K. D. C., and have derived great benefit from it. My case is very severe—complicated with other troubles." 2nd Letter: "I had been troubled with a constant pain in my stomach. It was afraid it was cancer. After using your medicine it entirely disappeared and has not since returned."
