ST. JOHN WAS TOO MUCH FOR MARYSVILLE TEAM

Five Marysville hockey players with Eddie Mooney at right wing and Murray Jarvis keeping time, put up a stiff argument against St. John in the Queen's rink last night and managed to net the puck six times to St. John's dozen.

The game was on good hard ice, and both teams brought out some fast skaters.

Jimmie Phillips was the best man on the ice. Time after time he ran through the opposing team and shot on the goal. He was not selfish either, and many of the rushes were the means of points being made.

Lee in goal for St. John put up his best game so far this year, but he had a tendency at times to get too far from the net.

Brad Gilbert, Tait and Parker were conspicuous in the St. John play.

Every one of the Marysville men played hockey at all times. They were always dangerous, and had their regular lineup appeared the game would no doubt have been much closer.

The match was fast, and the crowd was kept on edge at all stages. Only one penalty was handed out; Brogan suffered for cross checking.

Eddie Mooney, when he appeared in Marysville uniform, was greeted with cheers, and when he scored one of the visitor's goals in the last period the crowd was delighted.

Fenney in the nets for Marysville kept the count down considerably by his clever work.

Play started with a rush and Phillips had a shot at Fenney, then the puck was carried to the home net, and Moore hunched it in for first blood.

From the face St. John rushed and Fenney only saved by kneeling on the ice. He was warned by the referee.

The play then went to St. John's territory, but Brad Gilbert returned in a nice rush. Tom Gilbert took the pass and scored. Tait followed soon after with another.

In the second period Marysville scored two and St. John four goals.

Phillips was particularly conspicuous in the third session, and Tait

was right on time with the headed support.

Brad Gilbert took a turn at centre, but soon dropped back again to the defence.

The double referee system was used with K. Inches and R. Sturdes handling the whistles.

The teams lined up as follows:

Marysville Goal.....Lee
Point.....J. Phillips
Cover.....B. Gilbert
Right Wing.....T. Gilbert
Left Wing.....Parker
Substitutes.....

Notes.

The local forwards seemed to leave their opponents uncovered too much. Many of the visitors' rushes should have been stopped nearer their goal.

No chance to compare N. B. H. L. style with inter-provincial, but the game was worth watching.

Marysville in full strength would be a big drawing card here. Those who came last night were in condition to play too.

It will be some battle when the champions of the two leagues meet.

The prospects of a new arena for St. John has evidently created some interest, judges from the new faces in evidence in the rink last night.

Fredrickson, St. John, Moncton and Amherst, would make a fairly nice professional league for next winter.

Hockey is on the upward wave in New Brunswick.

Six man hockey has proved a success here all right.

Come again, Marysville.

COMISKEY, SOX'S PRESIDENT, RECOVERING FROM ILLNESS

THE FORMAL ENTRY FOR THE \$50,000 PRIZE

New York, Feb. 13.—The formal entry of the Rodman Wanamaker aeroplane for the prize of \$50,000, offered by the London Daily Mail, for the first transatlantic flight, was prepared today, and will be mailed at once.

Another aviator who says he will fly for the transatlantic prize is Abram Raygorodsky, who has the pilot's certificate for the Aero Club of France.

New York, Feb. 13.—After making a detailed study of weather maps of the North Atlantic ocean for the last ten years, the Water Flying Committee of the Aero Club of America has decided to recommend the month of September to aviators as the best month in which to attempt a transatlantic flight.

"We have found that June is a bad month for the flight at St. John's, Nfld., the proposed starting point," says Henry A. Wisewood, chairman of the committee, because about two-thirds of the month is habitually foggy, and the fog extends out from the Grand Banks for a distance of four or five hundred miles across the Atlantic.

"Over the course in general the foggy days amount to five per cent. The September fogs, too, are not the thick, impenetrable fogs of the early summer."

MOUNT A. DEFEATED ACADIA

Bathurst, N. B., Feb. 13.—Mount Allison and the Acadia teams met in a hockey match this evening which resulted in a victory for Mount Allison by a score of eight to one.

The Acadicians had traveled from Fredericton and were tired, but their forward line showed up well, and Leaman in goal played a star game. In the first half Mount A. gained three goals to Acadia's nothing.

In the second half Mount Allison bettered five more goals, while Acadia obtained one, and the one goal obtained by Acadia is said to have been a fluke, when it went from Pickford, the Mount Allison point by a mistake. The teams lined up as follows:

Acadia Goal.....Lesman
Point.....
Right Wing.....Smith
Cover Point.....Allen
Left Wing.....Rogers
Centre.....Eveleigh
Left Wing.....Archibald
Right Wing.....Moore
Goalkeeper.....Frank Knapp was the referee.

SPORTOGRAPHY

Baseball Players will Soon Hike to the South.

Down where the balmy breezes blow and occasionally some breezes that are not so balmy—the training season for baseball players will soon begin.

Along about St. Valentine's Day, when the stink of the steam radiator and the roar of the wood fire are still beautiful music to the ears of northerners, those who follow the diamond pastime as a means of livelihood and those who expect to receive misadvises from the club managers ordering them to hike to the southern training camp. To the footfree youth, who has yet to win his spurs in the main show, this epistle is as welcome as any valentine could be. To the veteran, who maybe has a wife, and children, and a home, just like common folks, and to whom the training camp and the barnstorming trip north are oft told tales, the managerial valentine is not an unmixed joy. It means that he is to have another chance with the club, but it also involves the thought that perhaps some ambitious youngster will come to the front and sup his job. Maybe he will recall the first time he went south for a trial with a big league club, and the veteran, grown a little stiffer and a little slower, and with what jubilation he heard the manager tell him that he had made good! He gave scarce a thought to the old fellow who was now

MARITIME CURLING BONSPIEL

Halifax, Feb. 13.—Two of the competitions in the Maritime Curling Bonspiel were finished today. The D. C. Fraser trophy was carried off by Amherst, Skip R. G. Fuller, N. C. Rogers, Mr. Carter, H. M. Rogers.

The Mayflowers (Halifax), skipped by Robie Davidson, finished in second place.

The Dunlop Cooke trophy competition was carried off by the New Glasgow Curling Club Skip W. H. Torry, Don Fraser, J. E. McDonald and A. Fraser.

The Sydney Curling Club's rink was second. This rink was composed of J. J. Turnbull, Hugh Ross, H. J. McCann and J. T. Burchell. The other competitions will be decided tomorrow.

ROY HARTZELL

The New York Americans retained only three players, outside of the batteries, last season, and in October presented an almost new front from what was shown in April. Wolter, Cree and Hartzell are the three veterans and they are reported to be going.

Hartzell proved the handy man last season, playing every position except pitcher and catcher, and he might have done that as well as some who attempted it. At present he is wanted to manage Denver, in the Western League, in place of Jack Hendricks, now at Indianapolis. Roy lives in California, and this arrangement would give him a chance to run home now and then.

THIS DATE IN RING ANNALS

- 1911—Frank Klaus defeated Leo Houck in twelve rounds at Boston.
- These two boxers and George Chip have been the leading contenders for several years for the middle weight championship. All three are Pennsylvanians, Klaus having been born in Pittsburg, Houck in Lancaster and Chip in Scranton.
- Houck is the senior of the three in years and ring experience, and until a year or so ago appeared the most promising of the contenders for the middle weight crown. Last October, and again in December, he was knocked out by Chip, and that put him out of the running.
- Last November Houck outpointed Chip in a six-round bout.
- 1907—Billy Papke knocked out Carl Anderson in the first round at Spring Valley, Ill.
- 1910—Digger Stanley and Young Pierce fought twenty-round draw at London.
- 1911—Johnny Kilbane defeated Jack White in twelve rounds in Columbus, O.

NOVEL BOWLING FEAT.

The hall of fame of bowling has acquired a new member in Frank Andrews, who managed to topple the pins for the perfect score of 300 at the Metropolitan alleys in Washington Heights, New York city.

Andrews' feat puts him in a class by himself as a "300 bowler," for in the tenth frame and on his last ball he secured his twelfth strike without hitting the head pin.

The ball on his twelfth effort hit the 2 pin, left up the 1, 3 and 6, and in some way, too quick for the eye to catch, one of the toppling pieces of maple hit the 6 from behind, which in turn carried the 3, and the 3 spilled the head pin.

FOOTBALL MEN CAN'T WRITE.

Members of the Princeton's football eleven in the future will not be allowed to write "expert" stories of the games for the newspapers under their own names according to the announcement by a member of the board of athletic control. He declared that the sentiment of the board was against the practice and that he expected to bring the matter up at the next meeting. That a rule would be issued against the practice he felt certain.

THISTLES VS. ST. ANDREWS

The Thistles and St. Andrew's will curl the second match of a series with the St. Andrew's Club this afternoon and evening. There are fourteen rinks aside and the match is a most interesting one.

HAMPTON VS. CARLETON

Two rinks of Hampton curlers will arrive in the city today to play a match with the Carleton Club.

EIGHT OF CREW DROWN.

Shoreham, England, Feb. 13.—The entire crew of eight seamen of the steamship Myovna were drowned today when that vessel was wrecked on entering the harbor here. The captain was saved. The Myovna was a coasting vessel of three hundred tons.

SYDNEY NOW LOOKS GOOD FOR TROPHY

Halifax, Feb. 13.—The Sydney hockey team tonight trimmed the Socials by a score of five to four. The ice was perfect, but only a fair sized crowd turned out to witness the game. The Socials made a good fight, but the Millonaires always kept in the lead. They started the scoring and kept the Socials on the defensive for the greater part of the game.

JOE BIRMINGHAM

Followers of the Cleveland team were agreeably surprised by the way Joe Birmingham piloted his players along. Considered an experiment at the start of last season, he had the team up near the top, and a permanent contender all the way.

Birmingham's own game was interfered with by his broken leg, early in the season, but Ryan and Liebald made acceptable substitutes.

According to the dope, Cleveland will be in the fight this season, and if Falkenburg, Greg, and the other pitchers hold out they may divide some world series' money in October.

President Somers of the Naps appreciates Joe's work as well as the fans. He recently presented the manager with a seven-passenger auto.
