Captain Paul R. Tingley.
Hopewell Hill, March 30.—Relatives here received intelligence last night which many old friends will regret to hear, of the death of Paul R. Tingley, at his home in Shanley, Isle ofight, of Captain Paul R. Tingley, native and former resident of this place. Captain Tingley, who was in the 72nd year of his age, had been in failing health for a couple of years, but during the last few months had improved much, and only since January had been incapacitated. His illness and death were due to a slowly developing interly growth of a cancerous character. The disease was inherited by his second wife and a step-daughter, in Shanley, and three brothers—Captain Joseph B. Tingley, of Wolfville (N. S.), and Mariner M. and John M. Tingley, of Wood, living in the States. Other brothers, Samuel and Charles, have been dead many years, and two sisters, Mrs. Abigail West and Mrs. Charles Derry, died some years ago. Captain Tingley was a son of the late Josiah Tingley, of Hopewell, and was one of the most successful of the many successful Albert county seafaring men. He entered the mercantile marine at eighteen years of age, and was in a position of command at twenty-four. During the thirty-two years of his life at sea, he commanded some of the finest vessels sailing out of St. John, the last two of which he was in charge being the big bark Galatea and the ship Concord, both of which were Hon. G. S. Turner and Harvey, Albert county, and owned by the late George F. Smith and others of St. John. He also owned largely in shipping. During his active career at sea, he retained a residence in Hopewell and occasionally spent considerable time at his old home here. Some twenty-two years ago he sold out his shipping interests, and retired, taking up his residence at Hopewell, and later on at Shanley. Shanley papers received here speak most eulogistically of Captain Tingley and of the high esteem in which he was held among the prominent and useful people occupied in the life of the community. He held the distinction of being a Fellow of the Royal Geographical Society, and was the representative of the Society for the Indigent Blind, chairman of the house committee of the Home Rest, vice-president of the Shanklin Bowling Club, and was a past master of China Lodge, F. & A. M. He was also a sidesman of the Old Church, where he was a regular worshipper, and took an active interest in church mission work. The Shanklin papers especially emphasize the extreme gentleness and courtesy of the deceased and the many sterling qualities of heart and mind which manifested themselves in the ordinary acts of everyday life.

BRITISH ARMY SPREAD

OUT LIKE FAN, GRIMLY HOLDING THIRTY MILES
(Continued from page 1)
as Plug street, although it is spelled a little differently on the maps. To reach them you have to cross to come within rifle shot of the enemy, for in many places the Germans and British trenches are not more than 250 yards from each other, and here and there they are only forty or fifty yards apart. One creeps and crawls at dusk along paths which months of experience has told the soldiers are the best means of approaching, and one eventually scrambled into a communication trench, which, with a number of zig-zags, leads you to the firing trench, where the men are waiting in hand, in case of attack, or awaiting an occasional snapshot through a loop-hole in the trench parapet.
The trenches in Plug street are like all the other trenches—very exacting to think about before you reach them, and unless you happen to arrive when shells are bursting overhead, comparatively dull matter-of-fact when you are there. It is only the chance of death that gives them their peculiar interest over other holes excavated by men in clammy earth. The bee-like buzz of Rev. A. C. and Mrs. Bell, Mr. and Mrs. Kilpatrick, Mrs. Langlois and Mrs. Kilburn.

Miss Leslie Pickett, of St. John, is the guest of her uncle, Dr. W. Pickett, of Hillside.
On Thursday evening a very interesting game of basketball was played in the specialty between the boys' and girls' teams of the U. N. B. and Perth, with the following result: Girls, 4 to 4, in favor of Perth; boys, 24 to 48 in favor of the U. N. B.
Mr. and Mrs. Charles Rolfe, of Presque Isle (see Miss Bessie Scott) are receiving congratulations on the arrival of a baby boy on St. Patrick's day.
Mrs. Medley Miller, of River de Chute, and infant son, was the guest last week of Mr. and Mrs. Wetmore Pickett. Through the efforts of Mrs. Miller a Red Cross branch has recently been organized at River de Chute, with a membership of more than twenty, and yarn donated by Mrs. Miller for the first knitting.
On Thursday afternoon Miss Mildred Wallace entertained the members of the girls' basketball team of Perth with the girls' team of the U. N. B. at the home of Mrs. Wiley. Dainty refreshments were served, and a most delightful time enjoyed before the hour for the game. The party was chaperoned by Mrs. Keirstead, of Fredericton.
The mission band of St. James Presbyterian church were entertained on Tuesday at the home of Mrs. William Curry.

Greenwich Hill Notes.
Greenwich Hill, April 1.—Much sympathy is extended toward Isaac V. Haviland, whose residence and store was burned to the ground a week ago Sunday night. About midnight, Mrs. Haviland, who had retired for the night, was awakened by the smell of smoke, and upon investigation, found the store was in flames. He gave the alarm, but the fire was under such headway that nothing could be done. The barn was also burned as it was connected with the house. The origin of the fire is unknown.
Mrs. T. Wallace, who had her arm broken some time ago, is improving.
The Red Cross knitting circle this week met with Mrs. S. J. Chisholm. Next week Mrs. Miles Pitt will entertain the circle.
Miss Annie Day, who has been confined to the house for about two weeks, with gripe is convalescing.
Mr. and Mrs. F. Pepper, who have been living here about a year, have removed to Fairville, where Mr. Pepper will take charge of a farm for Mr. Manchester.
S. C. Dunlop, who has been lumbering near here, left his team on Monday last week for his home at Millville (N. B.).

Ottawa, April 1.—Bank clearings for the week ended today were \$4,176,391, as compared with \$3,907,998 for the corresponding week last year.
Quebec, April 1.—Bank clearings for the week ended today were \$2,504,897, corresponding week last year, \$2,705,982.

Will Recommend It.
Commissioner McLellan said yesterday morning that he would recommend at the next meeting of the common council that the request of a local company for the use of the machinery hall in the exhibition building for the manufacture of shrapnel shells, should be granted. The company would pay rental and would install the additional power and the special machinery at their own cost.
The commissioner said he regarded it as of as much importance as a matter of patriotism for the city to assist in the manufacture of the ammunition as to help in housing the soldiers and that the proposal would have his support.
