CHINESE STUDENT IS A COMING SPRINTER

One of the best track men the University of Wisconsin has ancovered in years is a native born Chinaman. Hsuch Hai Hsich is now bunning up the cinden path under Coacif Bresnahan. He won his numerals last season, and has been the highest individual point winner in two intermural meets within the last three weeks. Gray Hair

on the field this year there are Shirk and Zuber, the dever hurlers, both of whom are in fine form, Ernie Ziegler and Jack Frank catchers, I. Master, at first/base, Billie Burke at second base (probably), George Hainsworth, at short stop. Dunbrook at third base, Cody, Omlette Knoll, Alf Treusch, Geo. Hiller and Otto Toletzlsy on the outfield.

President David H. Fultz in Toronto

The Chief executive of the International League President D.H. Fultz paid his first visit to Toronto yesterday. He was delighted with the plant and the enthusiasm displayed at the opening game. Fultz is a disciple of the batting game, and while admiring the brilliant efforts of both Rommell and Hubbell on the mound expressed the opinion that more hitting would have added to the enjoyment of the battle.

Hamilton at Flint, Kitchener at Bay
City, and Brantford at Seginaw. The
openings game in Ontario next Monday
May 19 are:—Saginaw at Hamilton,
Flint at Brantford, Bay City at London.
Battle Creek at Kitchener.

Pitcher Quinn who has been with the Toronto Leafs up to the present reported to London yesterdry.

WILL ORGANIZE TOMORROW NIGHT

Citizens Are Expected To Turn Out In Big Numbers.

Out In Big Numbers.

Tomorrow evening, Wednesday, will be a big night for the amateur sports in the city will receive an impetus such as it has never had previously. There will assemble in the City Hall at 8.15 o'clock citizens of all ranks and callings including the older and the younger. They will get together and organize an amateur athletic association.

In the organizing of such a body one of the main features is to have a representative membership throughout the city. It is therefore necessary to have a representative membership throughout the organization meeting. The indications are that this will be the case: So far the proposition has been enthusiastically received by the lovers of clean sports and their promises of support has been secured. Attention to the proposal and to the meeting has been drawn wherever possible so as to have as many present as possible when the organization is effected. Attention has been directed to the same in the factories.

Intelligence has been received from I

tories.

Intelligence has been received from Billy Hewitt, Toronto, that P. J. Mulqueen, the chairman of the Sportmen's Patriotic Association, who directed sports at the front, will be present to give advice. Other men who will be here are Mr. Hewitt, secretary of the O.H.A., and a member of the Canadian Amateur Athletic Union; Francis Nelson, one of the governors of the Union and Billy Smith, the well-known organizer of Toronto.

MANY MORE SETTLERS GOING INTO THE NORTH.

With the war over Northern Ontario is beginning to come into its own again. According to Mr. Macdonnell, director of colonizacion for the province, the number of settlers taking up land in the clay belt this Spring is greater than in any year since before the war. The number of enquiries about Crown lands is easily double that of last Spring at this time.

Zam-Buk cured him. This money might have been saved by Mr. Z. D. Muro of 722 Papineau Ave. Montreal, had he only known of Zam-Buk sooner. Writing to the proprietors, he said: "For over a year I suffered with eczema which notbing semed able to cure. I had treatment from three doctors, which cost me \$5¢, but none of them were able to cure me. I suffered intensely from the irritation and pain, and I thought I should never get relief, until one day a friend told meabout Zam-Buk and I started using it right away. From the very first application I felt better. Zam-Buk relieved the irritation and seemed to cool and soothe the sores. Gradually the sores began to heal, and, with perseverance, Zam-Buk completely rid me of the disease." See our used cars. We have some bargains right now.

HATS & CAPS

N practically all public services there are what are known as peak load hours-hours during which the demands for service are greater than at other hours of the day. A striking example of this is seen in the case of the street railway rush in the period just preceding and following the business day.

The accompanying curve shows the distribution of Long Distance, business over the various hours of the day. It is evident that to make use of the service at hours other than those in which the peak loads are being carried, means that you obtain a more prompt and satisfactory service.

We suggest that where possible, you place your Long Distance Calls so as to avoid the hours of peak loads.
