"Prompt Service"

Service and Growth

Great and permanent growth in any institution is impossible except on the basis of genuine service to the Public. For 87 years we have aimed to give a sound and comprehensive service—yet withal a friendly and sympathetic one—to our customers. Our present strong position is a measure of our success—but more largely a measure of our usefulness. Why not let us serve you too?

Slight Drop in Flour Price

The price of flour dropped slightly this week. It is \$5.10 a hundred pound. The drop was 30 cents.

Given A Warning

For not putting out a fire in the railway station near the Sugar factory a sixteen-year-old youth was given a warning in police court this morning. The youth denied he had lit a fire which was discovered by the railway men in the building early in the evening, when paper was found burning and the youth also discovered there. The latter maintained that another young man who had run away had put the light to the fire.

Liquor Cases Again Adjudged

The liquor cases involving a number of local hotelkeepers have been adjudged for another week. The purpose is to dispose of four charges in the south riding before proceeding with these, were in attendance at the police offices this morning in connection with the cases.

Has Returned to City

Mr. Roy McEachern, sales manager of W. N. McEachern and Sons, Ltd., is in the city again in connection with the plans for commencing building operations on houses in this city, which will take place in a few days.

Trimmed hats \$5.00 at The Rose.

Committee Did Not Act Definitely

The regular committee meetings of the Council were held last evening. Among the matters that was up before the Finance Committee was the petition from ratepayers who wish to have another vote on the question of the name of the city. The members of the Council, it is understood, had quite a discussion on the matter, as they are not unanimous on the question. A suggestion to have a by-law prepared for the plebiscite and to submit the same to the council at the next meeting was not acted on. It was decided to have the matter come up before the Council first before deciding on the course of action to be followed.

Death of Galt Lady.

The death occurred at the hospital of the late Mrs. Saunders, widow of the late Clarence Ferguson, 130 Cambridge street, aged 29. Deceased had been ailing six months and the end was not unexpected. The late Mrs. Ferguson was born in Scotland and came to Canada about nine years ago. She was a member of First Church and of the choir. Besides her husband and one daughter aged 4, one brother and two sisters survive.

Questions Before Elmira

This week discussed the proposed hydro electric radial from Elmira to Hamilton. The scheme received hearty support from all the members and will be voted on January. The Council on Monday night received copies of the by-law and agreement, together with estimates of cost of construction, operation and maintenance.

Another subject the Board of Trade had under consideration was the housing problem. The need of about 100 additional houses here is imperative. Some members believed in building houses by private enterprise, while others approved the plan adopted by the McEachern Housing Commission. Best stamp was requested to invite this company to explain the system some evening soon.

MEMORANDUM.

In loving memory of our dear mother, Bertha Dettmer, who passed away, one year ago to-day, November 14, 1918.

Though her loving voice is silent
And her true heart ceased to beat,
And we miss her watching for us,
And the smile we used to greet,
She was a loving mother,
A mother kind and true,
A better friend never lived
Her equals are but few.

Will Be Joint Examinations

As a result of negotiations with the university authorities Hon. Dr. Cody, in making his last official announcement as minister of education, was able to impart the good news that arrangements have been made for joint examinations for matriculation and for entrance to the Normal schools and facilities of education.

In the past the high schools have been required to prepare candidates for two types and standards of examinations, based on the same courses. By the new arrangement the work of the schools will be materially lessened and the pupils will have the option of qualifying at

HOW WILL YOU STORE YOUR BATTERY THIS WINTER?

There are a dozen easy methods for winter battery care, advocated in good faith by misinformed persons. Almost without exception they produce the same result—partial or complete destruction of the Batteries' usefulness.

There is but one method advocated by battery authorities, which when applied by experts, prevents deterioration of the battery and insures satisfactory service.
