

Sir Arthur Currie.

A. S. Eve, C.B.E., D.Sc., F.R.S.C., F.R.S.
Macdonald Professor of Physics and Director
of the Physics Building.

"The work of the International Catalogue
is of sufficient value to warrant an
effort being made to continue it."

A. B. McCallum, M.A., Ph.D., D.Sc., LL.D., F.R.S.
Professor of Bio-Chemistry.

"I would say that the work is of suffi-
cient value to warrant an effort being
made to continue it further."

Dr. F. J. Shepherd,
152 Mansfield Street.

"I think the International Catalogue
should be continued for the sake of
the University."

In view of the above statements of
opinion and of the fact that the Canadian Bureau
has given nearly ten years of successful service
it is most urgently recommended that the Canadian
Government make adequate provision for this work
by an annual grant of \$3,000.00.

Faithfully yours,

J. R. Lomer

University Librarian.
