A SMART FROCK OF FRENCH PERCALE.

French percale makes a smart as well as durable dress for warm weather and this one is very pretty and very attractive after an altogether simple fashion. It is made with a blouse and straight plaited skirt that are joined beneath the belt and there is a prettily shaped yoke that can be used or omitted as liked, for it is applied over the blouse portion which is designed to be cut away to give a thinner effect. The sleeves are novel, too, and can be trimmed as illustrated or with yoking material applied over their lower edges to give the outline formed by the trimming. Checked gingham with yoke and sleeve trimmings of the latter sort made of white linen is exceedingly smart, but the dress need not be confined to such heavier materials for it will be found very pretty for the lawns, batistes and similar fabrics. If it were made from muslin with the yoke and trimming of tucking it would be a very dressy little frock, whereas made from percale it is a useful and everyday one. It would be very dainty and charming made from rosebud batiste with trimming of pink lawn and there are innumerable suggestions that might be made.

For the ten year size will be required $6\frac{1}{2}$ yards of material 24 or 27, $4\frac{1}{2}$ yards 32 or $3\frac{1}{4}$ yards 44 inches wide, $\frac{3}{4}$

yard 18 for the yoke, 8 yards of banding. A May Manton pattern, No. 6600, sizes 6 to 12 years, will be mailed
