We know it took a lot to get where you are today. With us, you'll get the opportunity to get where you want tomorrow.

Right now, you're wondering where you can put your talent and your ideas to work. Obviously, you want to work for a company who will really appreciate what you have to offer and give you the room you need to grow.

If you are graduating in engineering, business, commerce, computer science, or other disciplines and feel you can make an outstanding contribution, you want Northern Electric, one of the fastest growing companies in Canada.

In fact, Northern Electric is one of the

three largest manufacturers of telecommunications equipment in North America.

We've grown to the point where sales in 1974 reached a record \$970 million.

One of the reasons for our spectacular growth is our range of products. And the design and research that goes into their development.

Whether it's telephone exchanges, microwave relay networks or satellite communications systems. One of the results of our growth is that we employ about 25,000 people in 24 plants

around the world. Obviously, we want this growth to continue and we want to remain a leader in telecommunications. One way to do this is to hire talented young people and give them a real chance to grow. Of course, our standards are high but then so are the rewards.

Do you want to join a company with a real future? Talk to your placement office or if you prefer, contact Manager, Staffing, P.O. Box 6123, Montréal, Québec. H3C 3J5 - Tel: (514) 931-5711.
