A Growing Practice in Parliament Criticized.

Ottawa, July 9 .- The bill incorporate ing the Canadian Telephone & Telegraph Co. met with opposition from Mr. T. O. Davis in the Railway Committee, on the ground that it was of a speculative character. The incorporators were a number of gen tlemen residing in the United States whom were associated Mes Herbert McCormick, Orillia

Wm. Herbert McCormick, Orillies John Culbert, M.P., Brockville; Rufus Henry Pope, M.P., W. F. McCreary, M.P.; Frederick A. Henry. Nepean, Carleton County; Geo. W. Fowler, M.P.; Geo. Eldon Kidd and John Thompson, Ottawa.

Hon. A. G. Blair, Minister of Railways, called attention to the fact that it was getting quite a common thing at this session, much more so than heretolore, to see the names of members of Parliament among the incorporators of companies appealing to Parliament for charters. This rendered it somewhat difficult for their collegues and associates, who were academy—a very good showing from academy—a very good showing from academy—a very good showing from leagues and associates, who were hampered in dealing with the meas-

Mr. T. O. Davis protested that this was a gigantic trust, which sought to come in and secure control over all the telegraph and telephone companies in Canada. He moved that the bill

time the country had some competi-tion with the Bell Telephone Co.

Mr. W. F. McCreary justified his ac-tion in putting his name on the bill as an incorporator on the ground that the farmers of the northwest want that the farmers of the northwe

that the farmers of the northwest want a telephone system, which the Bell Co. will not give them.

Mr. Emmerson said that he was glad Mr. McCreary had explained the object of the bill. The building of telephone lines in the west, where they were so much needed by the farmers, was a laudable object. was a laudable object.

Col. Tisdale said that if the Bell

Telephone Co. would not give the service required, then it was a good thing to have any gentlemen, Canadians or foreigners, do so. He thought that members of Parliament were the best guardians of their own honor, but he would not vote on a bill in which he was interested. The bill was talked out by Mr. Da-

vis.

Before adjourning Mr. Bickerdike, referring to the remarks of the Minister of Railways respecting members of Parliament voting on bills in which they were interested, said that this was the first time he had heard the question raised. If, however, that rule was to be enforced, it should apply, not only to members who were interested in the Bell Telephone Co., but to Ministers also, who were shareholders in companies which were rivals of the gentlemen seeking incorporation.

THREE MILLIONS LOST.

In Two Days by Cotton Corner Col-

THREE MILLIONS LOST.

In Two Days by Cotton Corner Collapse.

New York, July 9.—At the end of another disastrous day in the cotton market nearly \$3,000,000 of the Brown Syndicate's gaper profits had been wijed out, and its supporters were descriting in panie. It was the old story of having all the cotton without being able to get any buyers. That the New Orleans men were unloading became only too apparent, and the landslide followed. To add to the troubles of the bulls, the hand of the shrewder veteran in the pit, Theodor. H. Price, was seen in the bear stuck. Price, who all the while Sully was booming May cotton and Brown boosting July and August, sat idle in his office, sulded to his generalship that the raid of the bulls was as osuccessful. A loss of over \$0 a hale was recorded, counting from the highest prices reached last week. This sannihilation of profits demoralised the New Orleans bulls, and as so successful. A loss of over \$0 a hale was recorded counting from the highest prices reached last week. This sannihilation of profits demoralised the New Orleans bulls, was as souccessful. CATTLE ON BAILWAYS.

COMPANIES MUST PROVE NEG LIGENCE.

Relief For Owners-Important Provisions Relating to Drainage and Crossings-Toronto & Hamilton Bill Postponed.

Ottawa, July 9 .- Mr. Blair's railway bill was before the House for practically the whole of the session. Important changes were made in the bill at the instance of private members. Mr. Cowan of South Essex secured an amendment to the drainage clause, enacting that a farmer shall be responsible only for the portion of the cost of a drain under a railway that the drain would cost if the railway were not there. Mr. Sutherland of North Es-sex moved an amendment to the clause dealing with the responsibility of railway companies for cattle killed, which places on the railway companies the onus of proving that cattle so killed got at large through the negligence of the owner. This was carried by a large majority. In committee on the Toronto & Hamilton Railway bill Mr. Blair made the announcement that it the bill is found to invade Provincia rights the Government will not permit

to pass.

When the House resumed in the evenit to pass.

When the House resumed in the evening, the order for resuming the adjourned debate upon Mr. Campbell's motion that the House go into committee upon the bill to incorporate the Toronto & Hamilton Railway. Company was the first order on the paper. Hon. Mr. Blair stated that it was the desire of the Government that the bill be not now proceeded with. Representatives of various materested parties who desire to be heard were in the city. If, after these gentlemen had been heard it appeared to be, as they claimed, that this was not a proper subject for the Dominion Parliament to legislate upon, and that by this bill the Dominion Parliament was withdrawing from the Provincial Legislature the control over any railway which ought to remain within the Provincial jurisdiction, then this Government would not sanction the bill nor permit it to pass. Therefore the Government asked that the bill be allowed to stand for the purpose of locking into the question more thoroughly. The bill respecting the Century ing into the question more thoroughly. The bill respecting the Century Life Insurance Company was passed through its final stages.

Pennell Left \$221,108.

Buffalo, N. Y., July 8.—J. Fred Pennell, administrator of the estate of Arthur R. Pennell, who was killed in the Gehres stone quarry, filed an accounting of the estate this morning. It shows Pennell had property worth \$221,108, including his insurance.

The Regular meeting of Wellington Chapter, R. A. M., G. R. C., will be held this evening at 7.30. Basides the regular business, the supreme degree of the Holy Royal Arch will be conferred. Visiting companions welcome

Opposition goads many a child when persuasion might convince.

SUNSET SUMMONS

At sunset last, evening Elizabeth May, daughter of Mr. and Mrs. Sam-

uel Sullivan, Houston St., fell asleep. The deceased young lady was ill but a few short days. She was removed to the Public General Hospital, but comparatively little apprehension was felt until yesterday, when she suffered a relapse from which she never rallied. Shortly after eight o'clock

she was called to the Unseen. The deceased was but 22 years of age. She was the third daughter, and two brothers and three sisters are left, with their parents, to mourn her loss. One sister preceded her.

An earnest Christian young lady, the deceased was esteemed and beloved by all who know her. She was a member of the Park St. Methodist Church and took an active part in the young people's work.

The funeral will take place to-morrow afternoon at two o'clock, from the home to Maple Leaf Cemetery. Rev. G H. Cobbledick, the deceased's pastor, will conduct the obsequies.

Much sympathy is felt for the bereaved family and friends.

IRISH LAND BILL.

All the Regular Clauses Adopted by the Common

London, July 9. - All the regular clauses of the Irish land bill being adopted, the House of Commons took up the newly proposed clauses, on the first of which the Government showed the smallest majority of the

showed the smallest majority of the whole debate. Irish Secretary Wyndham proposed appropriating \$25,000 annually out of the development grant to indemnify Trinity College, Dublin, for any loss of income arising from the sale of land owned by the college. The new clause was vigorously opposed by the Nationalists, but after a long debate it was adopted by a Government majority of 63.

A number of private members clauses were then submitted and discussed at length. Mr. Wyndham pleaded that the House complete the committee stage of the bill this evening and all these clauses were then withdrawn. Mr. Wyndham then moved an amendment to schedule 1, providing for the payment to the landlords of a uniform bonus of twelve per cent. This was agreed to, although the Nationalist plainly lutimated their intention of reopening the question on the report stage. The bill as amended then passed through the committee stage, and was reported to the House amid cheers.

EXAMINING U.S. CHARTS.

oseph Pope After Those For the Alaska Boundary.

Washington, July 9 .- Joseph Pope, the Canadian expert in connection with the Alaskan boundary controversy, who also has been named as principal assistant to the Canadian agent in the preparation of the Canadian case for submission to the commission which will meet in London an September, called at the State Department to-day and began the examination of the originals of some of the tion of the originals of some of the important charts presented by the American side in support of its case.

THE HOTTEST IN TWO YEARS. Yesterday's High Temperature 92 Beats July 8, 1902.

Toronto, July 9. - Yesterday was the hottest day in two. years, the thermometer touching g2 between 3 and 4 o'cdock in the atternoon. Strange to say, July 8th was the warmest day last year, but the thermometer only touched gr on that day. In 1901, 97 was recorded on June 27th, and in 1900, 98 on August 6th. The street cars were crowded last

night and the ferry company did an extraordinary business, carrying citizens in search of cooling breezes.
