Certificate from J. Taylor, Esq., M.R.C.V.S., London, Inspector of the Royal Stables. Since ordering the N. B. C. Food Company's Condiment to be used in the Royal Stables and Model Farms we have had no ailments amongst our Cattle. I consider it to be the best Condi-ment offered to the public, and the only one worthy of their attention.

June 4, 1870. J. TAYLOR, M.R.C.V.S., London. From Mr. A. W. Alloway, Veterinary Surgeon, Cote St., Montreal, Dec. 15, 1871:

You can use my name as testifying to the genuineness and utility of the Nutritious Condiment for horses and ca the. A.W. ALLOWAY.

From Messrs. Bancroft & Sharpe, Great St.

James St.: The information contained in the North British Cattle Food Co.'s Circulars respecting their Condiment is true to the letter. We have it and are satisfied. For horses that have been stall-fed for several seasons it is invaluable; after using it a week or so, they are as fresh as if they had been out at grass all spring. Independent of the saving it effects in

spring. Independent of the saving it effects in other feed, we should continue to use it.

Bancroft & Sharpe, City Express and Livery Stables. Montreal, Dec, 18, 1871.

From Mr D T Irish, Agent of the National Express Co and Canadian Express Co, Montreal: The North British Cattle Food Company's Condiment is being used in our stables, and the men inform me the horses relish it, and are much improved under the new regimen.

DT Irish, Express Agent.
7 and 9 Place D'Armes. Dec 18, 1871.
