\$12 Buys this \$20 Outfit

\$1

GUARANTEED FOR FIVE YEARS

Our \$1 Offer

A payment of only \$1 and your promise to pay the balance (\$11) in five and a half monthly payments of \$2 each will buy the new Crown Melophone, guaranteed to be equal in every respect, and superior in many important respects, to machines sold for \$17 without records, also a Needle Box, 300 finest quality Diamond Steel Needles, and six brand new Seven-inch 60c. Records—good \$20 value for only \$12 on easy payments of \$10 each.

The Records

Are noted for their superior quality great volume, clearness and brilliancy of tone. They will wear twice as long as any other disc record, and the selections are the finest ever heard. There are hundreds of titles to choose from including solos on all the different instruments, band and orchestra selections, comic, sentimental and coon songs, hymns, chimes, bells, sacred music, duets, quartets, sextets, minstrels, talking, whistling and dialect records.

Description

The new Crown Melophone is a handsome instrument, substantially made, and so simply constructed that a child can easily operate it. It can be wound while running, and will play any make or size of disc record. It has a beautifully polished oak cabinet, fitted with a real talking machine motor (not clock-work motor) with worm gearing, constructed on the same principle as those found in the highest priced machines, only on a little smaller scale. It has the new combination brake and speed regulator. By the use of this you start, stop and control the speed of the machine by one small lever so simply constructed as always to be in order. It has the regular standard, full size sound box. The horn is 15 inches long, finely nickel-plated and red lacquered on the inside. Its unusual length, improved shape and extra large bell, 9 inches in diameter, rounds out the tones beautifully, so that when they issue from the horn they are loud, full, clear, musical, very distinct and as sweet as a bell. All the metal parts are nicely gilded, and the whole is elegantly finished, making an instrument superior in appearance, workmanship and finish to any machine ever sold for less than \$20, including six records, and remember we guarantee it for five years.

Why we Can Make Such a Liberal Offer

The more we buy the cheaper we buy, and the cheaper we can sell. We were not always able to offer such value. When we first started in business we bought machines by the dozens and records by the hundreds. Then our business steadily grew and we began to buy by the hundreds and thousands, later by the carload, NOW we control the entire output of one of the largest factories in the world in this particular machine.
