

For Church Interiors of Beauty and Nobility

Pedlar's "Perfect" Art Steel Ceilings and Walls in Gothic designs are particularly adapted to Church Interiors. The Gothic type of architectural design had its origin about the middle of the Twelfth Century. It was a variation, or decedent, of the Romanesque style, and has been used almost exclusively for religious purposes.

PEDLAR'S "Perfect" Art Steel CEILINGS

and Side Walls in Gothic designs when applied to Churches and other buildings of similar architecture, give to them an air of beauty and nobility that is difficult to describe. In our Gothic designs, we have modified the original lines, leaves, etc., to produce effects that are at once decorative and harmonious.

Our Service Department will gladly furnish drawings and estimates free upon request.
