

The Bowser Safe Self-Measuring Oil Tank is Profitable Because it is Clean

The old style tank reduces your profits by letting oil drip, and the oil ruins other articles, besides making your store "oily" and "smelly." The BOWSER TANK cuts off the oil as soon as you stop pumping; it does not drip; it positively prevents evaporation; you save the oil and the food stuffs; there's no oily smell, no dirty, oil-soaked floor, no odor—you get all your profit. The BOWSER outfit does away with the nasty oily measure and funnel—you hang the customer's can on a clean nozzle and pump till you fill it. Then the oil stops, and there's no drip, no dirt, no stain—no necessity for washing your hands. Write us for our booklet and full information FREE.
