## McClary's Two Wonder-Workers

"Sunshine" Furnace and "Sask-Alta" Range  
 are Household Names in Western Canada

### "Sunshine" Superiority

IN the "Sunshine" Furnace you get the greatest heating capacity. • It wastes no fuel. • Remarkably simple to operate. • Combines a number of unique features found in no other furnace. • Its success has been phenomenal—too great to be put down to chance. • Investigate its splendid heating and economical features if you plan to buy a furnace.

### "Sask-Alta" Superiority

THERE must be some good reasons why the "Sask-Alta" Range has been so enormously popular since first put on the market. • These reasons can be described by any housewife using this range. It is worth while to ask a "Sask-Alta" user about it. Will you do so, if you think of getting a range? • We invite you to see this range at our warehouse when in Winnipeg.
