ABE HUMMEL

The Scotch, said Secretary Wilson of the United States Department of Agriculture, are certainly a witty people. Now, there was a visitor in the little town of Bowdoin, who, on looking about, saw no children, but only grown men and women. He wondered at this and, finally, meeting a weaver and old man on the street, inquired: "How often are children born in this town?"

"Only once," the man replied, as he proceeded on his way. "Saturday Evening Post."

AUSTRALIANS HAVE LONGER MEMORIES

LONDON, May 26.—Hon. Thomas Bent, premier of Victoria, addressing a gathering to celebrate Empire Day at Ball's Quay, said:

AUSTRALIANS HAVE LONGER MEMORIES

Both came to England to shake hands with you over the graves of our dead relatives and friends. You cheered and congratulated him. In my country, Australia, we should not have shouted ourself hoarse and uttered white handkerchiefs at him. We remember things besides we have a number of wooden legs of amputees and of sorrowing widows to keep us in remembrance.

"Both has promised you certain things. I hope and trust he will keep these promises."

SANATORIUM TREATMENT FOR THE CURE OF CONSUMPTION. What is Being Done Throughout the World From This Dread Scourge--Canada Beneficial Work.

Dr. Knopf, of New York, one of the best known writers on tuberculosis, said of the hospitals for consumptives: "The most important factor in the combat of tuberculosis is the welfare of the patient. It would seem to me that every statesman, physician and philanthropist, who has the welfare of the people at heart should consider it his sacred duty to do his very best toward the creation of such institutions..."

TREATMENT FAVORABLE CONSIDERED. The sanatorium treatment of consumptives has received the most favorable and favorable consideration of many countries where civilization prevails and there are at the present time many institutions doing much good for this afflicted class of humanity. These institutions educate persons going thereto for treatment as to the proper mode of living, and who, when discharged, will serve as educators to others, having the dangers of the indiscriminate distribution of sputum and of the care of the same.

BOY DAMAGES FROM A LADY WHO CALLED HIM 'A FAKIR'. Several days without food and unable to make port on account of high winds and heavy seas, two schooners from Beverly, were spoken by the island line steamer Philadelphia...

It is pleasing to note that a day of awakening has dawned, and that public and private benefaction is evident in so many parts of the world, by the establishment of sanatoriums for the cure of pulmonary tuberculosis. In situations of this character have been established in Germany, Sweden, England, Egypt, the United States, and in some parts of our own Dominion. Civilization is commencing to realize its obligations to protect the lives of citizens. The benefits of the sanatorium treatment is beyond peradventure. The sanatorium for consumptive opens to a large class an avenue of escape from death. The first institution of the kind was established in Germany in 1859; at the present time there are over forty. The first in the United States in 1884; now there are many. Abroad they are moving rapidly in the matter. Sir Edward Cardwell placed at the disposal of King Edward VII. a million dollars for the establishment of a tubercular sanatorium, and His Majesty has offered the sum of £250,000 and £500,000, open to all nationalities, for the construction of a model sanatorium. By gathering together in one place, under the same treatment, we prevent infection from other members of the families, instruct the patient in the best methods to be used to prevent infection of others, and bring about the cure of the disease by the sunshine of the health. The reported results of the sanatorium treat-
