LAWRENCE and VERMONT CENTRAL at any time after this date. It is advisable that those who study comfort should arrive there previous to the 16th, as the Cars on THAT DAY may be much crowded by the great numbers going from Canada and the United States.

And are intended to arrive in Montreal the same evenings, in time for the Quebec Boats, at Seven o'clock.

IN addition to the Ports above named, the Boats will call at the other important LAKE and RIVER PORTS.

☞ After the 20th day of September, the Boats will discontinue to call at Lewiston, and make Hamilton the Port of departure, at 7½ o'clock, on the mornings of Mondays, Wednesdays, and Saturdays.

The Allotment of this Line will enable the Canada West to remain throughout the day in Montreal, and to reach their homes as early as if they had gone by the Night Boats, and connecting, as the Boats do, with up and down Express Trains at Kingston, they will afford direct conveyance for Passengers and Freight between the Canadian and Eastern States.

It is unnecessary to dwell upon the advantages of First Class Steamers passing direct from the head of Lake Ontario to Montreal, and of Passengers over those of Lines that involve a transhipment (on the downward trip) at an unreasonable hour in the morning.

In compliance with a generally expressed wish, on the part of the public, a separate charge will be made for meals.

☞ The Line will be commenced by the *HIGHLANDER* leaving Montreal on TUESDAY, the 26th instant; the *CHAMPION* on THURSDAY, 28th; and the *MAY FLOWER* will be out next month.

For Freight or Passage, apply to the Captains on board, or at the NEW THROUGH LINE OFFICE, No. 30½, McGill Street; or for *CHAMPION* and *MAY FLOWER*, to Macpherson & Crane, Commission Merchants, Canal Wharf; for *HIGHLANDER*, to Hooker & Holton, Montreal, Prescott, and Kingston.

Analysis of the Water of the Georgina Spring.

I have made a careful quantitative analysis of a quantity of this Water sent me by the Proprietor of the Spring, Captain Kaine. It is a Saline Water, containing earthy Chlorids, with portions of Bromids and Iodids, thus resembling the Plantagenet Water, from which it differs chiefly in the presence of a portion of Sulphates, which are not often met with in Waters of this class in the Province. It has a specific gravity of 1008.78, and contains in one pound avoirdupois, the affixed quantities of the following substances:—

	Grains.
Chlorid of Sodium	66.22000
Chlorid of Potassium	.72800
Chlorid of Calcium	21003
Chlorid of Magnesium	3.45982
Bromid of Magnesium	.02016
Iodid of Magnesium	.01704
Sulphate of Lime	1.35044
Carbonate of Lime	2.08600
Carbonate of Magnesia	2.54016
Carbonate of Iron	Traces
Silica	.14350

THE most strongly marked and developed cases of Pulmonary Consumption, where the lungs have become diseased and ulcerated, and the case has utterly baffled the skill of Physicians, and pronounced by Physicians and friends to be past all possibility of recovery, and at times thought to be dying, have been cured by the use and reception of but one bottle of this wonderful compound of medications which are peculiarly adapted to, and essentially necessary for the cure of

COUGHS AND CONSUMPTION.

Its operation is mild, yet efficacious; it loosens the phlegm which creates so much difficulty, relieves the cough, and the tissues assume the expectorant form, the system all diseased matter by expectoration, producing a delightful change in the breathing and chest, and this, after the perscriptions of the very best medical men, and the inventions of kind and sorrowing friends and nurses, have failed to give the smallest relief to the Consumptive sufferer.

persons have been deceived repeatedly in buying medicines which were said to be infallible cures, but which have proved only palliatives; but this medicine is not only a palliative, but a cure for advanced lungs. It contains no deleterious drugs, and one trial will prove its astonishing efficacy better than any assertions of certificates in curing Consumption, Coughs, Colds, Inflammation of the lungs, Spitting of blood, coughs, pain in the side and chest, night sweats, &c., &c.

About 1000 certificates of almost miraculous cures, performed by this medicine, from some of the first Doctors, Clergymen, and Merchants, have been sent us for this medicine, but the publication of them looks too much like a Quackery, (will show them to any person calling at our office.) This medicine will speak for itself and enough in its own favor wherever it is tried.

Caution.—This medicine is put up in a large bottle, and you must find the name of Comstock & Brother, Proprietors, New York, on the splendid wrapper around the bottle. All orders must be addressed to Comstock & Brother, No. 6, John Street, New York.
