There are two great difficulties in curing yourself of Kidney and Bladder Troubles - Rheumatism - Constipation - Skin Eruptions, etc. by simply eating fresh fruit. First, the minute quantity of medicinal principal that you would get by eating a normal amount of fresh fruit would be insufficient to do any real good—second, eating excessive quantities of fruit would upset the stomach, on account of the indigestible pulpy fibre found An Ottawa physician overcame these difficulties when he discovered the principle which brought forth "Fruit-a-tives." "FRUIT A TIVES" are fruit juices—not as they occur in fruit—but with their medicina. activity greatly intensified. After the juices are extracted from the fruit, a chemical change is made to take place in which one atom of the bitter principle in truit is replaced by one of the sweet. Then tonics and antiseptics are added and the whole pressed into tablets. Fruit-a-tives act on the three great eliminating organs—the Bowels, Kidneys and Skin. They arouse the sluggish liver—enable the liver to give up more bile, which regulates the bowels and cures Constipation (or non-action of the bowels) Fruit-a-tives trengthen the kidneys and induce vigorous, healthy skin action.
