The above represents the number of years spent in fruitless efforts to cure a bad case of eczema with ordinary ointments, compared with the time it took Zambuk to effect a complete and permanent cure.

This was the experience of Mr. H. C. Buckley of 41 East Broadway, Portland, Ore. Writing to the Zambuk Co., he says: "For fifteen years I suffered with a bad case of eczema, and used all kinds of so-called 'cures' and treatments, but nothing was capable of curing me until I tried Zambuk. This wonderful balm, however, completely cured me in less than a year, and not only so, but I have had no return of the disease. I strongly recommend Zambuk to anyone afflicted as I was."

This is but one of the hundreds of cases where Zambuk has effected a cure when everything else failed. The reason is easily explained. Zambuk being unusually refined—containing absolutely no animal fats or mineral drugs such as are contained in ordinary ointments—is capable of penetrating to the underlying tissues where skin diseases have their roots. Ordinary ointments, on the contrary, never get beyond the surface skin and are incapable of effecting permanent cures. Zambuk is just as good for salt rheum, ringworm, boils, ulcers, abscesses, blood-poisoning, piles, cuts, burns, scalds and all skin injuries. The Enemy at a Standstill on the West

Has Failed in all His Attacks the Last Week.—Serbians win From the Bulgarians

The War situation on the western front, which a week ago looked very bad for the allies, there being great danger that the enemy would soon break through to Dunkirk and Calais, capturing the remainder of Belgium on his way, now looks very much brighter.

Again, after a week of fierce fighting, there has come a pause in the battle in Flanders, where the ground everywhere is covered with the ghastly bodies of German dead, and the British and French are holding securely to all their positions.

From Saturday until Monday night General von Arnim's forces continued their efforts to break the British lines on the Ypres salient and to press back the British and French from the high ground to the south west, but everywhere their efforts were fruitless. True they once gained their objectives and again captured Loos, but a counter-thrust forced them out again and at last accounts the French were holding the village.

In the hilly region just to the north of Loos the British also pushed back the enemy at several points, notably between Kemmel and La Clytte.

Much of the snap of the German attacking force has been absent from the manoeuvres they have been carrying out in Flanders under the steady line of the Entente troops, which has been visibly apparent since last Sunday.

To the south near Amiens and to the east around Noyon the enemy likewise has failed in all his attempts to push further forward.

The British, east of Villers-Bretonneux, which lies directly east of Amiens, have advanced their front and on the Noyon sector the French re-established their lines which the Germans previously had captured from them.

In Macedonia the Serbians in the region of Monastir again have entered an enemy position and annihilated the garrison. They also have been successful in repulsing an attack by Bulgarians which had as its object the re-capture of positions near Velest, taken by the Serbians week ago.

ODDFELLOWS ASSEMBLY

Vast Issues Depend Upon the Welfare of Our Men!

Cheer Up and Thank God for the Y.M.C.A.

TRY to picture yourself in the muddy cold trenches after exciting days and long nights of mortal danger and intense nervous strain. Rushing "whiz-bangs" and screaming "coal boxes" are no respecters of persons. You are hit! But despite shock and pain you still can face the long weary trudge back to dressing station. Weary, overwrought and depressed, you are prey to wild imaginings of that other coming ordeal with the surgeon. There are other "walking wounded," too! You must wait, wait, wait. And then—

Up comes a cheery Y.M.C.A. man, the ever-present "big brother" to the soldier, with words of manly encouragement. Close beside the dressing station the good generous folks at home have enabled him to set up a canteen. He hands you biscuits, and chocolate or coffee.

Canada-Wide Appeal

"In thousands of cases," writes an officer, "it was that first hot cup of coffee that dragged the man back to life and sanity."

The tremendous helpfulness of the Y.M.C.A. as an aid to the "morale," or fighting spirit, of the soldiers is everywhere praised. No wonder the Germans make every effort to smash the Y.M.C.A. huts out of existence.

The Y.M.C.A. is everywhere. You first met the helpful, manly Y.M.C.A. worker in camp, then on train and boat, at camp in England and in France, close to the firing line. Often he risks his life to reach you in the trenches. He has won the warmest praise from military authorities, statesmen—the King!

Have you a precious boy at the front? You cannot be "over there" to guide him away from fierce temptations of camp and city. You cannot comfort him in his supreme hour of trial. Your parcels to him are necessarily few. But the Y.M.C.A., thank God, is "over there," going where you cannot go—doing the very things you long to do—doing it for you and for him.

Will you help? This vast organization of helpfulness needs at least \$2,250,000 from Canada for 1918. For your boy's sake be GENEROUS!!
