

33

three years ago as they appeared on my skin," writes Mrs. Jeffrey of Methuen, Mass. "In spite of all the remedies I used, it spread to my knee, and developed into an open sore. I had medical treatment for twenty-five years, but only got temporary relief. The pain I suffered was terrible, and for years I was unable to leave the house.

"One day I saw in a newspaper an account of a man who had been cured by Zam-Buk. Although I was skeptical, now, of anything curing me—having tried so many remedies in vain—I decided to give Zam-Buk a trial. I applied the balm freely every day and to my delight the sore soon showed some improvement. Gradually the inflammation was drawn out, the pain was ended, and, after thirty years of suffering, I realized I was on the road to recovery. With perseverance, the awful sore was finally completely healed, and, although that was three years ago, there has not been the slightest trace of the ulcer returning."

Zam-Buk is the best remedy, also, for eczema, boils, pimples, blood-poisoning, piles, burns, scalds and cuts. All dealers, or Zam-Buk Co., Toronto, 50c. box, \$ for \$1.25.

The Enterprise Monarch Steel Range

The Enterprise Monarch Steel Range is a masterpiece of engineering. It is built of heavy steel and is designed to last for many years. It is a perfect example of the quality and durability of the Enterprise Monarch Steel Range.

Sold by leading dealers everywhere and in Newcastles by B. F. MALTBY

The C.N.R. Will Pay The New Wage Increase

It is announced that the Canadian National Railway has agreed to grant to the clerks, freight handlers, express and station employees of their staff the increased wages granted to this class of employees by the United States Labor Board award, allowing back time from May 1. This increase has already been agreed to by the Grand Trunk and the C. P. R., so that all the Canadian railways are now on an equal footing in this respect.

The acting grand president of the Brotherhood of Railway Clerks had an interview with the Minister of Labor in Ottawa last week, and it is understood that details of the award will be completed in time to allow of employees receiving the increase on their cheque for September 30.

Recent Game Law Amendments

There have recently been enacted some important amendments to the new Federal game laws which should be of vital interest to all sportsmen.

Aside from tag limits being fixed, "sink-boxes" or sunken boats being declared illegal and the bore of shot-guns to be not heavier than ten gauge probably the most important new regulations is that which prohibits the killing or attempting to kill any kind of a gamebird after sunset or before sunrise. By gamebird is meant all kinds of game, ducks, brant, snipe, woodcock, plover and all other shore birds.

It will be well also to bear in mind that of the snipe or "shore bird" as called, the only kinds which may be taken legally in season are the following: Greater and lesser yellow-leg black-breasted and golden plover, woodcock and Wilson's snipe. This leaves many species of the "shore birds" prohibited throughout the year.

In New Brunswick no person shall sell, buy, trade or traffic in any migratory gamebird killed or taken during the open seasons as stated in the act.

Ruth Now Holder of World's Record in Hitting Homers

New York, Sept. 5—When Babe Ruth yesterday knocked his forty-eighth home run of the season he broke all known world records for circuit drives in a single season.

Ruth last season broke Buck Freeman's major league record of twenty-five home runs in a season by driving out twenty-seven. This, however, was not a world's record, for Perry Werden, playing with Minneapolis, then in the Western League, made forty-five home runs in 1895.

Werden was a first baseman and the Ruth was unusually large physically. Most of his home runs were made in the Minneapolis park, however, which had very close right and left field fences. He seldom drove the ball over the fence on foreign fields.

In 1901 Catcher Roth, of the Evansville (Central League) Club, made thirty-six home runs.

Ruth this year has made at least one home run in every ball park in the American League, a though he has, of course, made more in New York than in any other city.

Walked The Floor Fighting for Air

Roy Steeves Suffered After Every Meal—Like Old Salf Since Taking Tanlac

"I can swing a hammer as good as ever, for I feel like I have been made over into a new man since I commenced taking Tanlac," was the statement made the other day by Roy Steeves, a well-known blacksmith living at Dover, West County, New Brunswick.

"For four years I suffered from stomach trouble," he explained, "and during the past year I was so bad off I could hardly hold up under the strain. I could not eat a meal without feeling nauseated afterwards, and I bloated up with gas and felt so stuffy and tight across my chest I thought I would suffocate. Often I had to get up in the middle of the night and walk the floor fighting for air. My sleep was restless, and as my work requires a lot of stooping I got so weak and run-down I could hardly get about the shop. I spent loads of money on many different medicines, but none of them did me any good.

"One day I went to the drug store at Hillsborough and asked the druggist if he could recommend anything for stomach trouble, and he said try Tanlac. So I took his advice, got a bottle and commenced to feel better in just a day or so after starting on it, and now all signs of indigestion have left me and I am in better health than I have been in years. My appetite is fine and I am in better health than I have been in years. My appetite is fine and I am in better health than I have been in years. My appetite is fine and I am in better health than I have been in years.

Tanlac is sold in Newcastles by E. J. Morris, in Redbank by Wm. M. Sullivan and in Doaktown by O. Hildebrand.

Douglstown High School Entrance

The following are the names of the pupils of Douglstown Superior School who wrote the High School entrance examinations in June 1927:

Arranged in order of merit out of a possible 1045:

Emmer Hagarty 813; May Stiefle 804; Anna Lloyd 751; Leitha Spurr 727; Laura A'Hearn 719; Muriel Russell 694; Bert Wood 638; Marion Sleeth 615; Edith DeWolfe 627; Everett Spurr 435.

When Baby Is Cross

Mother, when your baby is cross—when he cries a great deal and no amount of attention or petting cheers him—something is the matter. It is not the nature of little ones to be cross and nervous—the well child is a happy child. Give him a dose of Baby's Own Tablets and he will soon be well again. The Tablets are a mild but thorough laxative which regulate the bowels and stomach; banish constipation and indigestion; break up colds and simple fevers and relieve the other minor ills of little ones. Concerning them, Oscar Bedard Ste. Sophie, Que. writes:—"Baby's Own Tablets are an excellent remedy for constipation. They relieved my little one when nothing else would and I can strongly recommend them to all mothers. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

SUNNY CORNER

Sunny Corner, Sept. 5—Mrs. Percy Grenier, Newcastle, spent the weekend with her mother Mrs. Fannie Mullin.

The Misses Gertrude and Francis Sheagreen left for Montreal to resume their studies on the 5th.

Miss Mary B. Nowlan who has been in Nelson for the summer was home on Sunday for the day.

Mrs. Henry Leach and daughter, are visiting relatives in Cassella.

Misses Mary Hogan, Kathleen Mullin and Mr. Cyril Hogan have gone to Chatham to attend the Academy and College.

Miss T. Hyland who has been in Moncton for the past nine months is home for a holiday.

The British coasters are so well supplied with light-houses and light-ships that a vessel, sailing round the islands by night, need only be out of sight of a lighthouse six times.

From 25 letters of silver black lace, Mr. George Calbeck of Summerside, one of the leading lace makers of Prince Edward Island, secured 100 yards of lace. The lace is made by hand and is very attractive on the island.

Chief Inspector W.D. Wilson Intends to Resign

St. John, N. G. Sept. 7—At a meeting of the Temperance Alliance held in Fredericton today, a resolution was passed urging the government of New Brunswick to provide higher salaries for sub-inspectors under the Prohibitory Act, that the job may be made inviting for more desirable men. The alliance failed to settle upon a successor to Chief Inspector Wilson, who will retain the office until such a time as the Temperance Alliance may find a suitable man. The present chief inspector will then become general secretary for the Temperance Alliance in New Brunswick.

Diphtheria From A Sore Finger

Here is a recent happening which the state department of health has found of much scientific and popular interest. Not long ago an epidemic of diphtheria was reported from Williamsburg and the epidemiologist of the department, Dr. Jonathan E. Henry, was sent to investigate.

He examined twenty-one cases of diphtheria and found that twenty of them were of persons who took milk from the same milk route. Then he examined the persons who had to do with the milk, expecting to find demonstration of the source of the infection, but the throat of every person who had anything to do with the milk failed to show any trace of the disease.

Dr. Henry then took a culture of a sore finger of a man who handled the milk. There he discovered the germ of diphtheria. Two guinea pigs were inoculated with diphtheria from the culture taken from the sore finger. One of the pigs was treated with the antidiphtheria serum, the other was not. The latter died of diphtheria.

The demonstration is accepted as complete that the twenty persons with diphtheria in their throats got it from milk infected by the finger of the man who handled the milk.

To Fix Date For Thanksgiving Day

OTTAWA, ONT., Sept. 4—The Government within the next few days, it is expected will fix the date for Thanksgiving which was celebrated last year on Monday, October 13. As it has become the established custom to have Thanksgiving fall upon a Monday, in order that a long week-end may be provided for the convenience of commercial men and others who desire to spend the holiday with their families, it is certain that this practice will not be departed from this year and the Government's choice will lie between Monday, October 11 and Monday, October 15.

MANY CARS IN N. B.

Hon. J. P. Veniot has announced that there are now 11,792 cars owned in the province, and receipts so far from fees amount to \$129,000.

HOTEL BRUNSWICK. LOSS ADJUSTMENT

The loss in the recent fire in the Brunswick Hotel, Moncton, has been adjusted, \$75,000 was allowed on the building and \$28,000 on the contents.

The UNDERWEAR for the Open Air

MEN who like to be out in the brisk out-of-doors even in the severest cold will appreciate ATLANTIC UNDERWEAR. It is so designed that it will not hamper the movements in the slightest degree. The warm, soft, wool yarn from which it is knitted gives an absolute and complete protection from the chilliest weather.

In these respects it is quite unique, and it possesses one unusual quality—it is moderate in price.

ATLANTIC UNDERWEAR is wonderfully durable. Its wearing qualities are such that it has become known as "The Underwear that Overwears."

Sold in five different weights and qualities. Each line is guaranteed to be the best value in its class.

Look for Trademark—It is your guarantee

An Established Reputation

The quality of KING COLE ORANGE PEKOE TEA needs no explanation. Its four years of service to the public has earned for it a reputation of which we are justly proud. From the first we claimed it to be "the extra in choice tea."

Users repeatedly tell us it is all that and more. We shall see to it that it is never any less.
