You must get it at A. D. Farrah & Co's.

Other Sayings will be published later.

Don't Miss Our 28th Anniversary Sale--Now On

JUVENILE THIEVES ARE VERY BUSY

Two burglaries were reported to the police on Sunday morning. Joseph Salome's store was entered by breaking the glass in the front window and a quantity of jewelry and clothing was stolen. Mr. T. W. Crocker's fish freezer was also entered.

Chief of Police J. H. Ashford with Officer Edward Walsh, arrested three children, two of them little girls, aged eight and nine years, and the other a boy aged eleven. The children were all of the one family, and they confessed to the break. The trial was held Monday afternoon and the Police Magistrate reserved decision until Thursday.

A MEAN THIEF

One night last week the home of Mr. Peter Dutcher, near the C. N. R. depot was entered and \$35.00 in cash and Mr. Dutcher's watch was stolen. When entry to the house was made the family were in the yard endeavoring to keep cool during the warm weather which prevailed throughout the night, and while resting the members of the family fell asleep. At the time of the robbery, the corpses of two small children of the family, the death of whom had recently occurred and were awaiting burial, were lying in caskets in the home.

Under the sad circumstances the bereaved family have the heartfelt sympathy of the community. The thieves are being sought but as yet have not been apprehended.

PARTRIDGES ARE VERY PLENTIFUL

Guides, fishermen and others who have occasion to visit the woods these days say that never in the history of the country were partridges so plentiful. The birds have been multiplying rapidly since the shooting of them was prohibited by the government a few years ago, and they are now to be found in places where few were seen a few years ago. The prolonged dry weather this season has been particularly favorable for the broods of young birds and it is said that very few of them have been destroyed.

At the last session of the Legislature in amending the game laws the ban was not lifted from partridge, but the governor in council was authorized to establish a short open season on the recommendation of the Minister of Lands and Mines. While the matter has not yet been definitely decided it will probably be during the month of October or part of that month. The season will no doubt be short and the bag will be limited to a few birds a day.

The partridge is not only the finest game bird in the province but it is the only one which does not migrate to a warmer climate. All sportsmen and lovers of nature will be glad to learn that the experiment of establishing a close season has worked out so satisfactorily.

ASSISTANCE SENT TO ROGERSVILLE FROM MONCTON

The danger that the forest fires raging in the vicinity of Rogersville Friday night might wipe out the town was responsible for the sending of assistance from Moncton to the scene of the conflagration. A special train consisting of a locomotive and two cars left about 4.50 o'clock conveying a party of men in charge of Asst. Deputy Fire Chief Hope. A steamer and hose cart were also taken along.

There were many stories to the effect that the buildings in Rogersville had been burned but this was proven false. There was however, momentarily danger that the station house and other buildings might fall a prey to the flames.

PRESENTATIONS TO MR. AND MRS. D. W. STOTHART

An enjoyable social evening was spent last Friday evening in St. James' Hall, when the Session, Board of Trustees, Choir and members of the Congregation of St. James' Presbyterian Church gathered together to bid farewell to Mr. and Mrs. D. W. Stothart and family, who leave on Tuesday for St. Catharines, Ontario, where in future they will make their home. Mr. Stothart was a member of the Session and Board of Trustees of St. James' Church for a great number of years and always took an active and deep interest in the welfare of the church. Mrs. Stothart was a member of the Choir of long standing, and gave her talent as well as constant and faithful service. The Church feels keenly the loss of Mr. and Mrs. Stothart, and wish them success and happiness in their new home.

Rev. L. H. MacLean made a few appropriate remarks, in which the guests were eulogized, at the close of which he read the following address, and the presentation was made by William Ferguson, Secretary of the Board of Trustees.

Mr. and Mrs. D. W. Stothart and family.

On the eve of your departure from our midst for your new home in St. Catharines, Ont., we, the Members of Session and Board of Trustees of St. James' Presbyterian Church, Newcastle, N. B., would desire to record our sense of loss, your going away means to our town a Church.

You, Mr. Stothart, has given yourself an efficient citizen and business man in our community; in Session and Board of Trustees of Church found in you a courteous, clear-headed and Christian gentleman. The Choir will miss you, Mrs. Stothart, to which you have given very constant and faithful service, and the departure of your family will be a decided loss to our Sabbath School, as well as our town in general. Hence, in leaving us, be assured that our very best wishes accompany you; that your future may be happier and more prosperous than ever your past has been; that you and your family may have the guidance and protection of Him who always leads to the highest and abiding success.

As a small token of our esteem and goodwill, we kindly ask you to accept this tea-set as a memento from your friends and co-workers in St. James' Church. Signed in behalf of Session and Board of Trustees.

L. H. MACLEAN, Moderator of Session.
W. M. FERGUSON, Sec'y to Board of Trustees, Newcastle, N. B. July 8, 1921

The beautiful tea-service, presented bore the following inscription.

Presented to Mr. and Mrs. D. W. Stothart, and family by the Session and Board of Trustees of St. James' Presbyterian Church, Newcastle, N. B. July 8th 1921.

On behalf of the Choir Miss Janet Stymiest read an appropriate address and Miss Minnie Stothart, presented Mrs. Stothart with a beautiful initialled suit case umbrella.

Both Mr. and Mrs. Stothart replied feelingly, expressing their regrets in leaving Newcastle and the Church, but assuring all that they would always remember with gratitude the kindness extended them, and the many happy incidents which they had enjoyed while members of St. James' Church. Ice cream and Cake were then served by the ladies, after which a social hour was spent in conversation.

The pleasant evening was concluded at 10 o'clock, when all joined hands singing "Auld Lang Syne" and those present shook hands with Mr. and Mrs. Stothart, wishing them success and happiness.

ECZEMA You are not a sufferer from this skin disease when you use Dr. Chase's Ointment for Eczema and Skin Irritations. It relieves at once and gradually heals the skin. Sample box Dr. Chase's Ointment free if you mention this paper and send 2c. stamp for postage. See a box; all dealers or Edmanson, Bates & Co., Limited, Toronto.

FATAL DROWNING AT NAPPAN

A very sad drowning accident occurred at Nappan on Friday evening when Miss Mildred Gillis, the seventeen-year-old daughter of John M. Gillis, was drowned. She with her sister and two daughters of Charles Bremner were in bathing. They first overturned a flat-bottomed boat for convenience in climbing up on it. After they had bathed for a while they attempted to recross the river on the overturned boat.

The Nappan river is only a narrow stream at this point and when part way over the girls lost their balance and righted the boat, plunging all four into the river. Three of the girls were able to find bottom and wade ashore, but Miss Mildred Gillis was thrown into deep water and was drowned before assistance arrived. The body was recovered a short time afterward by the grief-stricken father.

STOREHOUSE AT CHATHAM BURNS

The large three-story wholesale warehouse on the Ritchie Wharf belonging to W. S. Loggie Co., Ltd., was badly damaged by fire Thursday afternoon and its valuable and varied contents of foodstuffs, flour, feed, furniture, fishing supplies and building materials considerably damaged by fire and water. The fire started in an old one-story warehouse, known as the salt shed, a short distance to the west of the big warehouse and was first seen by the crew of a tug lying at a nearby wharf who gave the first alarm by tooting the whistle. By the time the general alarm was given the smaller building was a mass of flames and the fire had spread to the upper story of the big warehouse.

Saved the Gasoline

A large number of gasoline barrels stored on the wharf near the warehouse were promptly removed to safety by willing hands. The local fire department soon had several streams playing on the blaze and assisted by a large number of volunteers fought gallantly to prevent the fire spreading. In a short time Chief W. A. Skidd had eleven streams of hose playing on the conflagration, seven from hydrants, two from steam fire engine that was placed on the Government wharf and two from the Miramichi Lumber Company's tug Sarcelle, which had been sent to the scene to render assistance. The fire was confined to the third story, the contents of which were practically destroyed.

Shortly after the fire was discovered a gasoline drum exploded. The explosion shook the buildings around and broke the door and windows of the main warehouse, close by. When the explosion occurred the drum was blown into the air with great force and broke the main boom of a schooner which was lying at the wharf. The fire then spread to the main warehouse and in a few minutes this was a mass of flames.

DEPARTMENT OF MINES GEOLOGICAL SURVEY

A short statement by W. A. Bell on the result of his work on the Carboniferous strata of the Sydney district is given in the Summary Report of the Geological Survey, 1920, Part E. E. R. Faribault also contributes notes on the structural conditions and age relations of the Gold-bearing series and later Palaeozoic formations in Kings and Annapolis counties, Nova Scotia; and the known facts bearing on the ever-recurring problem of coal in Gloucester county, N. B., are assembled by G. A. Young. A copy of this report can be had by applying to the Director, Geological Survey, Ottawa.
