O. CURREY, recent struggle would be immune M. O. H. 招 # 14 from hostilities in the future. Every conceivable provision has been made LIFT OFF CORNS: in Canada Men write to the Governin the League and in the Treaty for ment proposing a standing army of the maintenance of peace. And yet how 100,000 men, apparently not to cope unstable sometimes are the founda-Apply few drops then lift sore, tions on which we build? The Treaty which Germany, along with other touchy corns off with countries, signed some years ago, for the protection of Belgium was thrust fingers it is a fatal error to force as a remaside as a scrap of paper when the dy for causes of discontent. Anyone who has a remedy or thinks he has a

lists of war and conquest seized the soul of the Hun. During the conflict all the established principles of right and justice have been traduced by the very power which is today so reluctantly affixing its signature to the latest document.

This fact, coupled with the knowledge that the temperment of the German race is sullen and determined. that the Treaty is being signed under protest, and that the will of many of the German rulers is for revenge, leads to the conclusion that the now smouldering fire will break out again

It will no doubt take many years for Doesn't hurt a bit ! Drop a little the shattened power and the broken reezone on an aching corn, instantly morale of Germany to recover themlift it right out. Yes, magic ! selves, but we believe that even the ink which tuns from the pen that the A tiny bottle of Freezone costs but Hun envoys use today to affix their signatures will be poisoned with ven- sufficient to remove every hard corn, and treachery. Behind an official soft corn, or corn between the toes,

act which he is obliged to carry out and the calluses, without soreness o under force is a stubborn resolve to strike another blow just as soon as the time becomes opportune. That wood of a Cincinnati genius. It is e may not be for many years, but wonderful.

and economic system. They are like those who a hundred years ago agitated for the widening of the franchise and the abolition of rotten boroughs.

But here and in the United States there is a condency to confuse the reformers with the revolutionaries, just as there was in England a century ago. In Great Britain it was said that the constitution was perfect, and that nobody who proposed to change it was The Best Fruit an enemy. In the United States there is, among certain classes, a similar unthinking worship of the present economic system. The remedy for discontent. it is held, is suppression. All bought direct from the factory new ideas are regarded with suspicion

Zealous reactionaries print lists of 10c. Doz., 3 Doz. 25c. dangerous versons, in which original thinkers are classed with bomb throw ers. Independent thinking is treated as a dangerous explosive. The thinker may be innocent of evil intent, some one says, but let a man think freely and goodness knows where it will end.

There is some, perhaps not so much of the same timid, reactionary spirit

Grand Army of Canada Meeting

A special gathering will be held TO-NIGHT in the G. A. C. Club Rooms, over Barber's Book Binding Office, Ontario street, for purpose of discussing important questions relative to the returned soldier and sailor. The meeting will be conducted by the Dominion Organizer, W. J. Carmichael, Toronto. A cordial invitation is extended to all men and women who have an honorable discharge from the Army and Navy. Starts at 8 p. m. sharp.

EVERYBODY COME !

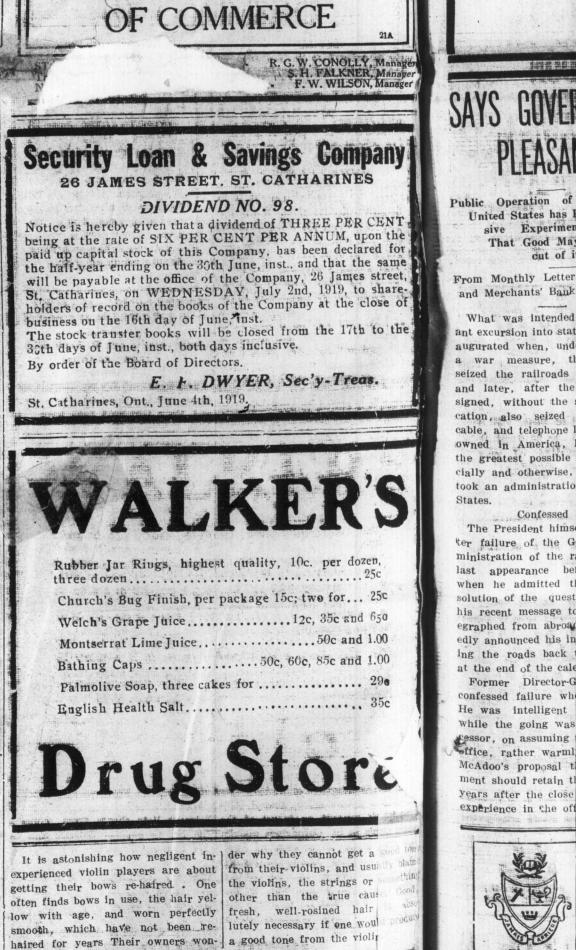

(1) A Soldier and His Family on a C. P. R. Colony Farm. (2) A Soldier Seeding the Soil. (3) A Typical Colony Farmstead.
