THE ladies of St. Joseph's Convent will hold a New Year Festival, in the Convent Hall, on Tuesday and Wednesday, Jan. 9th and 10th. The entertainments gotten up by these ladies are famous for their excellence from every point of view. This time they intend to surpass all former efforts and will have arrangements completed to excite anything in the line previously attempted. We have been requested to state that the officers of St. Joseph's Sodality, will be thankful to the members of the society, out of town, who will in any manner contribute to the success of the Festival.

MONDAY evening December 11th., Messrs. Wesley Cameron and John Cameron, Jr., commenced for their home, Cameron's Corner, near Wellington. They were under the influence of liquor. After arriving at Goodwin's Corner, Cameron started to walk to his house, about half a mile further on, and fell somewhere along the road, and was not found until next day, Tuesday, about 10 or 11 o'clock, after stopping in the snow for nine or ten hours. He is a son of Philip Cameron, and is 26 years of age. He may loose one foot, and the toe of the other, as well as one hand.—Guardian

IN the latter part of last August a suit was entered David W. Armstrong, of Rockville, Mass., advertised in the Mormon Times for a wife, stating that he was desirous of getting a New Brunswick lady. A young lady named Hawkes, of Hillsboro, Co., answered the ad. and immediately a courtship began between the two. Photos were exchanged and matters apparently satisfactorily arranged, the two became engaged and the wedding was set for thanksgiving day. The prospective bride made every arrangement for her marriage, but at the last moment the unknown would be husband failed to come on. He wrote, however, explaining his absence and fixed another day but again failed to come to time and the engagement is now considered at an end, as the Massachusetts man has not been heard of recently. The young lady is about 20 years of age and rather prepossessing.

SOME of the extreme temperance people of New Glasgow, N. S. secured the services of two American detectives to obtain evidence of liquor selling against some Nova Scotia hotels. The spotters obtained evidence of fifty cases against the Vendome and Norfolk hotels, New Glasgow; the Riverside Pictou; and the Dufferin and Westville hotels; also the Stanley and Highland hotels at Truro. A few minutes before the spotters were to give evidence in these cases the liquor men had them arrested on charge of conspiracy. Bail was refused Wednesday the spotters came before Judge Townshend, at Halifax on writ of habeas corpus. The judge now very reprimanded the conduct of the liquor men in having the spotters arrested, and the conduct of the magistrate who refused to accept bail, thereby preventing the prisoners giving evidence in case a new trial in which they were the principal witnesses. The judge ordered the discharge of the men and expressed the opinion that the policeman who arrested them should be indicted.

### This is Declaration Day.

QUITE a number of vessels are frozen in at this port.

TICKETS for admission to the Service in St. Dunstan's Cathedral on Christmas Eve, in aid of the new Cathedral, can be procured at J. B. Macdonald & Co's., and at Watson's and Reddin's Drug Stores.

On Tuesday McIntyre again appeared before the court when a number of witnesses were examined. The Magistrate decided to postpone the trial till McKinnon's evidence can be taken. Accordingly the case was adjourned till Tuesday next when, it is thought, McKinnon will be able to testify.

MIDNIGHT mass will be celebrated in the Cathedral, here, on Christmas. It will be a Pontifical High Mass. The choir have secured special music for the occasion and will render it in grand style. Admission to the church will be by ticket for which a uniform price of twenty-five cents will be charged.

THE schooner Laurier was towed out of Pictou harbor Sunday morning by the Henry Atkins. The tug left the vessel somewhere about the bell buoy, where there was clear water. The schooner started on her course but had not proceeded far when she was jammed in by the ice. At latest accounts she was stuck fast off Point Prim.

CAPT. McMillan's steamer "Elliott" left here Tuesday evening but only got as far as the Three Tides where she stuck. Next morning she followed in the Stanley track but again stuck somewhere outside of the Block House. Saturday she was more successful, for she followed the Stanley all right and got into Georgetown where she will complete her cargo.

A WOMAN named Mrs. Brown, a sister-in-law to Charles McGregor, Esq., St. Peters Road, has been missing since some time Sunday night. She left McGregor's place then, very thinly clad and since that time no trace of her has been found. She was of a melancholy disposition. Search parties have been organized and they are doing their utmost to discover her whereabouts.

TO-NIGHT and to-morrow night, lovers of music will have an opportunity of hearing in the Lyceum the world known musician, Mde. Rosa d'Erina, the *prima donna* of Ireland. She will render some of the best productions of the great masters. In her entertainment she will be assisted by Professor Vontom, who is also a famous tenor singer and humorist. The madam has been the recipient of the highest praise from musical critics and the press wherever she has performed. As it is not often that we have such excellent talent in our midst, no one should miss this opportunity of hearing one of the greatest performers of the age.

ST. VINCENT de Paul Society held its annual public meeting in the Cathedral on Sunday evening. There was a fair attendance. The secretary and treasurer read their reports for the past year from which it appears that during that time 147 loads of coal and a large quantity of clothing, flour, etc., were distributed. The meeting was addressed by His Lordship, Bishop Macdonald, Revd. A. McAulay and Senator Macdonald. A collection was taken up which realized eighteen dollars. The election of officers was held and resulted as follows:—

Spiritual Director—Rev. D. B. Reid.
President—John Caven.
Vice-President—P. McCarey.
Treasurer—A. A. Macdonald.
Secretary—A. E. McEachen.
Ass't Secretary—Frank Trainor.
Wardrobe Keeper—P. McCarey.

### Sporting Notes.

James Stanbury will again visit this country next season. He will first visit England.

Joseph F Donoghue, the skater, is ready to accept any challenge for skating that may be tendered him. "Joe" intends to meet all comers this winter. He was never in better condition.

At San Francisco, Monday, Wilbur J. Edwards broke the world's bicycle record for an eighth of a mile, making the distance in 16 3-5 seconds. The best previous record was 16 4-5 seconds made by J. S. Bliss at Nashville last month.

Hugh J. McCormick and Wilson Bros have been matched to skate a series of three races for $50 a side each race. The first race, three miles, will be skated on the 28th inst; the second, two miles, on January 3rd; and the third later on.

Sidney Thomas, the English amateur five-mile record holder, and C. Pearce, a noted distance runner, ran a 5-mile race recently at Northampton, England, in the presence of 5,000 spectators. Scarcely two yards separated the two runners for four miles. Both spurted in the last mile, and Pearce won by 15 yards in 25 minutes 21⅘ seconds.

Nancy Hanks, the queen of trotters, and perhaps the grandest mare that ever raced in harness, has been retired. She is now at the farm of her owner J. Malcolm Forbes, and will in all probability be bred to his young stallion Arion. Nancy Hanks has had a meteoric career. As a three-year-old she first claimed the attention of horsemen by trotting a mile in 2.24. As a four year-old she reduced this to 2.14¾, as a five-year-old to 2.09 and in her six-year old career won the world's championship by trotting in 2.04.

The "big-three" billiard tourney between Schaefer, Ives and Slosson, the greatest billiard experts living, ended at New York Saturday night. The tournament lasted six nights, the games being 600 points each. A sweepstake of $1,500 and a percentage of the gate receipts was the stake. 50 per cent. went to the winner, 30 to the second and 20 to the third. Monday night Ives beat Slosson 600 to 500. On Tuesday Slosson beat Schaefer 600 to 541. Wednesday Schaefer beat Ives 600 to 347. Thursday Ives beat Slosson 600 to 478. Friday Schaefer won from Slosson 600 to 394, the former making one run of 203. Saturday Schaefer won from Ives 600 to 30, making the phenomenal run of 556, and establishing a world's record at 14-inch balk line billiards.

OTTAWA, Dec. 24—Flemming & Ferguson Paisley, Scotland, has been awarded the contract to build a new steamer for the new lighthouse and fishery protection service on the Atlantic waters of Canada. This firm built a splendid steel steamer for the Dominion government, the Quadra which is now doing service on the Pacific coast.

MONTREAL, December 16.—The enquiry into the case against Mercier, Pelland and DeMartigny, charged with conspiring to blow up the Nelson monument, was continued this morning. The chemist, Mr. Phister, presented his report on the analysis of the primer and cap attached to the dynamite cartridge found in possession of the accused. The cap contained fulminate of mercury sufficient to explode the cartridge. This closed the preliminary evidence for the prosecution. The accused pleaded not guilty. An adjournment was then made until January 16th.

Henry Morgan, head of the largest dry goods house in Canada, is dead, aged 74 years. Deceased had been in business in Montreal for half a century and was well known not only throughout America but across the water. His establishment was undoubtedly the largest and finest in Canada. The business will be carried on by the nephews of deceased.

### Shorn of His Fortune.

C. W. Williams, the noted horseman, of Independence, Ia., has notified R. Campbell, who holds a mortgage on his property, except his horses, for $100,000, that he (Campbell) could have the property which includes the Rush Park race track, the Opera House, the electric street railway and Williams' residence. This leaves Williams practically shorn of his fortune, although he will still own Allerton and a number of good colts and mares.

Williams constructed last year an electric street car line, a big hotel and opera house and got heavy in debt. His races lost him money, and Allerton went lame early in the season. Williams got his start by selling Axtel for $105,000, and made a quarter of a million in the horse business in two or three years.

### About People Here and Everywhere

Nathan Matthews, jr., (democrat) has been elected Mayor of Boston.

Senator Howlan and wife left Saturday morning for Kingston, Ont., where they will remain until the opening of Parliament.

Mr. Dennis McCarthy, the popular first officer of the Northumberland, left Saturday for Boston where he will remain during the winter with his family.

Rev. Michael Tierney, pastor of St. Mary's Catholic Church, New Britain, Conn., has been appointed bishop of the Hartford, Conn., diocese, to succeed Bishop McMahon, deceased.

Hon. C. F. Fraser, Catholic representative in the Mowat Government is, it is stated, to retire owing to ill health, and will be succeded by Mr. Hartey, M. P. P. for Kingston.

Mr James C. McEachen has been elected Chief of the New York Caledonian Club by acclamation. This is Mr. McEachen's third term as Chief of the Club. This speaks volumes for the popularity of our general young townsman.

The Duke of Saxe-CoburgGotha has resolved to surrender the allowance of £25,000 a year which he receives as Duke of Edinburgh from the British Parliament. The Duke of Cumberland retained his allowance when he succeded to the Hanover throne.

Mr. VanHorne, President of the C. P. R., has been appointed director of the Equitable Insurance Company, New York. This, it is understood, is the first instance of a Canadian being appointed to such a position in this great corporation, the largest of its kind in the world.

### Mystic Influence of a Late Cow.

THE ETRURIA, THE NEW YORK, AND A TANK STEAMSHIP ALL COME WITHIN ITS SPHERE

NEW YORK, Dec. 11.—The Cunard line steamship Etruria passed the carcass of a cow in midocean on Tuesday last, and the shellbacks aboard shook their heads and said there was trouble in store for the ship. A dead cow, according to sailormen with faith in the superstitions of the sea, is an omen of evil. The very next day the eccentric of the Etruria's engine became deranged, and the ship lay to 10½ hours making repairs. That is why she arrived over half a day late yesterday morning.

Eight hours before the accident to the eccentric the tank steamship Burgermeister, Petersen, bound for this port, with her rudder and rudder post gone. She was making a jury rudder, and signalled that she needed no assistance, but would like to be reported. She also, in the opinion of the Etruria's veterans must have passed the dead cow.

The New York, which had trouble with the eccentric of her port engine in about the same place where the Etruria was disabled, but did not report the cow.

### The Britannia Disabled.

BELIEVED TO HAVE BEEN DAMAGED BY AN EMISSARY OF MELLO.

The Brazilian cruiser America, (formerly the Britannia), which sailed from New York for Rio Janeiro on the night of Nov 26 for the purpose of fighting the rebel Admiral Mello's warship, is lying at Bridgton, Barbados, so seriously disabled by the act of an unknown traitor among her crew that she will probably be unable to continue her voyage for several weeks. One of her valves was broken.

The Brazilian Legation here fears that the accident to the cruiser America is serious, and that she will be greatly delayed in reaching some port in northern Brazil. Minister Mendonca has received information that the accident to her machinery will keep the cruiser at some port in the West Indies fourteen days, while repairs are being affected. He has received nothing to indicate whether it was due to an explosion on board or to the work of some seminary of Mello, smuggled on the vessel and bribed to wreck the ship if possible. The latter theory he believes most plausible and if it turns out to be true, the Minister says he knows who are the instigators in this country. The message which came to him indicated that several of the crew had been wounded, and possibly some killed, and that her commander, Capt. Crossman, was among the injured. The cruiser will remain in port until her engines are repaired, and the vessel is in good fighting condition again. Instructions have been sent to the agent of the Brazilian Government in New York, to secure, if possible, all details of the accident and the extent of the damage. The Pirater, which sailed from New York, has orders to join the America and accompany her to Brazil.

The Herald's special from Rio Janeiro says the rebel warships Aquidiban and Republica are both anchored at Ilha Grande, the quarantine station, not far from Rio Janeiro. The former, which is Mello's flagship, is undergoing repairs for injuries she suffered while running the gauntlet of the loyal forts at the entrance of Rio harbor the other day. The position she now occupies out of the range of Peixoto's guns is much more favorable for this purpose than when she lay in the bay. It is presumed also that these two formidable men-of-war have decided to meet the expected vessels of Peixoto's newly purchased fleet in that neighborhood. President Peixoto has imprisoned Baron de Santatecla and his men and will hold them as hostages for the lives of prisoners now in the hands of federals.

BRIDGEVILLE, December 16.—A strange change of feeling has come over the people here, in regard to the innocence of Charles Lockey, who suffered the extreme penalty of the law on Thursday last. Many persons are now firm in the belief that Radcliffe hung an innocent man. "No man ever swore before the hempen cord" said Radcliff, and I have always noticed in my experience that the sight of rope makes the best of them wince; even Birchall was no exception. He betrayed his guilt, but Lockey, why he was just as resolute and resigned and realized his fate like an innocent man naturally would.

### MARRIED.

An old Hebrew miser died the other day in squalor at Indianapolis. In his quarters were found bags of gold amounting to $94,000. His will left some charitable bequests, but the bulk goes to his widow.

Admiral Horaby, first aide-de-camp to the queen, in an interview published in the Graphic says: "Great Britain could not hold the Mediterranean with its present fleet. The French have a better strategic position in the Mediterrean, and in the event of war the British are bound to be beaten unless their naval force is much stronger than the French force." The Graphic gives the opinion of another admiralty officer, who says Great Britain must be strong in iron clads, and twice as strong in cruisers as any two or three powers in the Mediterranean. The personel of the navy must also be increased from 70,000 to 90,000 officers and men. The Mediterranean fleet must be reinforced to make it equal to the combined French and Russian fleets. It is estimated that the cost of building the required number of war vessels will be $137,000,000.

DECEMBER.

J. B. MACDONALD & CO.

This month we must clear out the balance of our OVERCOATS AND REEFERS, for Men and Boys. We have a choice lot that we bought at a great bargain, that we will let go at ridiculously low prices. Don't you fail to see before buying elsewhere, and save your dollars.

We would ask special attention of anyone who purposes buying a Fur Coat or Sleigh Robe. There is no doubt we have real plums in this line.

Ladies should see our Astrackan Jackets—correct styles and cheap prices.

In our Boot and Shoe Store, adjoining our Dry Goods Store, will be found cheapest and best in Charlottetown.
