OF THE

COUNTY OF BRUCE

Directory for 1876.

Crabbe & Brownell, (Proprietors of the REPORTER), Publishers.

The labor and expense attendant upon the preparation of a work professing to be a Directory of the County are of so serious a nature that the Publishers almost shrink from assuming the responsibility, but being confident there are many besides ourselves who, having experienced the want of such a work, will assist us in furnishing the desired information, we have determined to issue, at an early date, a work which shall prove alike useful to the residents of the county and creditable to the Press. It may be remarked that the title of the Book conveys but an inadequate impression of the information which will be found in its pages. It will be our aim to have the work contain a much larger fund of useful matter than its name imports—a Directory for the man of business and a Guide Book for the man of leisure, an Index and Instructor for the immigrant and settler, a Gazetteer for the student and a statistical chronicle of the progress of the County in all departments of enterprise.

Our Agents are now at work,

and no pains or expenses will be spared to make the work accurate, and to push it rapidly through to completion.

As an Advertising Medium,

we recommend it to the careful consideration of all, and trust our Agents may receive the support of every one who wishes to advance the interest of not only themselves but those of the county.

DIRECTORY

FOR THE

COUNTY OF HURON,

For 1876.

J. C. CURRIE, Goderich, Publisher.

I have undertaken the work of preparing and publishing a complete and authentic, as possible, directory of the County of Huron, with a complete index to its inhabitants its business and the extent thereof, its progress, its wealth, and its general features of interest. Such a work has been greatly needed in this County for some time past, there having been no directory issued within the past seven years, and a revised work to be in keeping with the advanced condition of the County will be of great value. The work will be issued as quickly as possible, and my Agents are already at work, procuring necessary information; and no pains will be spared to make it as accurate and complete as can be desired.

As an ADVERTISING Medium it will be possessed of many and excellent advantages, of which no doubt business men will readily avail themselves. The space will be limited, and those wishing to take space should consult the following rates, and send in orders as soon as possible.

Long Credits.

After many years experience, I have come to the conclusion, that the Long Credit System now in use is a great moral evil, and have determined that from the 1st January, 1876, I will discontinue all long credits and sell only for cash or short date accounts.

I consider the present season a favorable one for making this desirable change; as we are now reaping the benefits of a bountiful harvest and fair prices, farmers and others should now be able to pay up all old accounts and buy in future for cash only.

Not wishing to take undue advantage of any who are now running long accounts with me, I deem it necessary to give this timely notice, so that none might consider themselves harshly dealt with.

I would also take this opportunity of notifying all those indebted to me that all book accounts of long standing remaining unsettled after the 15th January, 1876 will be placed in the hands of a Solicitor for collection.

I also beg leave to say that my present general stock is now full and complete, comprising every thing usually kept in a general store, intending purchasers would do well to give me a call before purchasing elsewhere.

I now return my sincere thanks to the general public for the very liberal patronage tendered me, and I trust by strict attention to business, fair dealing and low prices, to merit a continuance in the future of those favors so liberally bestowed on me in the past.
