The Western members on the subject of protection. If this were done, discord would be let loose and a veritable pandemonium would result.

That was why Mr. Borden prepared his own policy, and worded it in such terms that every body could find in it whatever suited his own passions, prejudices and convictions. The lead-touching on the Openec bridge dis—

Touching on the Section was the financy and werth and his follows aid the great question was the financy and the great quest Quebec Bridge Disaster.

Touching on the Quebec bridge disaster, Mr. Borden declared the government was doubly responsible under the legislation of 1903. The plans were to be approved by the governor in council, and payments made under guaranteed bonds on the production of the estimates on certificates of a government engineer. The government and power that \$1.400,000 worth of debendures had been sold. Part of this was to cover work of 1906 which the council speakers had taken up all the planks of his platform as put in effect by when money was plenty and the banks were free to loan money. It was therefore unfair to blame the council before. If the ratepayers felt he was therefore unfair to blame the council of this year for big expenditures, and takey 101,000 worth of debendures had been sold. Part of this was to cover work of 1906 which the council before it when money was plenty and the banks were free to loan money. It was therefore unfair to blame the council dentified to their confidence on his past therefore unfair to blame the council he asked for the had opposed some of these expenditures on Monday.

Mr. Calhoun.

J. C. Calhoun said the previous speakers had taken up all the planks of his platform as put in effect by when money was plenty and the banks were free to loan money. It was therefore unfair to blame the council before. If the ratepayers felt he was therefore unfair to blame the council he asked for the had opposed some of these expenditures and taken up all the planks of his platform as put in effect by when money was plenty and the banks were free to loan money. It was therefore unfair to blame the council before. If the ratepayers felt he was therefore unfair to blame the council before. If the ratepayers felt he was therefore unfair to blame the council before. If the ratepayers felt he was therefore unfair to blame the council before. If the ratepayers felt he was therefore unfair to blame the council before of his plant to cover work of 1906 which the council before the form of the plant

Some Incidents

Howard Angus Ker through the Riel rel war correspondent Witness, and this ye the Canadian West spondent of The Lor brought out a book, the New Canadians," to), in which he wr of the West, contras as he found it in the bellion with its presen The book will, no d read both here and i Mr. Kennedy was pre gagement of Cut Knif year he revisited the little and rather unsat and compared notes person than Piacutch was an active enemy In 1885 Kennedy was which set out from S the relief of Battlefo ured by Poundmaker Indians moved off ing blows, and 300 men them to teach Pound The thing did not come police and militia . Poundmaker's warrior Creek, in the early mor a six hours' engageme and returned to Battle and a quarter marchi miles and spending siz

It will be remember expedition, as in the Middleton at Batche, t unnecessarily nervous untried volunteers tak sive. At Batoche the ters into their own ha carried all before then Describing the affair Creek, the author says unteers, whatever they action to be as cool as of nerve, that is, for down upon them with might. And there we done among them that positive as well as neg Let me only instance the Battleford Home been trying to clear from the creek bed in cut off by a bunch their only way of escap ing and climbing a earthen cut-bank. T Own, theological studen to, named Atcheson had themselves got their company, caught Battleford men from bank and recognized

Bravery of Archdea Atcheson stretched edge and hauled up the foot of the cut-be took aim in turn at eve rose to fire at the res but dared not let fly, one cartridge left. S Indian fire that every or Battleford men was sh as he reached the tor One of them got a sec him while Atcheson was back, and they rolled Atcheson was picking again when a half-bree out of the gully and le ket at the rescuer's back his last cartridge and the half breed, whose down with it half a who were scrambling A moment, after a Lloyd's side, took off bra, and stretched hi the turf. Atcheson, a tion gone, sprang to L and stood over him with but neither of them we another minute if a ha comrades had not come of time and driven of

It is that same Lloydeacon of Saskatchew well known and gratefu ed in England for efforts to supply the of the new settlers, ar is immortalized by the minster.

Grave as the situation its moments of humor. ped open Major Short was directing the ar officer he was, and lo wards fighting fire i was a new cap, too remark as he mournfull remains.

Discovered Himse Another bullet scrape Sergeant McKell's ten good Irishman gone! ell-to pick himself on discovering that he "What on earth are that red toque for?" as he met one of the at the end of the fight was a half-breed with and I've been firing morning."

The guns were the gri of all: The Gatling spay with a vast quantity noise that gave the Ind scare at first; but they to that. A Gatling ma well when your enemyof you in a crowd; but Indians' way. They had respect for the seven-po was more than the gu the wooden trails wer gave way under the rec of the guns fell to th each shot and the c tied to its carriage wi

Cut Knife Cre Just now, however, ( nedy in his book tell the scene this year) force was less in th to day than in the batt years ago-and there
